 Maj General O. O. Howard
 Honored and Dear Sir.

The annual meeting of the Brooklyn Sunday School Union, takes place in the evening of the 23rd of October next; the committee of arrangements have unanimously voted to invite you to be present, and address the meeting.

There are, connected with our Union, about seventy Church Schools, and nearly forty Mission Schools, containing from Thirty to Forty Thousand. Children and youth.

The objects, in part, of the meeting in October are, to hear reports of the workings of the Union during the past year, and to listen to encouraging words from those friendly to the cause.

Your past life assures us that your sympathies are with us.

Your official position has great weight in assuring the young that the duty as well as the pleasure of doing good, reaches the followers of Christ, even in high stations.

Your approving words will give us new zeal in the good work in which we are engaged.

Hoping that it will be in your power to comply with this invitation,

I remain General most respectfully and
 Truly Yours,

Sam^l L. Parsons.

Chairman of Committee

P.S. An early reply is desired.

Dear General Haward

Your very lovely letter came duly, but Oh! how disappointed I am! I felt so strong at the thought that my father's friends would stand at my side at such a moment! But I have no right to expect so much, but am very grateful for my beautiful letter.

May God forever bless you and yours for your loving kindness & abundant prayers.

About the soldier. His wife sent for me (I had never seen her) I went, and found a miserable looking little pale creature - she wept bitterly while telling me - that she had urged him to enlist on West Point lest he should be drafted away from his family of seven children, the eldest a pale sickly boy trying to carry on his father's tin shop. The father blames her constantly that his children are in the street going to destruction & she says she shall not live till his time is out 18 months yet! Please do what you can - & she promises me something in case I get it

I will write what I can but dare not say the
half I can - I fear I shall not do it right
or in a presentable form, but please do what
you can immediately for both our sakes!

Our best love to you & yours!

Affectionately & Respectfully

Your friend

My dear brother

I have today completed the instruction of that part of my Regt accessible - 'mine Companies' - The truth is on the islands about Port Royal and much scattered - I propose to go to Annapolis tomorrow to see Gen. Wilson, returning next day - Then if it is not important for me to hurry back to Washington I can visit that Company. Mr. French would like me to visit Beaufort for other reasons of a public character. - I found my Regiment not at all demoralized

Of the four poorer Companies - the drilling was fair - clothing good - generally soldierly appearance good - More imperfect muskets but not more than 3 or 4 bad - in fact none but that would be called in good condition unless closely inspected. One Company only showed respect in drill & the Captain to that has been selected as Provost Marshal of Charleston - He is to return to it tomorrow -

The men would like to stay in service - The Officers who have given a chance to its enemies to render it have been dismissed - Only one or two ~~very~~ poor Officers remaining. Most of the Officers have lately signed a

Five of the 9 Companies, passed very creditably - I gave a very thorough instruction and you know I for some time belonged to Inspector General's Department and ought to know how to do it thoroughly. Five of them drilled well though from the heavy detail, for fatigue, guards &c. they have not been able to drill for many weeks and not much for months - About half of the muskets were in perfect condition but two or three in each of those Companies could be called bad - clothing all good - brasses bright - boots well kept - quarters as neat as could be expected for the circumstances - three Companies being quartered at the Yildiz at the Pulkney &c.

the total obnoxious Pledge.

Now I find Maj. Ray (the enemy of the Regt) has orders to conduct the recruiting from it & tells me there will not be over 100 men accepted probably - No married men are taken and the quota part will thus be excluded & thrown out of pay upon the Community - and ^{at} the worst time - the Fall - when there is no work. They are working some of my companions from morning till night dismantling forts &c. Now if Govt. wants the men as the Sec. of War said to me ~~they~~ did - there is no reason in the world why the Regt. should be

mustered out now -

But as Gen. Sickles & the 6th Inf.
are so prejudiced against it I
prefer it should go out rather than
remain here - I will see whether
Gen. Tillam wants it. But I would
like you to see Gen. Canby and as-
certain whether he will not apply
for it to take the place of the Regt.
just going out of service at Wash-
ington - Its term of service ^(that of 128th) will not
expire till one year from next April.

There are schools flourishing with all
the Companies - If Canby or Tillam
want it - it would be better of least
to have it returned till next Spring

when some of the new Regular Legs,
will have been formed to take
its place & the men can get em-
ployment for the year or season—

I feel particularly desirous that this may be done because of the injustice done the Regt. in making such false reports and then having it murdered out on such grounds.

Have you applied for Col. Beebe's
detail for Bureau? Maj. ~~St~~ Mil-
son can certainly attend to the recruiting
here -

If the Dept is to go out I suppose
the retention of such as are on duty
in the Bureau should now be
secured at once. ~~I have~~

I have urged Gen. Scott to take
 all preliminary steps, possible in
 the sea island business - He wishes
 to be ordered to Washington & then
 to make a flying trip home - say for
 a week. He has proposed taking
 a lot of people from this State to
 Arkansas, settling them there under
 the Homestead law - says the land
 in Florida is too poor. He would
 like to take charge of the business
 for you on a large scale - Proposes
 to try it on his own hook if sus-
 tained out but seems to me it would
 be well to have him retained to
 try this - settling the public domain
 on the Red River - He would like
 much to try it. Has been a great
~~dealer in~~ dealer in lands - got rich by it

in the West -

Now this is getting long -
Hope to return from Augusta by
Friday & if I do not go to Beaufort
can be back by Sunday morning to
W. Please direct me my action
about the Regt. - (Care Gen. Scott)

Dear General 3.

I learn from the
papers that you are engaged to de-
liver a lecture before the Young
Men's Literary Society Pittsburg, in
a few weeks. At the suggestion of
a number of Christian gentlemen of
this City, I would ask you to visit
our City at same time.

We are inaugurating such measures
as we hope will result in enlisting
more interest, on the part of young
people, in Sabbath Schools.

Allow me to say that you are recognized
as a Christian Soldier & gentleman,
and we cannot but feel that your
presence & counsel would do great
good.

Permit me, in behalf of our people,

to hope, that your Engagements,
will allow you to come down
from Pittsburg. It would, more-
over, be a great pleasure to this
Community to have an opportunity
of expressing to you, their appreciation
of your great services to your Country,
and to testify their high regard for
you personally.

Sep. 20th 1866,

Maj. Gen. O. O. Howard,

Sir,

I have the honor to respectfully submit to your notice the following facts, which I have been requested by my neighbors to state to you.

We wish to know how or why it is that Rebels who have not been pardoned in accordance with the President's Proclamation of May, 1863: Are allowed to hold an office contrary to law. The case referred is of one George B. Charlton who is holding the office of Probate Judge. The said G. B. Charlton, held two offices of trust under the so called Confederate Govt. who took an oath to support that Govt.

My neighbors and myself made a statement of these facts, also requested an investigation of the

case. And forwarded the same to Gen. Wagner.
Swayne. at Montgomery, some two months ago,
And have never recd an answer.

Your Agent Col. Callis. at Huntsville. read the
statement and endorsed it with his approval.
If Rebels are to be allowed to hold Office
And have things their own way again.

We Union people would like to be informed
as to the facts so that we may know how
to deal with them.

I am Very Respectfully
Yours Obedt. Servt.

Dear Sir

I have just learned that Gen. S. C. Armstrong has tendered his resignation of the office he holds in the Bureau, at Fort Monroe.

Permit me to suggest that in the present condition of affairs at that point, Gen. Armstrong, cannot retire from his post without very serious embarrassment of the work of education there, especially in relation to future and enlarged operations in the direction of training teachers, that are now in their incipency.

Allow me then to solicit your interference in keeping him in his present position, until the work is more mature. I think he would remain at your request.

I will esteem it a great kindness if you will favor me
