I have not heard from lately, & seems to have found the position he gave some of his Church members, "dropped out" and if he & his friends, would only allow him to remain out, he & they would show more wisdom, and the Churches would be quicker as now see by the newspapers we are having a great political excitement, the Republicans held a great meeting in this town last week, Mr Pratt of Iowa & Mr. Blaine made very fine speeches, I met Mr & Mrs Blaine at the hotel, he seems very vigorous, well, spoke with great ease & clearness, I trust will live yet many years to serve his Country.

We have now in Hayes & Wheeler, take them all in as the two best Candidates for Pres<sup>t</sup> & V. Pres<sup>t</sup> that have ever been on the ticket for those offices since I became a voter

Brookspot Sept. 2<sup>nd</sup> 1876

My Dear Friend

303

I recd. a very well come letter from you so long ago at Brooklyn, I have so long delayed a reply, that I am almost ashamed to write you now, but I will venture on your kind forgiving spirit, and conclude you will be glad to hear a word from us even at this late day. We have had, as you know an intensely hot summer, on this Atlantic Coast interior, whether it has been so on the Pacific slope I am not aware.

In New York, where we all remained until middle of July, the weather was fearful night and day, so that my blood almost boiled, and

in opposition to Andrew Jackson, I think in 1828, I have never been at home

P.S. My 1<sup>st</sup> vote for Pres<sup>t</sup> - Hor Cass in N.Y. for J. D. Adams

this gave me an attack of the  
gout, more protracted than I  
have had for 10 years, did not  
wear a shoe for 3 weeks, but  
for the past 3 or 4 weeks I  
am recovering my general  
health & that of Mrs Buck &  
Emmie, has become excellent  
in this cool bracing air, & good  
nights to sleep.

Dr Taylor wrote me last  
week he was going to Moose  
Head Lake & wished me to meet  
him at Mt. Kineo; this I could  
not conveniently do, but went  
up yesterday to Libec & came  
down on the train with him  
to Bangor, where Mrs Buck &  
Emmie met us at the Depot,  
and as we had a couple of  
hours before the ev. train left  
for Boston & ours for Bucksport  
we took an open carriage

and made a general survey of  
Bangor, the Seminary, Thomas'  
hill, Broadway &c, & then had  
a good supper together & all the  
party enjoyed it much, Dr J.  
spoke of you & of the beautiful  
trip we had together at Gittys  
bush; he asked me if I had read  
your Article in the "Atlantic" for  
July on the Battle, (which I had  
with much interest) said your  
description, but the whole day  
& scene vividly before him on  
which we all visited the field.  
Taylor would have come down  
& spent Sunday with us, but for  
a previous engagement to preach  
tomorrow at Nahant.

I recd. a letter from Dr Storrs  
yesterday, he & his family, are  
spending the summer at Long  
Mead, and are all well, he  
returns to Brooklyn about  
the middle of this month &  
so do we Mr H. W. Beecher &

And I can but think, there is  
 yet Patriotism & Virtue enough  
 in the Country to elect them,  
 instead of Tilden this Democratic,  
Southern, Anti War, rebellious  
Crew, I hope Oregon will go right,  
 If Tilden does not go out of  
 New York City & Brooklyn with  
 over 50,000 Majority I think  
 the rural districts will be  
 able to overcome this, and  
 thus secure the State of New York.

We have a very popular <sup>man</sup> nomina  
ted (Gov. Morgan) for Governor, he  
 has in former years served  
 the State twice in that Capacity  
 very acceptably, and as his  
 War record, as well as his fi-  
 nancial, are good, there is a  
 fair chance of his election.

Mr. D. & Emmis send their  
 kind regards to you & Mrs. H.  
 and wish we were near en-  
 ough to see each other often,  
 but God fixes our habitation

for us in a much wiser, and  
 better way than we could  
 all we have to do, is to serve  
 him and our fellow men as  
 best we can, where he places us,  
 this I know you endeavour  
 to do, and by his grace, both  
 you & your good wife have  
 succeeded pretty well I think.

Don't let it be so long as I  
 have before you write, we are  
 always glad to hear from  
 you, and of the welfare of your  
 family. Is your eldest son  
 with you now or at the Coll.?

With my kindest regards to  
 Mrs Howard, believe me as  
 ever yours affectionately,

My dear General:

I know you will join heartily with me in thanking my good, kind friend, Senator Mitchell, for all he has done for me. By a steady, persistent effort, in the very face of the tremendous reductions now being made, he has extracted a promise from Judge Tyler, P. M. Genl. that absolutely astonishes me. It is to the effect that I shall have work in his department on the 15<sup>th</sup> of October, proximo. I know, Genl., that you can imagine with what heartfelt joy and gladness Mrs. C. and I received the good news. From the time I handed your letter and those of Genl. Simpson and Hon. Sol. Hirsch to the Senator he manifested the most lively interest in my behalf—never ceasing in his up-hill work till he had accomplished the herculean task

his friends and myself had put upon him. Tell all his friends in Portland that they may safely trust their interests and requests to the care of Senator Mitchell with the full conviction that they will never be neglected. A few weeks ago when I told him of my pennyless condition he drew from his pocket a twenty dollar bill and, in spite of my objection, ~~he~~ thrust it upon me. When I bid you good-bye, Genl., I felt in my heart that I was parting with the dearest and only substantial friend I had on earth; but God in His mercy has provided me with another who has indeed proved a true friend in the hour of my greatest need. With deep reverence I can now say "Praise God from whom all blessings flow." The Senator leaves here for home about Wednesday next. Don't fail to assure him of the sincerity of my gratitude, for I greatly fear that my emotion prevented me from fully expressing my thanks when

he brought the glad tidings to our room. I told him to take with him my assurance that the promise I made you never to drink has been fully kept. This evidently gave him much pleasure and he advised me, for his sake, to stick to my good resolution through life—and I will.

Mrs. C. & I are truly grieved at the sad, sad news of our dear friend, Sladen's, misfortune. Please give us full particulars, as Major Boyle simply stated that he had fallen and again broken his injured leg.

Say to friend Wilkinson that I have not forgotten my promise to write him concerning my trip home. But indeed my mind has been so occupied with my miserable condition that I could think of nothing else.

Love to all. I hope soon to see you, General.

Very truly yours,

Genl O. O. Howard.  
Portland Oregon.

Dear General. I received  
your telegram of yesterday week, and that of  
last Monday. During last week, Morrill was  
away, having gone to Maine the week before, and  
there had been a general scattering of all the  
officials, to get rest, and to avoid the importunities  
of the friends of employe's about to be removed.  
The Attorney general, and Sec<sup>y</sup> of War, were busy  
denying means to secure a peaceful and fair  
election in the South. I was unable until today,  
and then with difficulty to get a conference  
with Genl Sherman. He said that he had not  
approved your application for leave, and antici-  
-pated as I thought that he would not do so at  
present. He declared that he considered him-  
-self one of your best friends, that he under-

108

stood your anxiety, and your situation,  
and has your affairs constantly in mind,  
and thought that in good time he could do  
something which would be satisfactory.  
Among other things, he said, "Advise the  
General, to do his duty cheerfully with the best  
of his ability where he is, and the earliest  
opportunity will be taken to give him  
the chance <sup>he</sup> wishes, and assure him  
that I shall not forget him." or about  
these expressions.

Secretary Merrill will  
not be back until after the Maine election  
day about the middle of this month, and  
the President and Officials generally will  
be absent until next month. In fact  
little will be done except of routine work  
until after the Presidential election, in  
which the chances now favor Hayes.

Remember me kindly to Mrs. Howard

Yours truly

My dear General

I rec<sup>d</sup> your very kind note from St. Wood. We had about given up the bottle for the baby when your information reached us concerning the ventilation of the bottle. We both appreciate your kind advice about church and especially your suggestion to cultivate Mr. Highland, whom we like very much. Mr H. did call on us more than a year ago, but Mrs. Burton has been in very delicate health ever since up to the present time, and though we intended, yet really never could get over to return Mr. Highlands call. In case you should, with Mrs. Howard,

visit Victoria this fall we should  
be pleased to have you remain  
over a few days with us. I should  
esteem it a great pleasure to  
meet Mrs Howard. and I think  
she might enjoy a visit at the  
Post. Mrs B & myself were pained  
to hear of Capt Statures misfortune  
Howard or Bailey thinks it a  
bleeping in disguise. I hope so.  
Mrs Burton joins me, and  
I many kind wishes for Mrs

a pleasant voyage and safe

trip to the East.

With much respect I remain

To

Sir,

I am obliged again to ask of you a favor. For the last sixteen months I have been employed in the Q. M. Dept. at this Post as Agent and Clerk. and owing to the limited appropriation in the Dept. for this year my pay has been reduced from \$125. to \$75 per month. An application was made a short time ago (under date of the 8<sup>th</sup> inst) to the Chief Quartermaster of the Dept. (Genl Sastor) to have my pay increased to at least \$100. per month, but the application was not favorably considered. as the appropriation for Army Transportation, from which I am paid, would not allow it. Can you not consistently write to Genl Sastor, whom I think is a friend of yours, and ask him if he cannot give me a better position, or at least, to increase my

Salary (which I think might be done  
very readily, if I had some one of influence  
to urge it for me.) that after paying  
factual and needful expenses, I  
might have something left. I  
am obliged to work pretty hard, as I  
is a Deput, and I do not consider  
that my pay is adequate to the  
services which I render. So much as  
am compelled to work for a salary,  
it is to my interest to procure as much  
pay as possible. I am sorry to trouble  
you, and would not want you to do  
this for me, unless as I have written before,  
you can do so consistently.

I am very glad to see

he will like a life of a Soldier.

My ever appreciated Christian friend,

I understand you are in our town  
 I should have called, had I known where  
 to find you. Your going so far, ~~say~~ <sup>and</sup> away  
 has been a death blow to the first Freedman's  
 College, ever reared at the national Capital.  
 Professor Langston, told me it was sinking  
 at the rate of \$35,000 <sup>have</sup> per annum. We  
 thought you ought to resign your place, in  
 the Army, rather than to have forsaken the  
 grand enterprise your influence, & zeal  
 had well nigh stereotyped forever, as a  
 splendid success. The Villa, you sold to me  
 for \$32,000, and that has cost me several  
 thousand <sup>since</sup> more, has shared the same ste-  
 reotyped prejudice, that exists against the College.  
 The business men, had, seem to have agreed  
 to sell Effingham Place, by the vulgar slang  
 of Digger Hole. I can neither rent, or sell  
 it, and now I must lose it altogether, as Mrs  
 Johnson, threatens to sell it, under the pressure  
 of the threatened pressure. I was unable to

to pay her, the <sup>last</sup> six months interest, due on the  
first day of August 1876. My Christian  
brother, you owe me, exactly \$550, and I  
have waited for it, ever since the spring of  
1874, as you, in your Agreement, of Sale, prom-  
ised to pay the interest for August 1874  
and also give me \$1800, <sup>in advance for</sup> rent for one  
year. I know your great troubles, and  
have used my pen, all over the country  
to try to raise up active friends, for you.

I would not begin to mention your debt  
to me, except that I am in such an extreme  
pinch, to save from violent foreclosure  
of mortgage, the large property I bought  
from you, that has never yielded me  
a cent of income. I know you have  
a MOST heart of brotherhood, for the  
whole human race; therefore the pro-  
vices you "a good <sup>man</sup>" even if your ene-  
mies wish you, for want of financial  
cunning, to shake off the thrives who  
have surrounded, and reached you  
in the expenditure of public money.  
Did any one ever yet see a noble generous  
man, or woman, who could not be victor-  
ized, by the coarse self <sup>adoring</sup> idolatry of the

atheist, to whom money is the Great Diana  
the supreme deity of the covetous;  
Since I saw you, my aged, only brother, has been  
assassinated for fifty cents, by two <sup>starving</sup> negroes,  
only 27 years old, whom he had befriended, from  
their birth. All his life, had ~~been~~ spent  
in doing good to others, & when he was struck  
down at 76 years of age, he was so instantaneous-  
ly killed, that he did not know who struck  
him, when twelve bullets <sup>were</sup> fired into the  
back of his head, blowing it off. Poor poor  
negroes, their most diabolically selfish, though  
often pretended friends, urge them to these <sup>numerous</sup> suicidal  
assassinations, of their white neighbours, thus  
forcing awful retaliations, when it would be so  
much better for both races, to love, & befriend each other.  
My adopted daughter's husband, was last  
year, financially ruined, in Minnesota, so she  
came here, to live with me, & her wedding gave  
more, to my care, for support. Shortly after  
she came, that is nine months afterwards, she  
was delivered of a child that killed her, of the  
good. God! what lingering pains; what redoubled  
throes; what killing agonies attend this mysterious  
birth of a son of man. His tortured mother pro-  
duces the event in bitterest anguish. She, flee  
from the mournful scene, flies to distant apartments  
but in vain. The din of sorrow's murmur, & wretches  
you there

Sympathise & pray, while she suffers & groans, perhaps  
while she suffers & dies, for possibly it is her  
groan, that reaches your ear, perhaps the instrument  
of death are upon her; the keen steel mangle  
her delicate frame, the fertile tree is cut down  
that its ~~in~~ fruit, may be garnered <sup>safely</sup> & this is the  
earth, earth, earth; ~~these~~ <sup>conceal</sup> these slain, cover the  
blood, and detain in thy dark bosom the fearful  
curse, that brought them there. Vain wish  
to be confined in thy deepest vaults  
ranges through the world; with unrelenting  
fierceness it pursues trembling mothers, for  
them to lift up their voice for speedy relief  
through varied according to the accents of  
or hundred languages; it is still the same

My Dear General

Received your letter in response to mine about my son Lawrence (Capt. Rabbit) joining your staff.

I appreciate fully the sentiments of your letter, and intended to have a personal interview with you upon the subject matter of our letters; till I was advised of your somewhat sudden departure.

I do not now allude again to the subject of our letters, to urge upon you a compliance with our solid desire; nor would he, or we, under any circumstances wish it, excepting <sup>in every</sup> perfect and full accordance with your own preference.

I write mainly, to suggest, that while in Washington you can if you please, speak with the chief of Ordnance, and other authorities of Army & Co. as to the practicability of

the assignment of Capt B. as suggested.

Mrs B. & W. came here a few days since on a visit to Judge Hingard and wife and after a pleasant sojourn of a few days expect to return to Ireland tomorrow.

Saw Mrs. H. just before leaving Ireland, apparently quite well.

I write this note, not knowing whether or not your business will detain you in Washington long enough for you to receive it there.

I think I will direct to care of the Adjutant Genl, who will place it in your hands if still there.

Ever Respectfully

and Truly Yours

E. B. Rabbitt

## Board of Indian Commissioners,

Washington, D. C.

N.Y. Sept. 30 1876.

Dear General Howard -

I have received your kind favor of the 28<sup>th</sup> inst. I cannot judge correctly respecting departure or date of same until early next week. We have certain very important matters in Court in St. Louis, de minimis in which are hourly expedited - It may be utterly impracticable for me to be absent from New York in October and November. Yet I trust that I may overcome the importunities of my associates who think I am very necessary in working out certain results.

- If I had only my own personal  
interest involved, I would  
anyhow. (to V): but these  
large interests in which I  
am vitally concerned, and  
duty may bid me stay  
the ship here -

I am quite well  
fixed - but not exactly happy  
the position - and the association  
immediate is not just the  
I like - "Have you something  
in your eye for me?" It would  
be just like you to be on the  
look out for somebody -

Please remember me  
me most kindly to the family  
at home - I wish you could  
spend a little time with  
us our sea-girl - here.

Yours Very Truly

My dear Friends,

Many times daily,  
different members of the family say  
to each other, "Is there no news of  
Genl. Howard yet?" - We are so truly  
glad to know definitely, that you are  
coming to us and just when we shall  
have no <sup>other</sup> guests for next week.  
Grace has not arrived yet. I feel  
tempted to telegraph to her - With  
sincere regards ever truly yours friend,

Dear friend

I am in receipt of yours of 28<sup>th</sup> Inst. and note contents. I don't quite understand the particular present troubles with the Nez Perce Indians, nor am I fully advised of the mode of travel from Portland Oregon to their reservation. I have supposed that the route of travel is by the Columbia River, and possibly by its tributary, the Snake River, if that is navigable. If on the contrary there is a long stage or waggon route,

Please tell me how long, and how much time is required to make the journey from Portland.

I was not willing to go out simply to buy supplies. This is more than a dollar and cent business to me. Now was I willing to go alone. I fear that I ought not to go at all. I fear that I cannot go without neglecting some private interests of importance, to say nothing of my public duties here. I have <sup>to consider</sup> ~~considered~~ the question of going, providing we can get away in two weeks, and there is promise of accomplishing any good by the journey. I shall try to find time

to write to Mr. Stickney to day. Who, I am told by Gen. Fisher, is prepared to go.

Tell me something of the climate at Lapwai. Though the winter climate is mild on the coast, I have supposed it might be quite severe, so far in the interior, and in a region, as I have supposed, somewhat mountainous. An early answer, though brief, will ~~oblige~~ <sup>oblige</sup> me. I am hoping to be in Hartford from 3<sup>o</sup> to 6<sup>o</sup> Oct. in attendance on the meeting of Am. Board, but may not be able, especially if I give serious thought to this
