May. Gen O. O. Howard,
Dear Sir.

Yours of 8th inst.
has been received. You are right -
it would be impossible for you to
lecture here Saturday night, 6th, and
reach your ~~home~~ ^{appt} on Monday
night. When I wrote I had not
noticed that the 10th Feb. came on
Saturday. It will suit us just as
well to have you here after the
15th March, and we hope you will
lecture for us if you can in any
way arrange to do so.

Please let us know the exact
date of your lecture as soon as
possible, and also your subject.

Yours very truly

Dear Sir,
I have received your letter of the 7th inst. in relation to the matter of the purchase of the book on the life of the American Ornithologist. I have the pleasure to inform you that the book is now in the hands of the printer and will be ready for shipment in a few days. I have also the pleasure to inform you that the book is now in the hands of the printer and will be ready for shipment in a few days. Dear Genl

In Reply to your
inquiry as to whether I
thought that the Draft
and my account for
your wants make the
Amount you asked for
I must explain the reason
of my error. I read your
letter hurriedly and laid
it aside with the impres-
sion on my mind made
perhaps from our
conversation that you
wanted six thousand five
hundred dollars (\$6500.)
I will make it all right

in a few days; first at
this time I am honest
frank for many but
hope to affect a loan
in New York on my
private account

I desire to say and
more would to you on
the subject of the Russian
I learn that the impression
has been made that I was
the champion of its affairs
for Political purposes
I can only say that any man
who would believe such
an idea is either stupid
or has no common
sense, as there is nothing
in the State for me or
any other man to secure

in a Political way for
the next two years at
least. And I will further
say that I am certain
you will be convinced
that I was right in my
statement, that I could
close the affairs up
more profitably and
satisfactorily than one
who had to learn both
the men and country I
work harder than any
man ever did in the
business to learn how
best to act. But Elie has
done just what I promised
he would do. I cannot
now decline to have any
thing to do with it, but

Pardon me then for requesting
You again to make no personal
reply or defense —

That pamphlet (written
evidently by Dr B himself) &
with the most vindictive purposes,
can do You no harm, unless he
can draw You into a personal
controversy before the nation —
Gen Howard, the Nation fully
appreciates Your services & character,
& no more needs defense than did
Washington when basely attacked
by Jefferson through his agent Philip
Freneau or by Gen Lee the grandfather
of the late Commander in Chief of
the rebellion —

With sentiments of high regard
I best wishes I am Your friend

Gen W. V. Howard
Dear Sir

Since I took
the liberty of writing You, Mr
Cushman put in his hands the
Manifesto of Dr B. Byrd, in the
name of the 1st Congl Ch Washington
I have read it twice with
great care & increased indignation
I have no hesitation in saying
it is one of the most artful
insidious & vindictive pamphlets
I ever perused — designed, not
to promote the welfare of the Church
& the glory of God, but to injure
Yourself if possible, in every possible
point of view, & only calculated
to damage Congregationalism
among those who were sufficiently
prejudiced before & ready to
credit anything against it

The constructive credit or
"faint praise" with which he
plausibly opens his attack is
turned again & again to your
political & personal "damnation"
dragging in, not only the Freedmen's
Bureau but a Department of the Interior
& charging you not only with using
& prostituting these for vindictive
purposes towards himself & the Ch.,
but for personal ambition to
secure a nomination for the
Vice Presidency —

The most disingenuous & dishonourable
of all, I consider the construction
& distortion of what you may have
uttered in Mr Beecher's Church
with the purest motives; seeking
to represent that you cherished
envy towards Genl Grant & others,
& resentment towards the Country
for bestowing pecuniary rewards on
them & not yourself

The Communion scene which
he draws in his own defence
& for your personal damage is
most gross & outrageous; & surely
when he entrenched himself
most improperly behind the
Communion table of our Lord
& made use of such an occasion
not only to defend himself but
attack you & others, he devoted
no more money than did Coak
when he fled to the corner of
the altar & was slain there
by the command of Solomon.

Now, I am more confirmed
in my first opinion, that the
Cause & source of this controversy
is the same as that which has
rent asunder our beloved Country
& the Churches of Christ all over
the land & I hope the Council
to meet the 13th will take that
review of it.

Ashtabula, O, Jan. 13th 1869, -

My Dear Friend -

Just expectation is toward your lecture here, and I write thus early to invite you to make my house your home when you are here. - I am the more glad that you are to come, and am anxious to extend the acquaintance begun in Cincinnati a few ago. -

My house is small, but all the less lonely for that - and a cordial welcome may cover many little defects. - Any how you can be more comfortable bodily than in any hotel here, - and as for space, we need less in cold weather. -

Very sincerely Yours Brother -

Edward Anderson.

particular views - to sustain D. B. or Gen. H.
or any or all concerned here. They are come
because they are undershepherds of Christ's flock
& they have a most ^{solemn} duty upon them to
take care like the old Roman maxim "that
the Republic receive no detriment so here the
cause of Jesus Christ shall not suffer from
individual selfishness or party feeling."

I feel dear brother if we can so put our
selves before this Council & through them of
the Churches of Christ all through the Coun-
try we may well sink in gratitude before
Him & feel that such an end achieved is worth
more to us than all else.

Whatever bears on the exhibition of the spirit
of D. B. or the majority of the church is legiti-
mately within the range of our consideration
& no matter by whom called - how far away
from home I feel this Council have no right
under the responsibilities they have assumed
to grow restive or withdrawn till they are fully
possessed of the whole case in every one & all
its bearings on this church in its situation
here & to the whole Church of Christ.

Excuse then any hurried suggestions intermingled
with which are my prayers that God may guide us all
into the truth & the perfect will of Christ.
My friend Howard - Your brother in the Lord

Wednesday night June 13. 1869
S. 97, Vol. 1, 1869

Dear Brother Howard,

It is late in the night but I feel
as if I must just touch upon a few points
which occur to me as important to the cause
in which we as the minority of the church
are engaged as we believe in trying to uphold
the cause of our blessed Redeemer.

The great consideration which should be
urged on our part & strongly too upon this Council
is that we stand on the broad ground of the
good of the church and the salvation of souls
among us. Whatever may be the results of
this Council ~~may be~~ it is comparatively of
little consequence how our interests as individ-
uals who are connected in any way with the
church may be affected - as in a little time
at the longest we shall all be off the stage
But it is vast consequence what shall be the
results to the cause of Christ here & the influ-
ence of this church as a branch of His Church -
D. B. Brynaton & the Committee of the church
seem to grow the Council care not but per-
ceive ^{it} on the ground that whatever is done
our interests - mine as pastor & ours as committee
& the majority must not be touched. This
question we have settled before hand & nothing

May God be with all and our dear brethren be preserved from error & every way feeling

shall move as from it. ^{Such} too has been
Dr. Baynton's action all through - twice at least
before the church he distinctly ^{expressed} ^{it} as I
have clearly in my recollection - Paul was willing
to be any thing or nothing to count all things
but dung or drop for the exaltation of the Mount
ed of Jesus, ^{and} he was determined to know
nothing but Christ & Him crucified - Now
the great ~~W~~ of the church & the Church
& especially the Congregational Church thro-
ughout the country have claims before
this Council in comparison of which all the
questions sink into insignificance.

Take this ground dear brother & maintain
it as ours before the Council that have in our
motion and for this reason we want every
thing brought out into broad sunlight - that
the Council may know & through them
the Churches of Christ every where may know
where we are & why we are as we are -
Make every thing clear upon this point.
Let it be the centre around we gather
our statements & arguments our sym-
pathies and prayers and our appeals to the
dear brethren pastors & laymen to advise &

help us. The Great Master of the Church
has infinitely more at stake here & feels
and infinitely deeper interest in the matter
than we have & can possibly feel.

In such a spirit it is if I know my own
heart, I want to present a statement of facts
in relation - to the framing season - to the
meeting in relation to the call of a mutual
Council or Committee of the church - & perhaps
one or two others at which I was present -
My health has not allowed me to be at
the church meetings often, but I think
have a very distinct recollection of something
which have not been brought out with that
prominence which they deserve, because not
so in the recollection of brother Bescom.
I should do it as a solemn duty which I owe
to the dear Lord in whose favor I wish to
live from day to day - There are things in
the pamphlet of the majority which ought not
to be let to pass over slurred as they have,
or resting on their insinuations or vague state-
ments. The Council have said it & they no
doubt feel it & they want all the light they
can get - they are not come here merely
to obey the call of the church or follow its

My Dear Sir

I have had a very pleasant interview with Mr Storrs to day - one of the Executors of the Hutchinson will - I am quite sure it will be given to the University - bearing your name. He went so far as to say that "my opinion candidly expressed" would govern him in the disposal of it.

If that is so - it is settled. He is a most substantial matter of fact man. and a warm friend of mine.

That portrait will be sent you in a day or two. I never should have thought of such a thing if you had not asked for it. Others may think me vain; unless you explain it. I am quite sure you will relieve me from such an ~~embarrassment~~ embarrassment. I am anxious

to hear the result of that Council.
I shall pass through In-
gton next month when on our way
South.

Mrs Clark and our daughters
are in kind remembrance to yourself,
your brother Charles & wife.
