Gen. O. O. Howard,

Dear Sir—

This will introduce to you Dr. C. K. Sammis, of N. Y., who is desirous of obtaining a position of teacher among the Colored people, in some Capacity.

I know nothing personally of his qualifications, but having had it intimated to me that the Trustees of Howard University were desirous of making ~~a~~ change in the Principalship of their Preparatory School, I have suggested to him the possibility of an opening there; and have referred him to you as being able to state whether such an opening exists.

Very respectfully, Yours,
A. E. Newton,

Major General Howard.

My dear General.

I have become much interested in the Normal School at Hampton Va. My wife's sister, Dr Bacon's daughter, Miss Wolsey, and other ladies of high culture, have given their time and services to that school. Their judgment is unanimous that it promises much for Virginia, and deserves to be well endowed.

General:

I have the honor to inform you that I have very fully and carefully investigated all the allegations made in regard to Genl. Carlin.

I have examined all persons who could give me any information relating to them. I find no evidence of improper conduct or intimacy on the part of General Carlin with the teacher named. She is not I think quite a suitable person for the position she occupied and have deemed it best that she be discharged and sent to her home in S. Carolina.

The Clerk employed under the name of H. J. Michael, is Mrs. Carlin the wife of the General. He and She state that this is her maiden-name, and was used to avoid a mark. She has

done considerable copying. The work is necessary and I can see no impropriety in this.

The alleged payment of fifty dollars to Miss Harth was made by General Carlin to be used for school purposes at Fortrace. The expenditure of money in this way is doubly irregular, as it is so done by officers of the Bureau in many cases for school purposes where no direct payment can be made to teachers. She may have diverted it from its intended purpose, but I am well satisfied that there was no wrong intention on General Carlin's part.

After my investigation the Officers who have made the allegations (which I required to be put in writing) desired to withdraw them, and I am glad to report that the matter is settled.

On examination of the affairs in the District Office, I find several irregularities, such as loaning public money to private parties and want of care in making purchases. I do not think Mr. Gear is intended any fraud on the Government but it cannot go unnoticed. Genl Carlin has permitted him to resign, and will fill the vacancy by a Military

Officer, if he can be procured.

I recommend that Lieut. Groesbeck be
relieved, at his own request, and sent to the State of
Georgia.

I am General

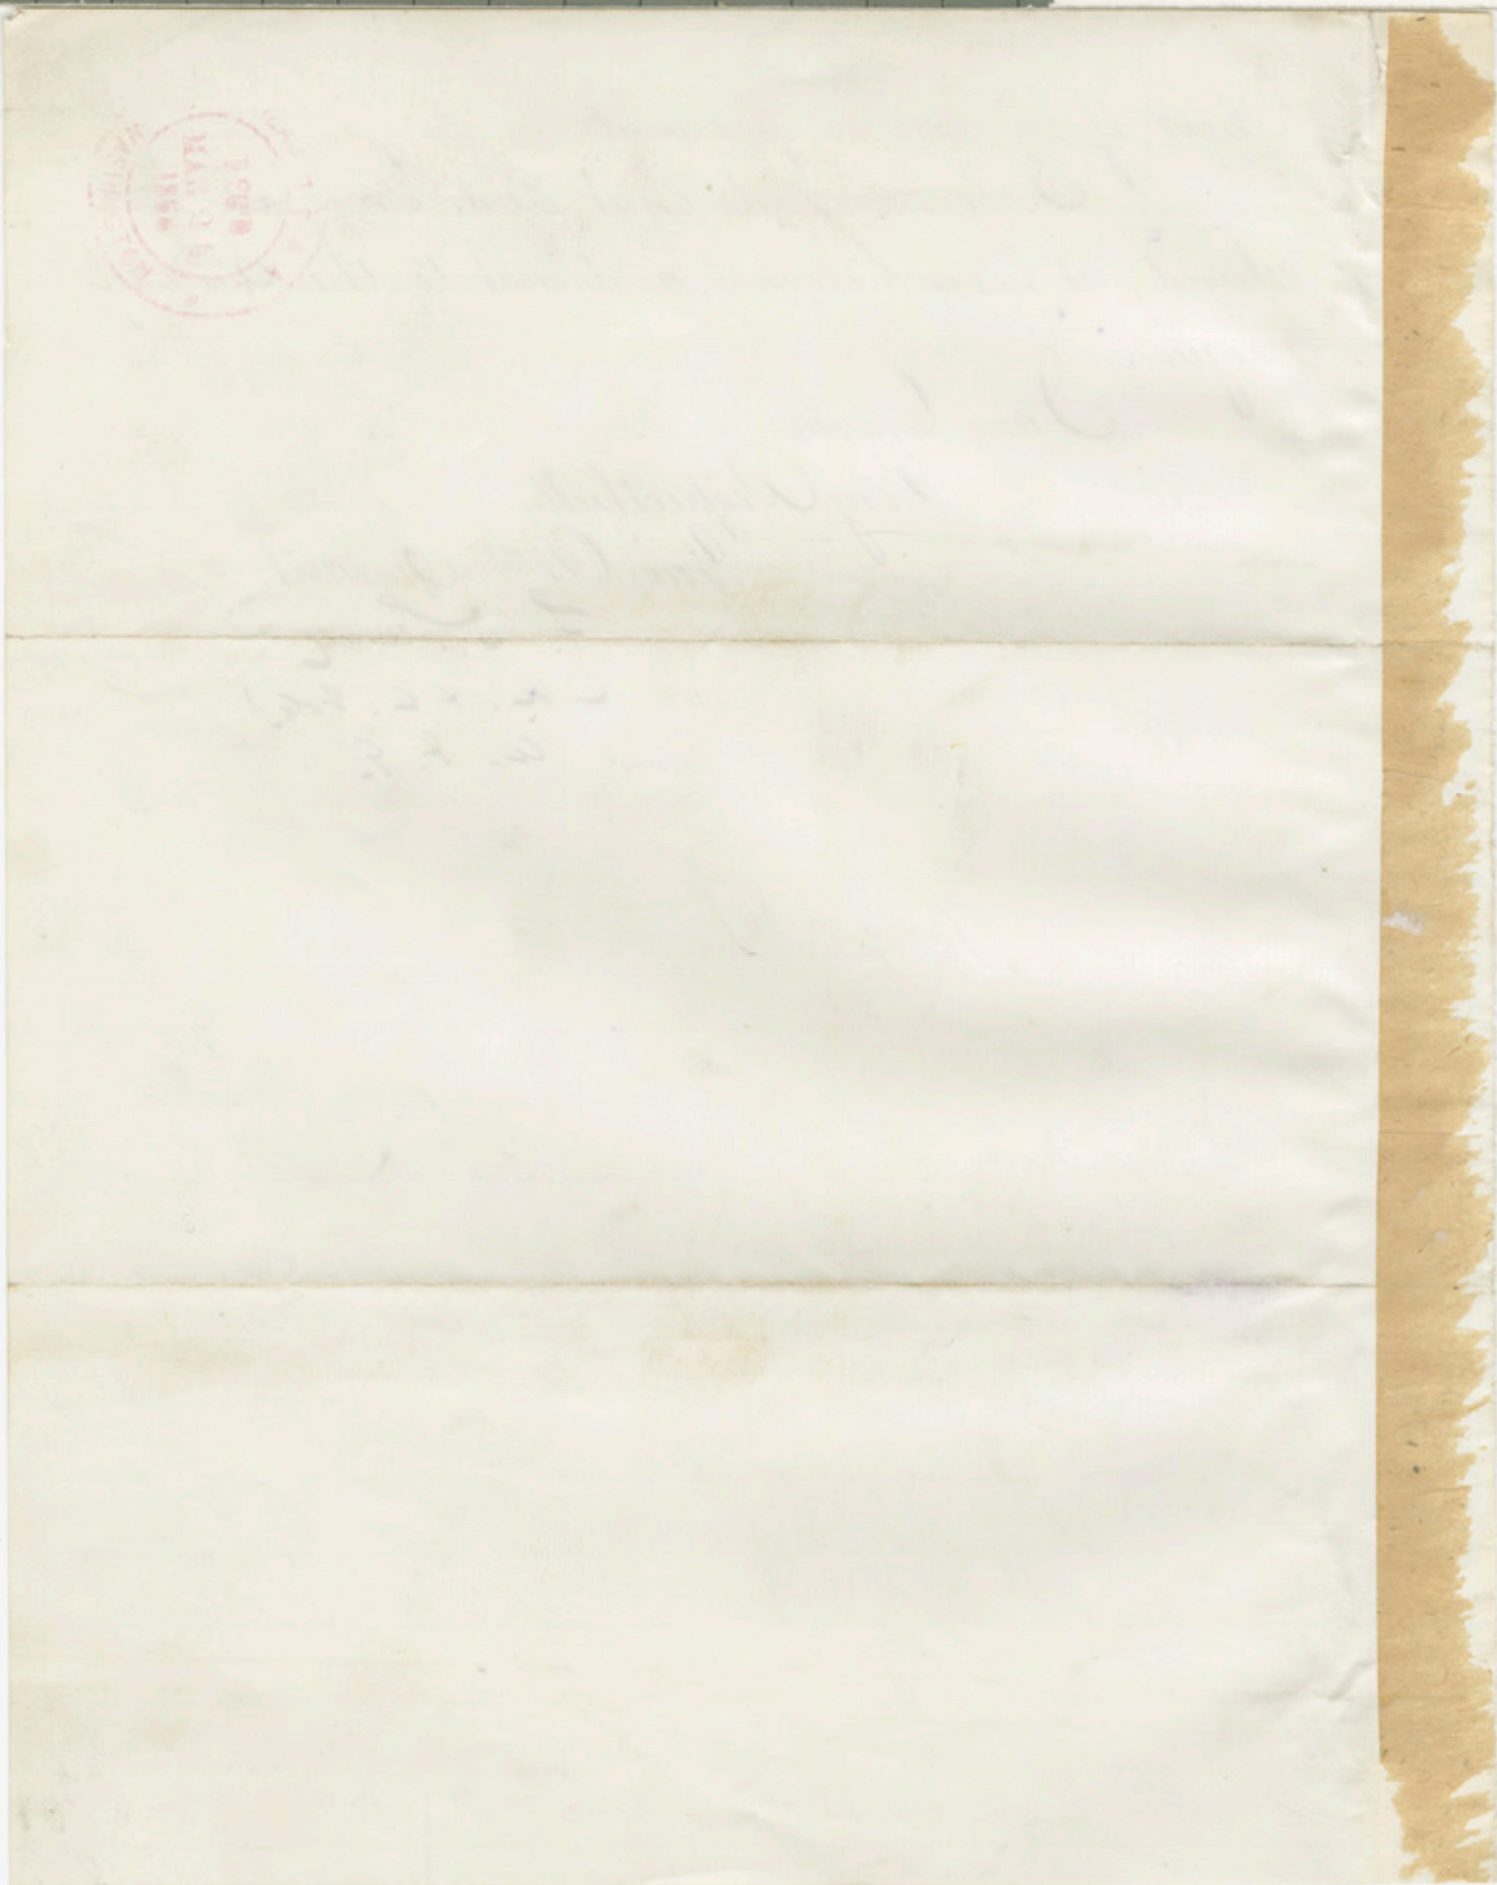

Very Respectfully

Your Obedt. Servant.

Dear General

I need not inform you of the advantage that will be secured to the Freedmen by having suitable men nominated on their tickets for the different offices. or that without some effort on the part of Bureau Officers the Freedmen will be misled by political adventurers and tricksters to their injury. In view of these facts I wish to enquire whether you object to Officers of the Bureau attending political conventions as delegates provided it can be done

without neglecting other
duties—

As I informed
you when in Washington
the danger to the Freedom
in this regard is so great
that I shall not allow
my own name to be
used as a candidate for
any office but I wish to
have as much control
as possible over the Convention
for the objects before mentioned

I only ask for your
private opinion on the
matter—

would allow Bureau officers
to attend political conventions,
provided it could be done

There is great danger
of the Freedmen being mis-

hence the need of Bureau in-

My dear Genl. Howard

I have just
received a letter from my son Arthur,
telling me he has understood he is about
to be put on duty in the Freedman's Bureau
at Washington, and asking me if I would
write you a private note on the subject, stating
his reasons for feeling that the detail would be
very prejudicial to him - he says "I can
think of nothing my dear Mother that
would be so disastrous to me, I have been away
from my company so much from circum-
stances I could not control, I have lost
a great deal and require looking up
in every thing, we have a school here

as I know nothing about this, and is my

his honored Father - name to keep up in his the Regiment - and
it would be hard if with his counsel - which for the knowledge of his company
for this, he should have to leave his Company at present - I need hardly say to
you who remember how much in the long past time my heart yearned for
the good of all young men, that under any other circumstances how thank-
ful I would have been for any thing that would have placed my dear son
in association with, and under such guidance as yours. but I feel that
with him that it might blight his fairer & worthy prospects in being
found unfit for promotion, and so I leave his care in your hands, asking
you only to not let me appear to others in your effort, - and adding as I
am sure your own feelings as a parent - will enable you to understand
how grateful I shall be to you if you can accomplish what I ask -

Believe me sincerely yours

among the Lieut^s and must be looking
out for the examination I must pass

Captain, and I have found out how impossible
it is to study without a good instructor,
and this detail would throw me back at-
least a year in every thing. If you are
not the one to write Mother, and you would
pardon not doing so, will you reply by return
mail to tell me, for I feel that something
must be done to save me from it. I do not
want to write back to Arthur, but at once
put the case before you, asking you my dear
M^r Howard to aid in having the detail stopped
or Arthur relieved if it has already been made.

Maj Genl. J. Q. Howard,

Dear Sir

I am prompted to ask a favor of you this morning. I know you have many calls on your time and attention, but your kind heart heart for the sake of the motive will excuse the liberty.

I have a young lady friend who is devoting her youthful days to the loving work of assisting her aged Parents. She is teaching in a family in W. Va but her income is almost nothing. She is very desirous of obtaining

4 5 6 7 8
an Office under the Government in
Washington City, and I thought you would
have it in your power to interest
some Member of Congress to procure
one for her. If successful, great
would be the comfort and blessing
attending it.

The Lady is the youngest and
holiest daughter of the venerable
Dr. Balch, Presbyterian Minister
with whom you used to meet
at your H^Q. Quarters here in the
Summer of 1863. I am sure you
will remember him and will
at once appreciate the merits of my
application.

I shall be truly grateful for your
attention to my request, and I
feel assured from my former acquain-
tance with you that it will not pass
unheeded. With the highest Respect
Your Friend
E. M. Carter.
