To
Major Gen. A. C. Honan
Dear Sir,

I wrote you more than a week ago asking you to come down and help us in our Convention to be held in Westley. I have not heard from you and thinking you had not received it I write this. We want you more pointed in our call. The Convention will be called to meet Tuesday and Wednesday Oct 19th + 20th. Please answer me that you will come. I know you can do us good.

Yours Sincerely

Government Hospital for the Insane
near Washington, D.C., September 22^d 1879.

Sir,

I respectfully acknowledge the receipt of your note of the 20th inst. enclosing a copy of the affidavit of Patrick's Master, dated September 18th 1879, and beg to submit to the Hon Secretary of the Interior, the following narrative of facts in answer to said affidavit and in explanation of it.

Patrick and Eliza Master, man and wife, were employed at the Hospital as attendants in immediate charge of the patients in the East Lodge, that for colored women, uninterruptedly from April 18th 1875 to November 24th 1877, inclusive. Their duties were as follows: - Patrick took care of the single fire for heating the Lodge in cold weather and had charge of a party of patients engaged with him in mowing, repairing and refilling mattresses for the whole house. When in the mattress shop he was within call of his wife in the Lodge, and in the absence of a physician or supervisor, was expected to assist his wife in managing any patient that might become violent. His wife took care of the wards and patients and when un-occupied with those duties repaired clothing, matted ticks &c, &c. They were respectively paid at the rate of twenty and ten dollars per month, in money, during all the time they were in the service of the Hospital, as he states in his affidavit - no more and no less. Besides receiving in addition to their pay in money, their board, washing, medical attendance when sick &c they were permitted to leave their little son with them who was an infant when they came here

in 1845, which is the reason that her wages were rated at \$10 instead of \$12 per mo., the rate usually paid a good female attendant of some experience.

From April 18th 1845 to November 25th 1847, inclusive, is $3\frac{1}{30}$ months which at the rate of \$30 per month (\$20 for Patrick and \$10 for his wife) amounts to \$939 & the exact sum that was due and paid them while here. Vouchers for those payments were taken as follows: -

Voucher No. 1442,	Pay Roll for June, July & Aug ^r 1845,	$\frac{60}{30} = 90.00$
do " 1544,	" " " Dec. '45 & Jan'y & Feb. '46,	$\frac{60}{30} = 90.00$
do " 1545,	" of Pat ^r & Eliza Mober	133.00
do " 1585,	" Roll for Mober. April & May 1846,	$\frac{60}{30} = 90.00$
do " 1668,	" " " June, July & Aug ^r " ,	$\frac{60}{30} = 90.00$
do " 1718,	" " " Sep: Oct: & Nov ^r " ,	$\frac{60}{30} = 90.00$
do " 1779,	" " " Dec. '46 Jan'y & Feb. '47,	$\frac{60}{30} = 90.00$
do " 1879,	" " " March. April & May " ,	$\frac{60}{30} = 90.00$
do " 18,	" " " June, July & Aug ^r " ,	$\frac{60}{30} = 90.00$
do " 148,	" " " Sep ^r , Oct. & $\frac{25}{80}$ Nov ^r " ,	$\frac{57.50}{28.00} = 86.00$
		<u>\$989.00</u>

The names of Patrick & Eliza Mober do not appear on the Pay Roll for March, April and May 1845, in which period they made $1\frac{1}{30}$ months nor on the Pay Roll for September, October and November 1845, 3 months, and both of these periods are covered by Voucher No. 1545 for the payment of \$133 & for $4\frac{1}{30}$ months' service at the rate of \$30 & per month for the services of both.

No other Vouchers in any form or effect was ever asked, given or taken for the actual

153

payment of any amount in any manner, by me, as superintendent and disbursing agent of the Hospital, or by me in my private capacity, to Pat^r and Eliza Mober, or to either of them, for their services as attendants or for any other services rendered by them, or either of them, or for any supplies, property or other thing furnished the Hospital; nor has any voucher other than the ten (10) enumerated above, amounting to \$939⁴ been asked or taken of Pat^r & Eliza Mober or been given or signed by them, or allowed by the accounting officers of the Treasury in settling my accounts, in order that I might obtain, or by which I have in any manner obtained, credit for any payment alleged to have been made ~~and~~ ^{but} not really made, to Pat^r and Eliza Mober, or to either of them, or to any other person or persons, either for personal services rendered or articles furnished the Hospital.

I did state that Pat^r Mober was in the service of the Hospital for a considerable length of time, some years before 1845, and married a previous wife while in such service, and that my declarations here made in respect to payments of money made to him and his wife Eliza, are not intended to include or in any way refer to, any former term of service at the Hospital, before and during his first marriage.

The reason why I took Voucher No. 1545 in the form I did, I recollect perfectly well. It was because it then appeared to me that the portion of

their time, considering them as laboring jointly, occupied in ^{repairing} masonry, ~~masonry~~ would be most fairly expressed in that way. Afterwards thought that such a separate voucher denoting that they spent a part of their time at masonry masonry, was an unnecessary distinction without a difference, and I thereafter, without interruption till they left the service of the Hospital, put their names on the Pay Rolls of attendants; and I have paid their wages in the same capacity, in the same way.

In regard to Patrick Mober's allegation that "neither at the time" (of signing voucher No 1545) "nor afterwards did the said Atkins, or any one, explain to the deponent or his said wife the purport or intent of said Voucher, but afterwards he did say to said deponent that pay would be allowed him for work upon masonry." I can only say that his recollection must be materially at fault, for I find that on the 30th day of June 1846, by my check No 123, on the First National Bank of Washington, D.C. (in which I at that time, with the approbation of the Department, deposited the public money in my hands) drawn by me in my capacity of Superintendent of the Hospital in favor of Patrick ~~Mober~~ and Eliza Mober, I paid them \$312 ²⁹/₁₀₀ for six months' ~~work~~ services as attendants and for 4 ¹³/₃₀ months' work at masonry masonry = 10 ¹³/₃₀ months' service at \$30⁰⁰ per mo. = \$313⁷¹/₁₀₀. The amount of the check is, it will be seen, one cent less than was their due for the time they were then paid, which was occasioned by

144 5

throwing off the portions in settling their pay separately. I have long been in the habit of writing on the back of every check I drew the nature of the services or the name of the article or class of articles for which the check is in payment, and I find that I wrote on the back of this check, "Good Hospital for the Insane - For filling mattresses and services as attendants". Patrick Maher does not write and I do not know that he reads, but his wife both reads and writes, and I do not deem it ^{at all} probable that they will receive a check for over \$300. and keep it long enough to get it cashed, without reading what was on the back as well as on the front of it.

Patrick Maher's subsequent statement that "afterwards he (Athens) did say to said deponent that they will be allowed him for work upon mattresses", is in all probability, as it seems to me, his wife's inexact recollection of what Athens did tell him and his wife by my direction, viz: the full purpose and amount of the Trustees in question. Moreover, from my habit in such cases I am confident that the check was handed to Maher either by myself or by Dr. Godding, Senior Asst. Physician, and tho' neither of us can recollect the act or circumstance of handing it to him I entertain no doubt that one of us fully stated to him the time and services for which payment was made by the check in question.

The averment of Patrick Mahon ^{that} there are "no such buildings as 'cottages for the use of employes having families' nor a 'coal house' either 'completed or well advanced,' as is stated in the report of Dr. C. H. Nichols, Superintendent of construction of said Hospital, dated October 31st 1868" is true as far as new cottages are concerned. An appropriation of \$6,000 had been made for the repair of old houses or cottages and for building new ones and another of \$2,000, for a coal house on or near the ~~Hospital~~ wharf, and when I prepared the report referred to, the repairs of the old cottages were under way and the extension and replanking of the wharf for which a part of a previous appropriation was designed, were completed. The building of a coal house was considered as a sort of continuation of the latter improvements and I thought that at the usual time of presenting my report in November those improvements would be "completed or well advanced," and so wrote. There were several reasons why those improvements were not carried forward as contemplated at the time of writing as I did. I still found that I could not execute the work as economically as I expected when the estimates were made, and felt confident that it could be done more satisfactorily in that respect at a future period. Besides, the prospect appeared encouraging (now almost realized) that the Government would soon acquire an additional tract of nearly 150 acres of land then in the possession and use of the Hospital, upon which, should the acquisition be made, it would better subserve the economical service of the Institution to place one or both of the new cottages contemplated. The wall enclosing the original grounds of the Hospital was being pressed forward, and as

[Faint, illegible handwriting on lined paper]

the Season advanced it appeared much the wisest course to let other improvements give way to that great and important one. It was entirely an oversight that the report as at first written was not corrected in the particulars in which it was incorrect; and the error, innocent as it seems to me to be, under the circumstances, has been a source of some mortification to me, but it has never been referred to, to my knowledge, till it was brought up by the parties to the affidavit I am answering.

This part of the affidavit simply avers that my report as Superintendent of Construction for 1867-68, states what is in fact untrue, but upon the supposition on my part that that avowment was intended to give rise to the inference that I had drawn the money appropriated for the cottages and coal wharf and was using it in some private business, or in some way to my personal advantage, or to the advantage of my personal friends or relatives, I will add that neither of those appropriations nor any part of either of them has been asked for by me, or drawn from the Treasury of the United States, nor in any manner, in whole or in part, placed to my credit, and that I have not in any manner or effect used the whole or any part of either of those appropriations.

The truth of all my declarations touching the actual or implied fraud charged in Patrick Maher's affidavit can be verified by my accounts in the Treasury Department which I have not seen since they were rendered; and I make and sign this communication under a due sense, as I believe, of the obligations of my official oath, but if it will in any manner or degree facilitate ~~should have been written~~ honest Dr. H.

[Faint, illegible handwriting covering the page, likely bleed-through from the reverse side.]

the official disposition of the charges that have been made against my integrity, I shall be glad to make oath to the exact truth, in letter and spirit, to the best of my knowledge and belief, of all I have stated above; and my senior assistant, Dr. W. W. Godding, a gentleman of mature years and of the strictest and most conscientious integrity, who assists me in conducting the financial affairs of the Institution, will also willingly testify, under oath, to the truth of all I aver and deny in this communication, except as to anything herein referred to that may have occurred prior to July 1865 when he became first assistant in consequence of the death of his predecessor.

I am, very respectfully,
your obedient servant

That he is upwards of thirty
years of age; that from the 18th day of
April A.D. 1865 until the 31st day of March
1866, he, together with his wife Eliza
Maher, was employed as an attendant
at the Government Hospital for the Insane
in the said District of Columbia; that
during the said time, from the 18th day of
April 1865 to the 31st day of March 1866,
and for sometime thereafter, both depo-
nent and his said wife were employed
as attendants at said Hospital, and on
the pay-rolls thereof; the deponent
at the rate of twenty dollars per month,
and his said wife at the rate of ten
dollars per month; and that during
the said time, from the said 18th day of
April 1865 to the said 31st day of March
1866, and for sometime thereafter, both de-
ponent and his said wife received their
full pay as aforesaid, ^{at the rate aforesaid} and no other pay
or compensation of any kind. That on or
about the said 31st day of March 1866, Mr
Atkins, who was then the Clerk at said

Hospital, presented to deponent and his said wife, a printed voucher in black, which contained no sum of money, and was merely a printed form intended to be filled up, and requested deponent and his said wife to sign the same, which they then did sign accordingly; that no explanation of the character or purpose of said voucher was then made by said Atkins, nor any one, and that deponent and his said wife signed the same supposing it to be right and proper, and in the usual course of business at said Hospital; that neither at the time, nor afterwards, did said Atkins, or any one explain to deponent or his said wife the purport or intent of said voucher, or why their ^{said} signatures thereto, were required, but afterwards, he did say to deponent that pay would be allowed him for work upon mattresses; that neither the deponent, nor his said wife has ever received from said Atkins, or from any one, the said sum of One hundred & thirty three dollars for which said voucher is now filled up, nor any part thereof, nor have they or either of them ever received any payment or compensation for their services at said Hospital, except their regular pay as aforesaid, at the rate of Twenty and Ten

Dear Sir. I have been to see Mr. McKim in reference to the Christian Association Stock he says that he could not, possibly take it for more than what he could sell it for, and he did not think that it would bring more than eighty cents on the dollar - I also went to the banking house of Jay, Cook & Co and asked what they were paying for it. They told me that they were buying nothing but Gov Bonds. They told me that they were worth from eighty to eighty five cents. Dear Gen:

I think you will readily call to mind the gist of my conversation with you on last Sunday evening about letting our Lecture Room. I understood you to say positively that the scheme did not meet your approval.

This morning Mr. Watson told me that he had been notified by one of the Trustees to make arrangements to put a cheap stair way in the East tower.

I was at a loss to understand this: but have since learned that some vote looking that way was passed at a meeting of the Trustees last Monday evening-

(over)

to them.

I have conferred with a few of our prudent and careful members and think my suggestion will meet general approval.

If such a step is necessary I can procure the names of Messrs. Hodges, Giddings, Frothingham and others to call for a public meeting as above.

Had not the whole matter been
settled until Mr. Rankin can carefully look
over the field and make up his mind as
to what he wants.

Now the whole affair appears both comical and vexatious.

It is comical because the Trustees have as much and no more right than I to order a change in our building - The oversight and management of the building was entrusted to a Building Committee by vote of our Society - and said Committee cannot transgress the plan of our Architect without authority.

But it is vexatious to have so serious a move made without general consultation and formal assent of those alone authorized to vote assent.

I trust you will at once speak with Balloch, Eaton, Cooper & Bascom and present these views

The subscription price will be advanced a few cents 75 cts per year for single copies & 20 cts in clubs of 100. This covers all expenses of the paper of all sorts. Advertisements are therefore a clear profit & as no one is allowed to make anything by

the enterprise they constitute a fund for the improvement
of the paper & for the publication of documents on the
work.

A portion of this fund is to be appropriated to com-
pensation to such writers & articles, as in the judgment of
the Editorial Committee, will best forward our enterprise.
I am instructed to say, General, that we will send you
\$10 per article for such articles, of from half a column
to a column in length, as you can send us. This is the
full price for Editorial matter. We would like to have
one every two or three months if convenient.

In November we propose having a public meeting
some Sabbath Evening probably in the Brick Ch. (at
Sparta) We hope to have yourself, Rev Cyrus D. Foss, & if
possible Dr Fowler of Utica. As Mr Foss is near at hand,
& Dr Fowler is one of the Executive Com. you are requested
to fix the time. We wish to fix two or three important
meetings in New York & Brooklyn this winter & this is the
first.

Providence has exceeded our utmost hopes in enabling the
Commission to secure the co-operation of earnest & able men through-
out the country; we trust He will add the higher blessing of His
approbation. It would be a favor if I could hear soon.

Yours with very much Respect
Alfred C. Roe

Dear Sir

I am just
in receipt of your favor of the
23^d. You do not answer the ques-
tion of the General viz what is the
name of the Secretary of the
Young Man's Christian Association
I think the man I mean is Secretary
He is the one who has the
management of the rooms and
conducts the prayer meetings I
think he is a Methodist Minister
I wish to communicate with him.

Truly Yours

Major General, O. O. Howard, U.S.A

General,

On or about the 7th inst.

I ventured to write you, reciting a little of my Military history, &c, and requesting your influence with the Honorable Secretary of the Treasury, or other persons, to secure for me Promotion in the New York Custom-House, to that of "Inspector of Imported Cigars" or some other position, suitable to my capacity; I may have calculated too broadly, General, for the small foundation I possess for any Special favors, such as I sought; but as I have received no reply, I am in doubt whether you so consider it; or whether the letter alluded to may not have failed to reach you.

May I respectfully ask the favor of a line advising me, whether the request preferred can be consistently granted.

I have the honor to remain, General,

over

Very respectfully

Your obedient-servant-

John D. Terry.

BROOKLYN, Sept. 25th, 1869.

Dear General:

Yours of the
23rd inst. was received.

We have arranged matters
by giving Newark Oct. 25th,
and New Brunswick Nov. 12th.
This will require a run from
Boston to New York and back,
but will enable you to spend
the Sabbath and Monday
(24th & 25th) with your friends
in the latter city, and will
take you from your duties one
day less in Nov.

I hardly need say that we
would be more than pleased
to see you in Brooklyn -

Very truly yours,
Chas. Mumford.

Gen. O. O. Howard.

who has been in California for four years
just has been at home this summer.
She is now in Massachusetts: we have
enjoyed her visit very much indeed.
She will return the first of the winter.
My sister Caddy is still with me: we
often talk of you - Julia Brown. She one
who used to live with you: still lives close
in that part of the town, by Mrs. Blaines.
She expects to be confined in a few weeks.
This is her first child by this marriage.
I often think of the pains you took when
she was quarrelsome: she has proved perfectly
true, feeling the sanctity of her marriage.
Bet - Fane. has been a real Southern boy,
having had two or three different "ladies".
She has felt at times she could not live
with him: he has never cared for her
children: all she expected or asked for
of him was to let them alone. Martha has
grown large enough to live out. She is
at Judge's Cony. I do not know as you
will care for all this, but I know how
much interest you had in them.

Please give my warm
love to Fannie. I am
afraid she will be a
very lucky person I see
you again - It goes on
well - All of Mrs.
I look for her only
at California a
few days ago: she is very
much affected. I have
not met her since he
left - Any letter to the
Boston Society. Is she
in prison - With
her - I am for yourself &
the children below me.
I hope in some of his vacations you will

was a little about the state of the church. You have now called a Mr. Beigham to be our pastor about two years since. The mistake was, that he received the call before other people have heard him sufficiently: and now we are in a most unhappy state: very much divided and I think we can never be united till we have another Minister for our own part. I do not feel that I have anything in the pulpit or out of it, so far as Mr. Beigham is concerned. I have a large class of young ladies in the Sunday School and this I enjoy very much indeed. I see by the paper that the Gen. is to visit Maine next month. Will you please give my kindest regards to him and tell him how delighted I should be to see him. I wish he could come to see me if only for a short time. I was very sorry that I was unable to go to Brunswick in August. I thank you very much for your letter and his wife. My sister Mrs. Bant.

Let me hear from you and see James and Willie. Do you not mean to come to Maine yourself next of these days? How much I should like to see you. I am living here very much in the same quiet manner as I ever have: living really it seems to me for my children. I have great comfort in them and I hope they will grow to be Christian men and do a good work in their day for their Master. If Herbert has been in Europe for the last few months, and is now on his way home having been ordered to Annapolis to be examined for Cadet ships. We hope he will be allowed to come home for at least a few days. George is taller than myself and is for the present in the Express Office. Jimmy and Walter both go to school. Tell George that the latter has never forgotten her; for it was only the other day that he was saying how much he always thought of her and how much he would like to see her. Perhaps you will like to

Mr James Burke

Dear Sir,

Yours of the 13th inst is at
hand and would have been answered sooner
but for the fact that I deemed it necessary to
consume time enough to obtain the infor-
mation you seek.

The condition of the Poor Colored People
since the overflow has been extremely
distressing the loss of crops and comforts was
bad enough but that of health too, as well as
many lives from sickness mostly congestion
has presented a picture that to be observed
alone is to be appreciated. The same sickness
has prevailed among the whites and as
many deaths have occurred. So far as
I know this has extended throughout the
overflowed lands and is now extending
through the contiguous territory.
It is evident to me that unless provision
against the future is timely made much
suffering for clothing in winter and food
in the spring will be the consequence and

many lives will be endangered if not lost. The fact is every body in the overflowed districts feels the straitened circumstances and under the plea that Charity begins at home are becoming more and more callous, every day to others wants and necessities. Whilst it is ^{an} undeniable fact that a certain class of our white population who even contend that the white man is but an animal, and not human, appear to throw everything in the way of a timely provision for the winter of discontent, which is evidently ahead if not already at the gates of the poor improvident and ignorant freedman as well as white people and instead of reflecting upon what is to become of those who have lost all, have no money to buy with and no one has money to pay them for their labor, nor will anyone credit them for a loaf of bread whilst the realization of another crop is a year ahead, and no support to make it with. They ignore this calamity deny the self-evident truths which are the results of the overflow, seize some isolated individual or circumstances out of which to manufacture evidence to sustain their position though human beings may suffer and die whilst the charitable helpers abroad are deceived they are satisfied and seem to act as though they were benefactors of the public, such is the inhumanity and recklessness of human life, and the misery of some in our midst. Egypt had her ~~tharrah~~ and a mysterious Providence provided him a Joseph who provided against a seven years famine and saved the people. May that same kind Providence provide for us. Though we be as wicked as they the means of escaping the suffering consequent upon one year's scarcity, and that allow hopes ^{may} be sanctified to our future welfare here and in the life to come and in the end prove to have been a blessing in disguise. I have my prayer from the date of our Colony and my faith is strong in God that he will provide the means and that he will yet in this wicked land of ours, erect him a name that shall be feared, and before whom all
