Maj Genl C. C. Howard

109

Sir In closing Brig Genl C. C. Howard's
Deptmt, & relieving me; I desire, before taking my departure,
to inquire if the reports creating a seeming want of confi-
dence in me, as Physician & Surgeon, have not their origin
and support in designing persons, to promote their own,
or a friends interest.

No young M.D's disapproval of my obstetrical - or
other - practice should be accepted without a hearing;
Nor, because I accepted a subordinate position to labor
for & with the Col'd people, should a superior shrink
from personal responsibility, & seek to create distrust
in an inferior. The only serious case coming under the
observation of said young M.D. was under ^{the} charge, care &
hourly observation of the Surgeon in Charge of Hospital till
his departure for Mt Vernon, the afternoon of the fatal result.

I am confident an investigation of this matter, my
labors, standing, & treatment of patients in the Hospital,
with results, will materially change the verdict.

The Surgeon in Charge - by right - performed all surgi-
cal operations, with commendable skill & good results,
leaving the remedial treatments to Hospital Surgeons,

Dear Sir, I have the honor to acknowledge the receipt of your letter of the 2nd inst. in relation to the proposed change in the curriculum of the Washington Medical College. I am sorry to hear that you are unable to attend the meeting at the College on the 10th inst. I am sure that your presence would have been of great value. I am sure that the change in the curriculum is a necessary one, and I am sure that you will agree with me in this. I am sure that the change will be for the benefit of the students of the College. I am sure that the change will be for the benefit of the profession. I am sure that the change will be for the benefit of the public. I am sure that the change will be for the benefit of the world.

all ~~which~~ of which was attentively watched, the result
of ~~which~~ has been already noticed

In addition to my services in the U. S. A. during the War, &
for nearly a year after, I reported to Dr Keyser with the
highest testimonials from the Secretary of the American
Medical Association, of which I am a member.

I refer with pride to those I have treated, both in &
out of the Hospital. Permit me to name Miss Snowden, Mother,
the Nurses in Ward under my charge, to Prof Vacher, Rev Nichols
Mr Barber, Mr Childs & other of the Normal School, & Mr Baker S^r &
S. St, Mr Monism, Bureau Carpenter.

The above is to direct your mind, & reinstate myself
in the confidence of one I esteem to highly, to separate
without an explanation

I regret there is no opening for me in the D.C. that I can
remain & help in the fight for justice in the Church. It was
suggested that a Physician might be in charge of Lincoln Build-
ings, attending Medically, & otherwise there, but that & all
other places now seem closed to me. Trusting & believing
that right will prevail, I am very sincerely & truly Yours

Dr Keyser very kindly offered me a letter to Lucy Bern Barnes
if I wish. My house in Phila is now vacant & I must occupy
or rent immediately J. H. B.

Q. 74.00 N vol. 1, 1868

Providence, Nov. 9th 1868.

Friend Howard.

Dear Sir

Since the election I have begun to introduce the University to business men. Before that, confined my efforts to the Ladies who have heretofore given, to aid the Freedmen.

The Boston Freedmen Union Com^y, & the Miss. Assn, John St. make annual collections for Freedmen^{men}. The Baptist friends are deeply interested in their Theological Institutes in Wash. & Rich. & the Episcopalians in schools of a similar character in S. C. an Agent of one of this class of schools is now in the city - and the Friends^{Quakers} usually contribute through him Sect. but with all these and the numerous streams of Chearity at home in this city - some have spent them

to this new work
by founding scholarships, of
which you will soon be advised;
and I hope by patient effort to be
able to report a reasonable contribution
though as yet, I find no one suffi-
ciently acquainted with its character
to make large donations. My work
I find to be, rather educational than
financial at present. but those who
have experience, such as the President
of Brown University, Bishop Clark
and Gov. Burnside, say this work
must be done, before large sums can
be raised, and encourage me to
patient effort. All to whom I have
presented the enterprise approve, and
appear to rejoice at the prospect of,
embodying the nation's charity, in
a University to benefit the poor, and
the working classes & express great
satisfaction in such a Champion at
its head.

I need more circulars, as

all the Ministers, and persons to
whom I present the subject, wish
to see the Building, and to read
at their leisure, the circular report.
If Dr. Sunderlands report is out,
I wish some could be sent here,
to my address.

I am working diligently,
but am not pressing for large or small
donations, but feel sure that God
will bless the effort with success at last.

Faithfully

Yours Ovt. Svt.

Gen. Howard,

I have been informed that you would be a suitable person to address in regard to obtaining a position as a clerk in one of the departments where ladies are employed, and that you could probably get one for me. I am a sister of Gen. Stoneman. I should like a situation best in the P. O. Department. If you can favor me I shall be very much obliged indeed, and I hope to be able to thank you in person. If you can not assist me please direct me to those who can.

Truly yours,
