My Dear Sir -
I propose
to send you \$2500 dollrs
or so before the 25th inst;
as promised you last
Spring. Also \$2500 dollrs more
by the 1st Jan'y 1869. I
hope to get some from
others before then. Which
would you prefer - the Cash
or some good dividend paying
stock? I may be in Wash-
ington in a few days -
I want an interview with

you about the Freedman's School
in Columbia S.C. My teacher
returning. But is much dis-
satisfied with the act
of Miss Creeker. the teacher
of last year. who it is re-
ported to be the principal
of the school this year.
It must be conceded that
Miss Haley did well in
that capacity last year
and there is no good reason
why she should be dis-
placed.

Major General O.O. Howard.

Dear Sir:

The accompanying book, my little boy found on the bed, after your departure.

Your speech pleased everybody. One bitter Reb stated he went to the Court House, prepared to curse you, but that he returned with just the contrary feelings. The colored people were delighted. They think the question of their being returned to slavery (as many Democrats tell them they will, in the wake of Seymour's election) is definitely settled, regarding you as the highest authority on the subject. One old Democrat, thought you talked too plain on that point! Many people expressed much disappointment at not being able to see you, and informed me they refrained from calling because, you said you were tired, & they feared it would be an annoyance.

I take the earliest opportunity to act
upon your suggestion, & write you in
regard to my promised appointment
in the Army. In Sept- 1867, I think it
was, I called at the War Department
& saw General Denb, then, Asst. Secy. of
War. He took my letter of introduction
to the General, then Secy. of War, ad
interim; returned in a few moments, saying,
"The General directs me to say, there is
not a vacancy at present, but that you
shall have the first and you Mr. Sherman
the second" - referring to the V.R.C.

If you can do anything for me I
will ever be thankful.

At times I feel that in pressing
my claim, I am doing an injustice
to some more deserving man; but
when I reflect how many hold
Commissions who never show a day's
service, & that it was not my fault
that I was a prisoner thirteen months
& rendered unfit for service, by being
wounded; and, with a conscious need
of having done my duty, to the best
of my ^{ability} opportunities, also that in being
rendered unfit for active service, & entering
the V.R.C. that I never got a grade, all this,

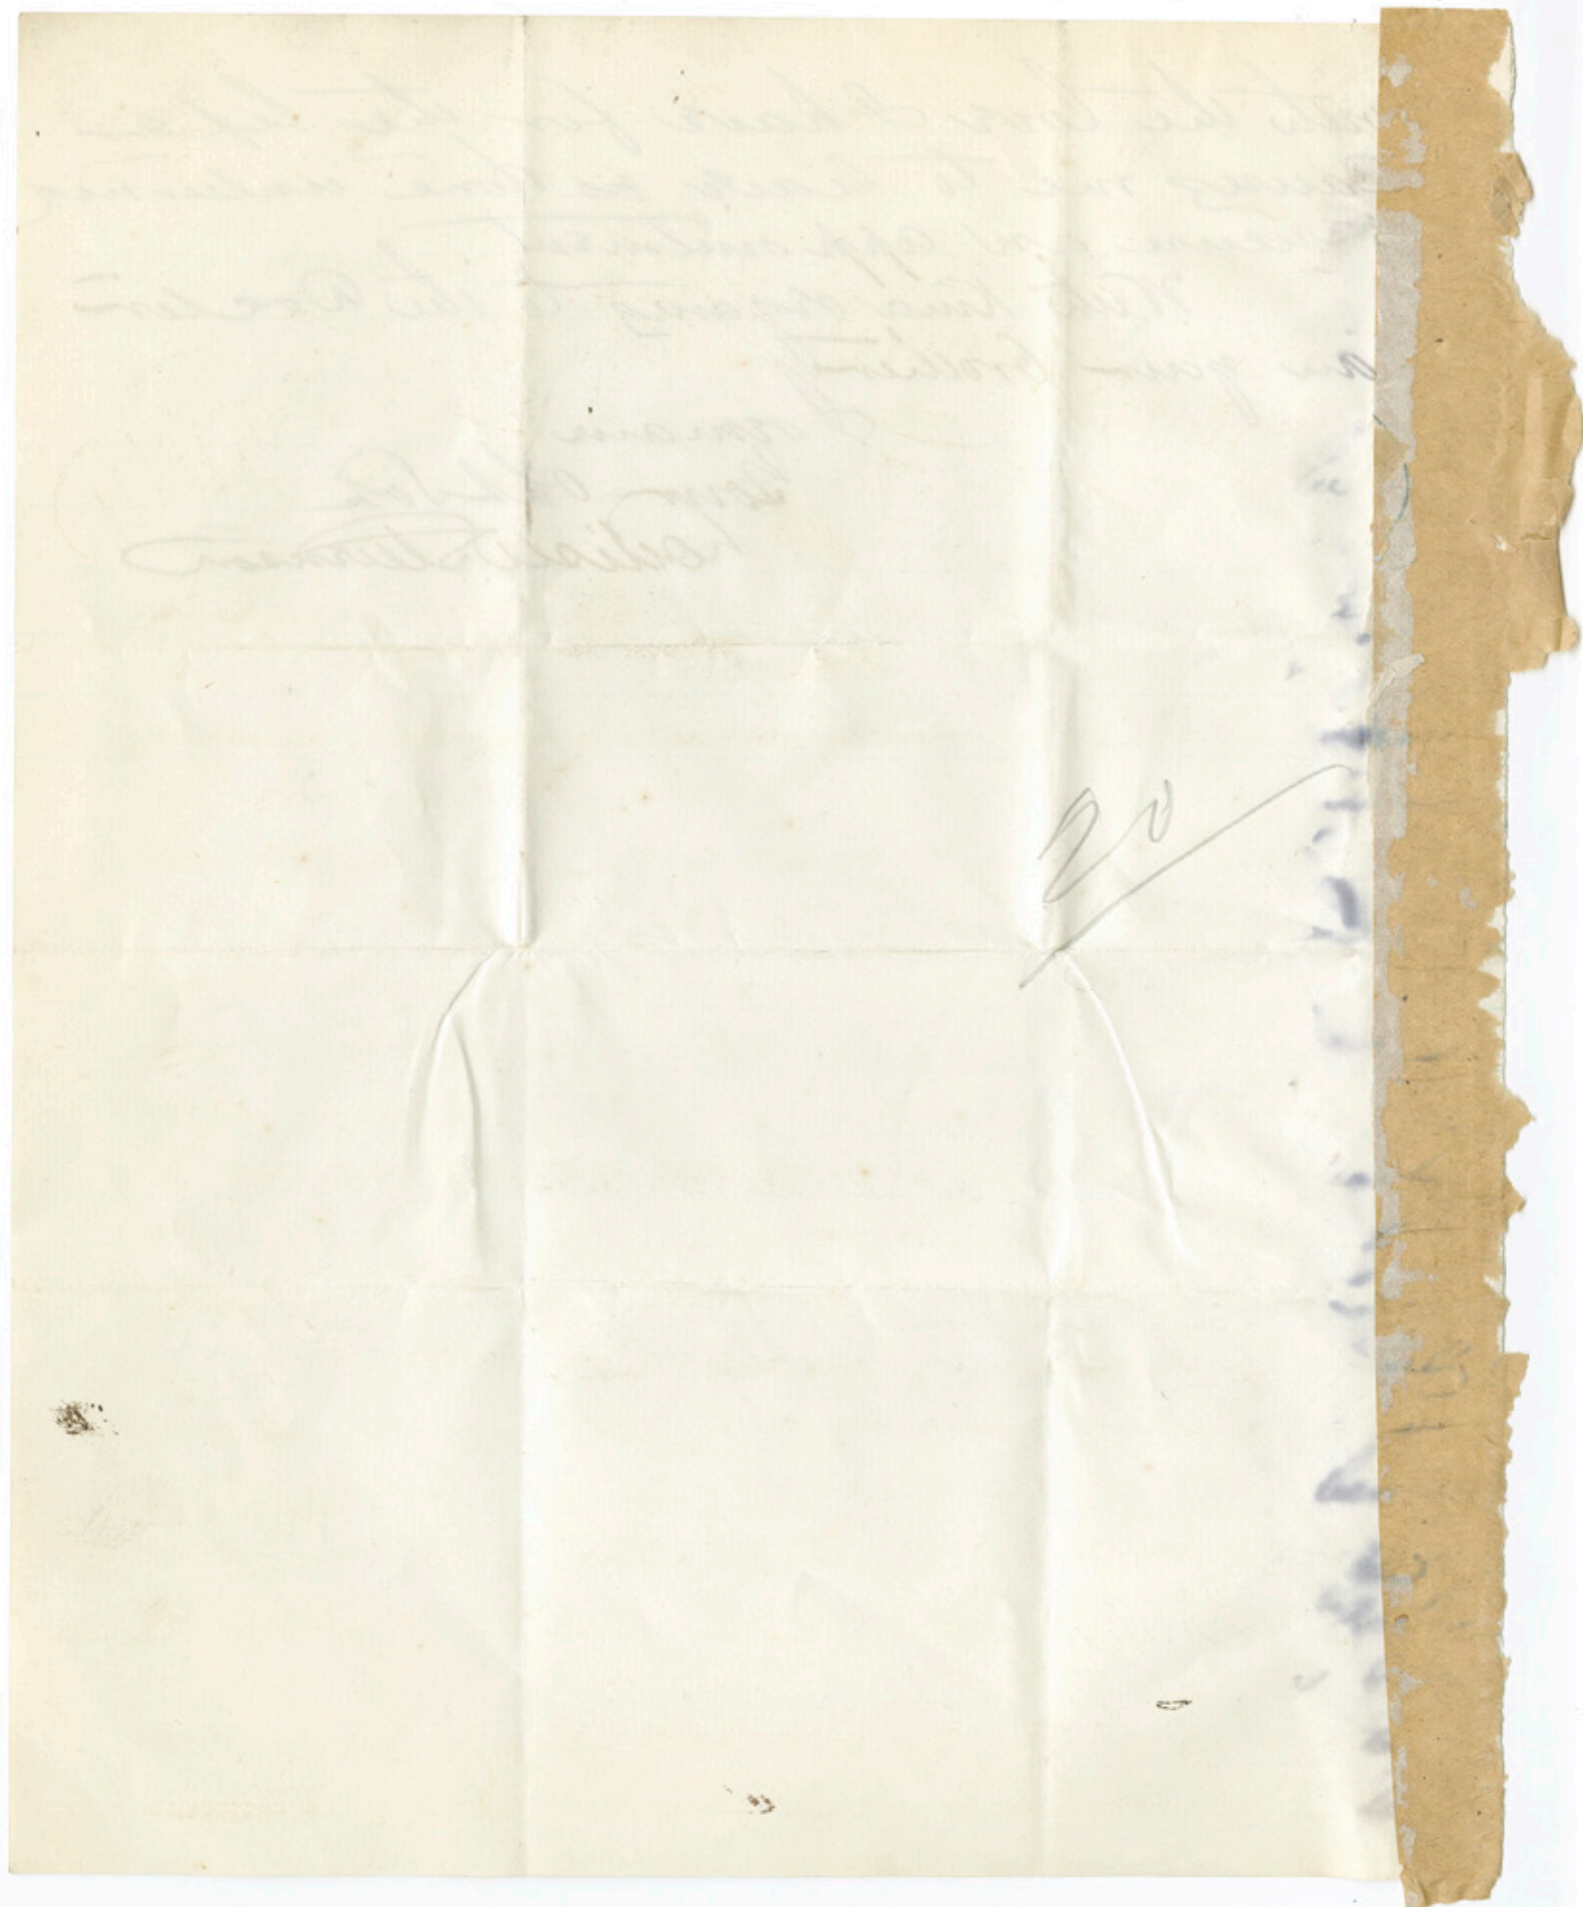

with the love I have for the life
causes me to leave no stone unturned
to secure an appointment.

With kind regards to the Doctor
and your brother,

I remain

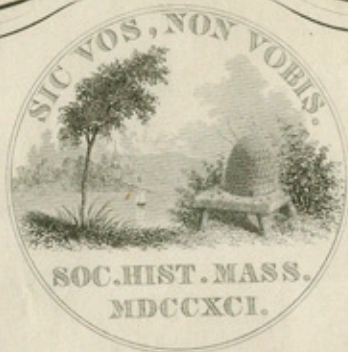

Yours old son

with you stay away as long as possible but if she is to remain the sooner you come the better. I think that mother has about concluded to remain with us till March, as the sooner you get here before the rains and winds of fall the better. Last year we had neither rains nor comides but it may be different this fall. When are you expecting sister Eliza? Give our much love from me & Rosa who has now "waked up" and feels talkative. - I went to church this forenoon and mother will go this evening.

Baker August Ames was here on Thursday but I fear didn't enjoy himself much as Rosa was sick & mother could not spare much time for company.

My dear Brother:

It is Sunday afternoon and I am seated in my little Library. Ralph is playing on the Carpet nearby. Mother is reading in the dining room. & Rosa is asleep in the front room which is to be the parlor and little Eliza is cooing in the nurse's arms. By the way you haven't heard much about Eliza. She is a daughter of mine and will be a week old next Wednesday. She is a ruddy little thing and weighs $8\frac{1}{2}$ pounds beside the basket. Up to date she has blue eyes and dark hair but that was a characteristic of her brother till he was 9 or 10 months old when

he gradually exchanged the
eyes which he ~~lost~~^{inherited} from his
father for those he received from
his mother. The said mother had
not yet since last Tuesday
coming "put on her clothes" but
this morning sat for a while in
her chair. She appears to be
doing finely & has a good
nurse who attends her faithfully.
Mother for the time being is the
mistress and seems to support her
honors with dignity but don't seem
to have the faculty of getting so
much fidelity out of the Bohemian
girl in the kitchen as Rosa did.
Every thing is as well as "could
be expected under the circumstan-
ces." Rosa is perfectly delighted
with the idea of a sister for
little Ralph and mother is
much pleased that Rosa should
wish to name the little one

Eliza Otis. Had the sex been
different there ~~but~~ might have
been another Charlie in the
family but that can't be now.
Mr. Brady who owes you
\$400 with interest from January
and March is going from the
State & is desirous of paying his
notes. You have one for \$200
and I think had better send it
to me at once. I shall want
it by the last day of the month or
sooner. The other note is here.
I have been on the "Stump" a
little this fall. Have made
four speeches and am appointed
to make five more. I tell
nearly the same story every time
and am now able to say my
piece without much effort.
When are you coming west
on your tour of inspection and
prospecting? If mother is to go

My dear Sir,
I have the honor to acknowledge the receipt of your letter of the 7th inst. in relation to the purchase of a set of the Standard Dictionary. I have the pleasure to inform you that the same has been ordered and will be forwarded to you as soon as it is received. I am, Sir, very respectfully,

To General O. O. Howard
General.

Having been for several years the commercial agent here, for the Haytian government under Soulouque and Jeffereau, having been also employed for four years as Secretary at the Mayor's office in the Corporation department of Port-au-Prince and ~~being~~ being well acquainted with all the usages and manners of the inhabitants of that Island, Speaking the languages of that Country (French, Spanish, Creole and African patois) therefore having the intention of petitioning to our next President Genl U. S. Grant for the position of Minister of the United States to Hayti; furthermore as I have been a Merchant in Port-au-Prince for eight years and I am well informed of the intention of the principal Haytian Statesmen and Merchants of annexing to the U. S. the Island of St. Domingo as soon as the colored men in the U. S. will enjoy their full civil and political rights and as I am acclimated to that part of the World and I think that

I can do a great deal of good for my
country and the country of my father
as Minister of the U.S. there!

Therefore please to use all your
influence for me near Genl Grant. I shall
accept that position with much pleasure,
as I am a descendent of that Is-
land. I will send him my petition
soon after he will take his seat.

Our Senators and Representatives have
promised me to do all they could for
my cause. My petition will be signed
by about five hundred or a thousand great
Whig and leading Gentlemen of Louisiana.

My friends and parents
in Hayti write to me monthly, urging
me to do all I can for the welfare of
that Island, because the country and the
inhabitants are in a deplorable situation
at present.

I am therefore sure Genl that you
will do all that lays in your power
for me and for that Island.

Dear Sir

I have been as
patiently as possible awaiting
your return to Washington, that
I might ask the favor of you
to permit me to call on you at
your office for a brief conference in
reference to our College. It is very
desirable that this should be soon,
& I feel confident that you will
not deny me if you can avoid it.
So far as I can guess from your

published movements I infer
that you will be again at your
Headquarters in ten days. I send
this therefore in the hope that you
will be so kind as to advise me
when most conveniently to you
after that I may venture to call, - &
if your engagements call you
away from Washington, whether I
may meet you at some other place.

Pardon me, if I seem to be very
pertinacious, for my heart is much
set earnestly upon the object.

Truly & respectfully yours

J. Trumbull Backus.

Is it TRUE?—We have it from what should be with him the best of authority— negro testimony—that one Saxton, who sports the prefix of a U. S. brigadiership to his name, and who, it is said, has been appointed chief quartermaster for the department of the South, harangued a lot of negroes in an African church, on the outskirts of the city, last Sunday evening, in which he used the most violent and incendiary language, telling the negroes to arm themselves against the re-enslavement of their race, and that when the next war came it would be one of sweeping extermination to the whites. If the statement be true, that this creature made the speech attributed to him, it is the duty of General Meade at once to dismiss him from service. The Government does not need the services of such pestilent and incendiary fiends.

Dear General -

I have the honor
to inform you, that I purpose
visiting Washington in a few days,
- as soon as I can learn of your
return. Am anxious to see you on
our Edil matters - The situation is
bad with no hopes of improvement.

One of the worst features is that
the colored people are getting dis-
-couraged & are concluding that
the "Bureau never meant to help them".
that all the Yankees wanted was
to get their votes. It can easily
be remedied. I knew you desire to have
it remedied. Sincerely yours
