My dear General,

Since you have been so kind as to offer to fence my ground & plant trees, and to give me a comfortable, tasteful building for Industrial School & Quarters, you will permit me to offer the suggestions you requested in relation to the building.

Your generous offer is my inducement to purchase the ground, on which I cannot afford to build, and I make the purchase in full confidence that you will realize my expectations.

Will you make a fence so neat that it can be painted?

Will you make the Sutler's Shop to contain School-room, Cutting-room, Store-room, Office & Laundry-kitchen, with cellar under

the last, and plaster the rooms.

In addition to the Sutter's shop I understand you to promise a tasteful front for my home.

Please give me bed-room with bath-room & water closet adjoining. Breakfast-room, Library & a room for a servant.

If you will put up a good building I believe Congress will give it for the uses for which it is designed. I feel so sure of this that I venture to ask a great deal of you. Pardon me if I ask too much.

If I give the ground & give time & service, cannot Government afford to give a good building? We have the power always, and shall we not try "always" to help

them? What I can, I freely give,  
but I cannot afford to build  
such a house as the school needs.

The work is difficult & labori-  
ous & some conveniences & school  
conveniences are wanted to give  
needful strength. I neither ask  
nor expect elegancies, but I do  
earnestly <sup>desire</sup> conveniences, and those  
I feel sure you intend to provide.

It shall be my faithful effort  
to make the work a blessing  
to the poor freedwomen & their  
families.

With true regard  
Very respectfully

Dear General,

I take great pleasure in introducing  
my friend Rev. Joseph Welch Presiding Elder,  
of the State of Texas;

Mr. Welch was at my request,  
sent by Bishop Simpson to Texas, and was with me  
the most of the time I was in that State, and his  
movements were in perfect harmony with mine.

He will in my judgment give  
you much valuable aid & information as to our causes  
in that State; all of which will be perfectly reliable.

Mr. Welch has at all times been true to the  
Bureau, and has the confidence of the Freedmen where  
ever he labours.

Genl. O. O. Howard.

Dear Sir,

Your letter of the 25th  
June, sent by mistake, to New York, has  
just been received, & I improve the first  
opportunity of offering You an explanation  
for the delay. Desiring to assist in the relief  
offered to our suffering Countrymen in the South.  
I suggested to prominent Gentlemen in New  
York, my intention of aiding that fund,  
by organizing a movement, on the mutual  
benefit plan, of dividing the profits, after pay-  
ing commissions & expenses, between the Phi-  
lanthropy, & those by whose generosity the  
fund was to be created. In my suggestion  
to them I expressly provided, that the busi-  
ness, should be conducted on a plan, which  
discarded the Lottery & Gift Enterprise objec-  
tions, to which I am personally opposed.  
This met with their universal acceptance.

and the recommendation of their names.  
And I have had great satisfaction in learning  
that this mode of conducting the movement  
is not in conflict with your sentiment of  
duty.

## AMERICAN CONGREGATIONAL UNION.

INCORPORATED, NEW YORK, JUNE 11, 1853.

OBJECTS.—To promote the general interests of the Congregational Churches, and to aid such as are feeble but promising in ERECTING HOUSES OF WORSHIP.

ECONOMY.—The little bestowed by the Congregational Union secures from the recipients, in labor and materials mostly, from three to ten times the amount given by this Society. It makes their sacrifices available. It makes the church a power. It doubles the sphere of usefulness to the minister, and often saves to Home Missions, every year, by making these churches self-sustaining, as much as this Society appropriates once for all. The amount given must free the church from debt. Besides, the churches thus aided become annual contributors to this and other benevolent objects.

General: - The friends of a lady in Bath, Me., who had the right to enquire, wrote you as to my character, and I have been informed of the nature of the answer. I see by it that it has been represented by you that I claimed to have been "on Genl. Sherman's staff" and not wishing you to consider me an impostor I beg to say that when asked what position I held in the army I answered "part of the time a correspondent and the balance as 'staff duty in Sherman's army'", which is quite different from being "on Sherman's staff."

I regret that the impression should have been given you (quite unintentional no doubt on the part of the gentleman who wrote you) that I had made false representations, hence your response was perhaps quite proper. Yet I am pleased to say that my character, where I am known, needs no defence, and I enjoy the entire confidence and esteem of Mr. B. or he would not place me in the responsible position of chief of his Mexican, Cuban and Antilles Corps of Correspondents.

Thanking you for your prompt reply to Mr.

Newburyport, July 15. 1857

170  
Major Genl. A. A. Howard,

Many thanks to you,  
dear Sir, for your kind letter re-  
cently recd. - I thought to have replied  
to it earlier, and remitted what I have  
been able to collect for you - but have  
delayed a little, in the prospect of an  
addition of a few dollars more - so  
that now I enclose to you \$250, 00 (Two  
Hundred & Fifty Dollars) and have  
another Fifty of my own, ready for  
you, whenever & wherever you may  
call for it - and I could wish the  
whole were multiplied, many times -

I am sorry to have been so long in  
returning this small sum - but indeed,  
I believe I could do no better -

This came to us at a rather unfavorable  
time, as perhaps I explained to Mr. or  
Mrs. Alford, - when many applications  
were already before our people - and  
when,  
in addition to calls for the destitute  
at the South, for the Freedmen, for the  
struggling Gaitans & their perishing wives  
& children, and the usual standing  
winter demands, we had ~~the~~ <sup>of worship</sup> ~~same~~ <sup>of worship</sup> ~~same~~  
petitions for aid from two or three  
churches, whose houses <sup>of worship</sup> had been destroyed  
by fire, with entire loss of furniture & some  
of them, in our own town, where my sister  
worships, making her subscription to this, <sup>cause</sup>  
less than it would otherwise have been -  
and in that society of liberal hearted people,  
I have not presented this paper, except in  
one instance, obtaining \$10 when, under other  
circumstances, it might have been ten times  
that sum. - Another gentleman, who  
gave me \$10, said "I should much  
more gladly give you a thousand

and could have <sup>done so</sup> at some other times, more  
easily than I can this little sum - but my  
sympathies are with the object, and I  
cannot withhold this token, small as it  
appears - And he was honest in it -  
for he is more used to giving by him-  
selves & thousands than by tens -

Those who have given smaller sums,  
even to \$1.00, - and you will find many  
such names, - have given with love, -  
while many who declined, expressed  
regret in doing so, and prayerful interest  
in the enterprise - Many such, through-  
out the country, would, I doubt not,  
put small sums in the contribution  
box - So that I really hope there will  
be a hearty response, dear Sir, to your  
"personal letter to the Pastors and Super-  
intendents of our Congregational Churches  
& Sabbath Schools -"

Would they not be, permit me to  
ask, more alive to the subject, if such

a letter, explanatory of the facts & necessities  
in relation to  
of this church, & to the state of things in our  
Capital, as has been suggested, were first  
circulated among them, in the "Congrega-  
tionalist & Recorder," which is so widely read  
in New England. I have asked the same  
question of Rev. Mr. Steward, with some ad-  
ditions, - and will not tax you further  
with my suggestions.

Will you permit me to introduce to your  
notice, (not for any personal attention or  
favor, but simply to show you what one  
of our Newburyport "boys" can do) - the  
name on the card enclosed, - written  
by himself, on both sides, <sup>& without hands,</sup> after both hands  
having been shot off, while engaged in  
Naval Service, during the war - I did  
not see him write this card, but I have  
seen him write much better, <sup>in a book,</sup> than he can on  
the card - Holding the pen in his mouth after  
some one has placed it there for him - He is a  
very intelligent, loyal, upright young man,  
- I wish I could add, a Christian - but

feeble  
in health, from a constant wearing pain  
- in his fingers, he says - He was also, in  
one of the miserable prisons in Richmond,  
for seven months, - previous to his terrible  
loss - I am happy to say that he has a  
devoted, efficient, wife to care for him, and  
one child - He has recently been made  
very grateful & comfortable by the addi-  
tion to his pension (wh. till a few months  
since, was but \$8.00 pr. month) and some  
back pay, in the way of bounty, I believe.

It was interesting to hear him, when  
describing the hardships & sufferings of  
his prison life, declare that, sorely, hor-  
ribly, as our man had suffered in this  
way, it was his "joy & dis pride that  
the United States gov't had never, in  
one instance, retaliated on rebel pris-  
oners - This, from one who had always  
"followed the sea", for a livelihood, until the  
war, - and who has suffered so much, -  
does it not show true elevation, and sterling

Yankee Character? —

But I forget myself — pardon me,  
dear Sir, and I will stop —

Suffer me to add an expression of  
my earnest sympathy & prayer for  
you, amid your varied & arduous  
labors & cares, and to subscribe  
myself, Sir,

I'm grateful & cherish you.

Very cordially yours

James D. Bonister

The undersigned, feeling a deep interest in the establishment of a church at our capital that shall fearlessly and truly set forth the doctrines and church polity of our fathers, and the prevailing sentiment of the nation, and also desiring by the same act to pay an affectionate tribute to Major Gen. O. O. Howard, who by his Christian heroism and devotion has so nobly served his country during the late rebellion, and believing a monument more useful than that usually built would be in harmony with his Christian character and wishes, hereby most cheerfully give the sums set against our names to aid in the erection of a Congregational church edifice in Washington city; and would respectfully suggest to the trustees that its title may be the "Howard Monumental Church."

The Union party of Alabama has in its ranks, men of loyalty, integrity, and ability for every office in the State, yet whenever an appointment is to be made, some secessionist is found rather than a Union man on whom to confer it. This is the case with the Sheriff of this county. He was a secessionist of the most intolerant character - he was an agent of the Confederate government, travelling about the country forcing the people to sell their cotton to the for its worthless bonds, under a threat of having it burned if they did not sell it, yet he was

appointed by Genl. Swayne to be Agent for the  
Freedmen's Bureau for this county, and has since  
been appointed Sheriff of the county by Genl. Pope,  
both of which offices he now holds. Such conduct on  
the part of our Military rulers is insulting to the  
Union men of the State. I indulge in no reflections  
upon Genl. Pope for such appointments, because I  
think he has been imposed upon by selfish and  
interested advisers. But I do charge it upon Genl.  
Swayne, that he has not the confidence of the Union  
party of Alabama; nor is he so conducting himself  
in his office as to promote the interests of that party.  
He finds his favorites amongst the secessionists.

My dear Mr. Garrison

I have just received your letter of the 19th inst. and am glad to hear that you are well and happy. I am well and hope these few lines will find you the same. I have been thinking much lately of the state of the country and the progress of the cause. I feel that we are making some progress, but I also feel that there is much more to be done. I am sure that you will agree with me in this. I am, dear sir, very respectfully,  
 Yours truly,  
 Wm. Lloyd Garrison
