Genl O. O. Howard- Dear Sir. Can you
furn the friends of Temperance in the matter
about which they write you in the envelope
with this. The friends of Temperance are
striving to produce correct thought and feeling
on this great subject and the announcement
of your name and the prospect of hearing from
you would doubtless bring multitudes to the
mass meeting who would not otherwise be there
and your happy faculty of impressive oratory
and knowledge of important facts and reasons
favoring the cause would also enable the audience
to hear good counsel they could not otherwise
receive. If you can spare the time to be at
Nottingham Chester County on the Baltimore
Central Rail Road about sixty miles from
Philadelphia please write to Geo B Passmore
Nottingham Chester Co Pa so he can put your
name in the bills. And oblige the friends of
the cause and him and me and the Society

My dear friend

Dear Sir

I have just received your letter of the 17th inst. and am glad to hear that you are still interested in the project. I have been thinking about it a great deal lately and have decided to take it up again. I have been very busy lately but I have managed to find some time to devote to it. My dear General

On receipt of your letter I sent Edmund to inform Mr Arnold of its contents, Mr Arnold being absent, the clerk informed him that your check had not been received, and that he would write immediately to you in regard to it. I did not have an opportunity of seeing Mr Arnold until this afternoon, he said that there was no tidings of your letter or check, he would go to the Post office and make inquiries but had little hopes of its being there.

The check no doubt was drawn to his order, consequently can be of no value to any person should it have been stolen, it may possibly have been directed to some other City, as your clerk once directed a letter for me to New York and was several weeks before I received it.

I have been intending to visit Washington on my way to Richmond, where I am interested in a large Granite quarry, of which I am president of the Company, as soon as I can spare the time which will be soon, I will stop and see you at your new house, it will be a flying visit of a few hours,

While in Washington I shall want to see Gen.
Schofield Sec. of War and will trouble you to
go with me, (that is if you have no objections,)
it is in reference to the Granite quarry and to
get a letter from him to Gov Wells & Co.

We all regret to hear that Mr Howard is not
gaining strength. the extreme hot weather and
arduous duties of superintending the removal and
placing the new house in order has been too much
for him. Now you are settled and weather moder-
ating I trust he will recover his former health.

Waller and the children are enjoying themselves
at West Point. Hannah Gen Lee's wife has
presented us with a grand daughter a few days since,
the health of the rest of the family is good, they all
send their loves to you, to wife and children.

I shall see you shortly and will then talk a
little politics &c

Very truly Yrs
Edmund Noble

To Major Gen O O Howard W. S. A.

Personal:

Columbia S. C. Aug. 2. 1868

Major General O. O. Howard

Commissioner, Bureau R. F. & F. S.

Washington D. C.

General:

I venture to write you personally on the subject of the final settlement of the Bureau in this State. I am every day becoming more convinced that to continue it longer in this State as an institution, is to continue it in name merely. You must be aware that the Officers and Agents of the Bureau have no power, save a little personal influence if they chose to exercise it. The only things left to be done are the disposal of the property of the Bureau, and the collection of the advances made to planters.

These advances can all be collected, as the crops are invariably good, where assistance has been given.

Therefore all that is required is a few active men to watch the planters and compel those who would evade their obligations to pay.

We can not any longer use the Military to enforce

law, but I am now having a Bill framed for the
establishment of a Constabulary force, which will I think
prove efficient, and which can be used to assist in
collecting these claims. I desire to control this matter
because I can collect more than any stranger, and
secondly, because it will give me an influence in the
part of the State, where most of the issues have been
which I could not otherwise exercise. I will be able
to make this influence felt in the Presidential election
without laying myself open to the charge of using my
position improperly. Both myself and the people of the
State need this influence. The contest this fall will
be a severe one. The Military Officers will do me no good
and I expect to depend upon the clerks I asked for.
If I could have a personal interview with you I am sure
I could make you understand that my views are
judicious.

If you cannot make me Assistant Commissioner,
would suggest that you leave the place open, and appoint
Maj. Keide, a Staff Officer of your own, to close
the business, with a certain number of clerks, who should
assist me in making this collection.

I would further say as a reason why the collection of
claims should not pass entirely from under my control.

a large number of the planters think they are justified in getting all that they can out of the Government and hence they will resort to such stratagems and expedients, as will make it very difficult for a new officer to make much headway in the collection of these debts.

In addition to this I would say that your inability to furnish me with sufficient funds to continue the supply of provisions, has compelled me, in order to save, in certain localities, especially among colored men, what has already been issued, to negotiate small loans on my own responsibility for the purchase of supplies; for which supplies, the persons to whom they have been issued are personally responsible to me. Of course if a new Officer takes the control of affairs in this State much of this feeling of responsibility for the payment of these debts will be destroyed.

I hope I am not asking too much in making this request, and trust you will not find it inconsistent with your views to adopt the plan suggested, or a similar one.

I have the honor to be, General

Very Truly Yours,

R. C. Beane

Dear Sir you will permit me to
intercede to your honorable consid-
eration Dr W H Foster who have
served as principle medical director
in the Freedman Hospital for some
time to the entire satisfaction of the
freedman as well as the community
generally, and we believe that it is
regretted by all that he has been
removed from the position he had
honably filled in our midst. therefore we
can assure you that his removal was
not approved by us and hope that he
will be reinstated as the poor will suffer
very severely, if we should have another
sickly season such as we had last year.
the only reason we believe assigned by
Genl Gillin for removing him is that he
permitted the freedmen to use his name
as a candidate for the State Legislature
