Gen. O. O. Howard:-

Dear Friend:

*I have reached
this place, in the course of my "swinging 'round
the circle;" am feeling well, and am prospering
in a sort of general way, about my business. —
I set the ball to rolling in Cleveland, by
way of getting a comprehensive article into
the "Cleveland Leader." The editor himself wrote
it. — On Sunday p.m. I addressed a fair*

audience in Geneva, on "Education among
the Freedmen." - I think much interest was
awakened which will bear fruit in due time.
At Ashtabula, O. I met Rev. Col. Ed. Anderson,
who said he was acquainted with you, and
he, at once, entered into the spirit of our
work. He will do all he can for us. A
strong friend of the cause, at that place
promised to do something. His name is
"B. Nellis, - Ashtabula, Ohio." - A single
line from you, at any time will bring a
response, in the shape of money. -

Friends at Berlin are rejoiced at our
success. Prin. Fairchild told me that he
thinks we can get a donation of \$20,000 or
\$25,000 from the Exr. of Avery Estate, at
Pittsburgh, Pa. J. C. Howe, Esq., is the Exr. -

The Chryseum ^(Buffalo?) here, are deeply interested. I
expect to get full notices into all the papers.
Shall go to see Fred. Douglass, tomorrow.

Yours, Most Truly,

A. L. Barber.

Dear General -

Heavily every Southern
man. I most express a strong wish
that you might be allowed to expend
funds in aid of educating white as
well as colored children. It would
indeed be most fortunate. It
would popularize the work from
this time on to its close & make
the Southern people finally instead
of continuing their bitterness - Will
you attempt the thing? Or get
anything to do so?
Yours truly

My Dear Gen.

I do not know yet whether we will be able to carry out the so much desired plan to which you refer in your note although I have strong hope that we may. Should we be so favored, however, it will give me sincere pleasure to do what you suggest for I feel as you do on this point. Indeed those with whom I have been associated in building operations this season have been employing colored men in various capacities at my suggestion

and with entire satisfaction
as far as I am advised.

Maj. Gen. O.O. Howard:

Dear Sir,

It is my desire to
study Book Keeping and receive business
instructions at Howard University when the
Fall Term commences. I have been informed
that if a class can be gotten up, there will be a
teacher for it.

I would rather wait in the day, unless I can
get some permanent employment that will
demand my attention at that time; as it
is now - whatever time will best accommodate
the majority of the class, I will make out me.

If I would better apply in person, I will
do so at any time you may appoint.

Very Respectfully Yours

Dear General:-

Am getting on bravely. Have got notices into 9 papers already. Frederick Douglass. handed me \$25.⁰⁰ - as he said a small token of his interest.

I find I am compelled to go so rapidly over the ground that I cannot see many persons individually, but I am succeeding admirably with the newspapers. - I can now

the sea and look for a harvest by and
by. Everybody is greatly interested and all
bid us "God speed!" -

I leave here in the morning for
Petersburg to see Gerrit Smith. -

Remember me to Gen. Whittier and all

My dear Miss Haley:

Your letter of the 3^d inst. reached me several days ago, and I should have answered it at once - but that I ~~supposed~~ was out of town & also because we both (Mrs. Lowell & I) thought that after you wrote you must have received my last letter in which I told ^{you} I could not - encourage you to think we should need your services another year.

I was sorry to say it - then - but now I must add more definitely that we shall not - need you - and I begin to doubt whether we shall send any one to Columbia at all. I heard from Miss Hall that you had remained in Columbia & understood you had joined Miss Coombs in keeping a free school for

the summer months. It will be very satisfactory if it should prove a success; if such a school could be supported all summer - why not next winter? How large is it likely to be? When you return, it will oblige me if you will come and tell me about it. Every season effort goes to place these people in an independent position - and the sooner they can take up the burden for themselves the better.

I see that the Bureau will be withdrawn from S. C. as soon as possible. Your paper did reach me. I hoped you or Miss Loomis or Mr. Comblinton would prepare an account of the Examination for the Journal.

Truly Yours

My Dear General

Your note is received. I cannot understand what advantage the President expects to derive from my presence with my Regiment. I have no doubt at all but that the order was pleasing to the Secretary who is not personally fond of me though he should be. There is however no use to kick against the pricks and it must go for this time. The stories told of my meddling in politics are not at all true. I have nothing to do with politics but when I see a rebel who wants his hide opened I proceed to do it. At present I am only anxious to keep my credits with the President but next year I will call for a statement of differences and insist upon a settlement of our accounts. When Grant comes in can't you make a Bureau Dist of Greenville Tenn and let me have charge of it

Last week the members of our Executive Committee met at Buffalo, & after careful consultation it was thought best to issue a call for a National rather than a State convention, & to defer the time till after the Presidential election.

A National Christian Convention has therefore been fixed for Nov 18th to 20th to be followed on Sabbath Evening Nov 22, by a large & important meeting briefly stating the purposes & plans of the Commission, & gathering up & directing to practical results the impressions which may have been made by the Convention.

We would be much pleased if you could attend the entire Session

but it is at this latter meeting, in
which all the time will be given to
our invited guests that the Execu-
tive Com. particularly desire to se-
cure your presence.

Our work
is growing upon our hands & our pros-
pects rapidly enlarging; thus a change
of arrangements & time has seemed
in every respect necessary. We trust
this will not prevent your being
with us.

Might we have the pleasure
of hearing from you soon, General?

Yours, &c.

Dear Sir:

Pardon me for taking the liberty to address you respecting the lot of land, transferred to you last winter, viz "Lot 4 Block 21 Sheward University Estate."

I have not had opportunity to speak with you except at Church meetings, and did not wish to speak of business matters there.

Only because I am very much in need of a little money do I mention it, having to help a brother who is in need beside my own expenses.

The sum paid by me was \$57. - If you can in any way make it agreeable to help me just now I shall feel very grateful to you, or even ^{if} were I to receive a portion now, it would be of much benefit to me. Were you so good as to comply with my request, I should deem it a great kindness & would forward you receipt immediately for the amount & consider it settled.

Believe me your humble servant.
