

Gettysburg Oct. 5th 1865.

Maj. Gen. O. O. Howard,

My dear Sir,

Your favor was received some time since, and I would have acknowledged your kindness, in the use of your name, but have been very much occupied, and desired to see a little how the affair would succeed. Not wishing to obtrude your name in any doubtful way before the public, I have in a quiet and rather private way made some efforts among my friends. The measure I have found commend itself to all - not an objection having been made by any one, even where they could not join. In a very short time, and without any public appeal, I have secured a considerable part of the amount needed, and entertain no doubt of entire success. Indeed it is now considered by us as a fixed fact that there will be in this Seminary, "The Gen. Howard Professorship of History." Almost daily I have occasion to point out the field, where you acted a prominent part in the most memorable

battle in the world's history: and now I am glad that
your name is to be linked with this place, as the
Christian Soldier.

- My object in troubling you again is twofold -
- 1st To acknowledge your and report any encouraging
progress in our design - progress that authorizes me
to say it will be at a comparatively early day be
completed.
 - 2^d To enquire whether it would be dictatorial to your
feeling, or against your judgment, when I shall
have done a little more in a private way, to publish
a card in the papers, inviting any and all who
may desire to contribute to this object? I do not
deem this absolutely necessary, but it might give
some an opportunity, who would really desire it,
and not otherwise enjoy the privilege; and it might
aid our design, by giving proper publicity to the
deed - a public monument. Still I am disposed
to be influenced very much by a regard to your
feeling and wishes in this matter. If it meets your
view and feeling I may, after a little more personal
effort, extend such a general invitation to Christians

patents.

199

I will be glad to hear from you at your convenience, on the points mentioned, and also to receive any suggestions or advice you may have to offer.

I am very respectfully Yours

General,

I have taken the liberty to write a short sketch of your military life, which you will find in the Magⁿ herewith enclosed.

Having served on the Staff of Gen Leary from the time he first took command of a Divⁿ (soon after Antietam) down to the close of the war, I had opportunity for being personally familiar with your Career as a Military Commander during that period, as well as obtaining some knowledge of your private life, from those who were near you,

I trust you will pardon any slight inaccuracies of fact, or dates, that you may discover.

The most of the latter were kindly furnished me by Col Ballock, formerly of the 20th Corps

Major Gen: O. O. Howard,

Dear Sir:

While absent from my home in Boston, I have seen in a recent number of the Commonwealth, an article which states that "Gen. Saxton has lost one of his best officers, (Gen. Will,) who has been relieved by Gen. Grant: and gives as a reason for this, the greater partiality of Gen. W. for negroes, & earnestness to secure for them their personal rights, than for rebel white men, within his district.

I beg to say to you that Gen. W. is my son in law & since he ^{has} in all hands been acknowledged to be a self sacrificing & faithful officer during the war, and cannot probably

be charged with any higher offense
than that of sympathizing with the
oppressed. I have strong hopes
that through your influence he
may have the same justice
noted out to him as the
hands of the Government, as has
been recently accorded to
Maj Gen, Palmer who stood
accused of similar partiality
for the negro, & aversion to the
free men.

And he I see it is noticed
was called to Washington to
state his own case, & on a hearing
of the same was fully justified
& acquitted by the Government.

If you can procure it for
him, I pray you to give Gen
Widd a like opportunity, & I feel
certain you will rejoice in the
result of so doing.

With a deep & lively interest
in the good work in which
you are engaged & the highest
respect & consideration for
yourself, I seek for you & for
your Bureau, the continued
favor & blessing of Almighty
God

Very truly yrs,

To Major General G. Howard,
Dear Friend

A sense of the good to the cause of the Freedmen which may result from thy presence at the meeting in Philadelphia here, on the evening of the 11th. inst. induces me to add a word to the invitations of the Committee. Our whole Community almost has shown much apathy about the cause of late, the excitement of the election will be over, and the fact of the meeting not being till after the election, will stir up fall suspicion of political character, and leave an opportunity for what is really needed, to inform the public mind

most respectfully and truly thy friend

and arouse the public conscience
regarding this great cause to
the nation, to humanity and to
religion. When our people are
made to see that a great work
is must be done; - has sound
and strong claims upon them
as christians and patriots,
they are ready to help freely; but
now they seem to feel that
the war is over, the country
must take care of itself.
Come and help to enlighten &
arouse them to their duty.
We will gladly pay any ex-
pense which thy coming
may involve.

Pardon the liberty - I

Dear Sir

I enclose for your acceptance and perusal a small tract, containing the testimony of several Naval officers who have visited Liberia in the performance of their duties, and who would have readily seen the least tendency to a relapse into barbarism on the part of the American people of color settled in that Republic. The evidence presented is the very reverse of this, and encourages us to persevere in our efforts to improve and elevate the African race.

I judge that you do not give credence to the charges against Liberia to which you alluded this morning, yet it may strengthen your faith in Colonization to know that the truth is supported by impartial and intelligent witnesses. Yours most respectfully,

A paragraph in the Press of this date states that you have it under consideration to attend a meeting which is to be held here - they say on the 12th. It is barely possible you may be under a misapprehension in regard to the date at which the meeting is to be held - it is really the evening of Wednesday the 11th.

Bishop McIlwaine of Ohio who has accepted very promptly our invitation to him to preside at the meeting expresses his strong desire that you should be present. He alluded in the conversation I had with him to his knowledge of you long years ago at West Point, and also to his having met

I returned last night from my journey for over a month in the N.E. States.
