The Dallas, Feb. 11th 1879.

Gen. O. O. Howard:

The Ladies of "The Working Society" of the Baptist Church of this place, desire to have a course of lectures for the benefit of the Church.

I am instructed to ascertain whether you will deliver one of the lectures, and if so, upon what terms, and at what time.

We wish to begin the series on or about the 5th of March, and would like to place you first on the list, if convenient for you.

Should you come, I know that my husband, now absent, will join me in hoping that you will consent to become our guest, while here.

Very Respectfully, Julia Chandler Hill.

Gen. A. C. Howard,

Dear Bro^d Friend:

Mr.

Charles M. Anderson - oldest son of Pres. A. J. Anderson, formerly of Portland, Or., now of Seattle, W. T. - desires an appointment as Cadet. Our Member of Congress is already pledged to some one else. And on account of age Mr. Anderson will not be eligible after this year.

His only hope now is through appointment by the President. And he wishes to know if without breach of military or official etiquette you can and will recommend him to President Hayes either directly or through some influential

friend of yours.

To you I may state that Mr. Anderson is Principal of the Commercial Dept. of the Territorial University which position he fills creditably. From personal knowledge I can say that he is likewise efficient as Military Instructor for the University.

He is also a worthy and ~~an~~ active member of our Church here.

Truly and respectfully,

J. T. Ellis,
Pastor Cong'l Church.

Dear Gen Howard-

Our baby
Cora Maude was one year old
the 24th of last month. We want
you to see her picture taken on
that day - she is so sweet and loving.
We c'd only get a few and must
ask the return of this one after you
& Mrs H - see it.

Capt Ayres is fixed all right.
He does "carry his recommendation
in his skill"; but nobody will
help a stranger to money on that acct.
But he has secured a printing
office on terms suitable to his
circumstances.

The Lord be good to you and

Sir: I have the honor to enclose a letter from Rev. J. F. Ellis, also one from Hon. T. S. Bronte.

I much desire the appointment to a cadetship at West Point. You will see from the enclosed, that there is no hope from our Delegate. Hence I wish one at large from President Hayes. If you can aid me in any way, I shall be very much obliged to you.

Very respectfully yours,

Dear General

It is likely you are kept
posted with the current events of our City
by some of the many friends which you
left behind you, and yet I wanted to
be remembered by you and for that reason
as I have a few leisure moments thought
perhaps I might say something which would
be of interest to you.

Knowing you have a very warm place in
your heart for our Y.M.C.A. I will speak
of that first. You may be aware that we
have as our Genl Secy. Res. O. C. Morad a
young man and Pres. of a Mr. Morse of N.Y.
Secy to the Executive Com. of that City and
as our Pres. Geo. A. Hull said about him when
at our Welcome Meeting last Fall so it has
proved; and that is there was no let up to
him, for it has been the liveliest place

in all Washington during the past winter
and we hope we are on a more permanent
foundation financially than ever before
as we have secured about three hundred names
who have pledged to give \$1.00 per month and
it looks as though other business than that
of finances could occasionally be considered
at our Board Meetings. The meetings are quite
well attended although as yet not so much
positive results can be seen as have been obtained
by us in the past. but it is the Head Quarters
for a large number of our young men and
the results will be seen no doubt in time.

Our Church is still ours and not another
denomination, and we have very full
house every Sabbath. While there are a few
that are pulling back, and would like to
see some one else than Dr Rankin in the pulpit
I think it makes many more of us love
him all the better because of our fear
that he might be spirited away as some
Baltimore Presbyterian Church tried to
We still have a church debt, although
it is in such a shape that it has not

worried anybody that I know of out
side of the Trustees. It is being tried to be
ripped out by weekly contributions, and
could be if our people did separate every
summer. It is about \$24,000. \$1100. of the
principal was paid in this way last year with
no extra effort and I suppose that amount will
be cancelled this year.

At our last Annual Church meeting in
Jan'y. L. Dean. was elected as one of the
Deacons.

A few weeks since a gentleman came to our
Hall for a room, and we were able to accommodate
him. We were happily surprised to find that
you have such a knowledge of him as it was
Major Deed and he has now gone to New Orleans
He gave us a brief account of your Indian
Campaign and said among other things that
you were the same Christian man in the field

as when in the presence of your own immediate family all of which I was prepared to believe, and singularly enough the very evening that he told me this I had charge of our young peoples meeting, a stranger came in and spoke a few words saying that he had been a Soldier under your Command and your kind Christian help and counsel when he was seeking Christ led him into the light and as he was passing through the City he wanted to say a word in the Church which he knew you had been largely identified with. I thanked him for coming in amongst us, but as he had to leave us before the meeting concluded I didn't learn anything more about him.

I am still in the employ of the Steamship Co. and keep the Books of the Metropolitan Railroad Co. as well. and the Lord has prospered me in every particular save perhaps giving me a family, but of that I will not complain my wife thinks she is baby enough.

We have a Mission school about three miles outside of the City. Out of which a Methodist Church has since been formed. The school is open our hearts. Please remember me to each of your family, Yrs. John Wood

Dear Sir—

We enclose herewith Agreement relative to "Donald's School Days" made out & signed by us in duplicate & if you find them to be satisfactory, please add your signature to one & return one copy to us, retaining the other for your own protection.

Taking into consideration the dullness of general business & the slight demand there has been of late for juvenile books, your work has made a good start & met with a good reception; we printed 1500 copies for the first edition & judging from present appearances, we shall have sold all of these by the 1st. of July next, the time for us to render you our first account.

As we presume you are interested in reading what the press has to say of your book, we also enclose you another batch of notices that have come to us since the last lot we sent you, & we will ask you to preserve them all carefully & return them to us at your convenience, retaining however, any you may wish.

Yours very truly

P.S. If there are any persons connected with the press, whom you would like to have receive a copy of your book, if you will send us a list, giving their address, we shall take pleasure in supplying them, if we have not already done so.

Dear Sir & Br

A few days

since I sent you a copy of a paper containing a Monday Morning Edition of Rev. Look on Alaska. As my book made some statements new to me, I thought you might be able to send me copy of reports corroborating his position. But this I have always said I know of no Indians among whom Christian men & women can do a better work than those of Alaska. Their very orance can be used to elevate them.

I am here sick. A terrible pain, I get at Antietam threaten to develop in a spinal disease. At first, I thought the injury trifling, but now it is serious. Yet God's will be done. I hope for the best

General:

I have the honor to acknowledge the receipt of yours of the 13th inst., and am very much pleased with the information of your soon visiting Seattle.

If you will accept the hospitality of one of your old Bureau officers, during your sojourn here it will afford him much pleasure. I have the best rooms and one to spare in Seattle. With Dr Weed formerly Mayor of this city, Mrs. Weed is a very active member of our mutual friend Rev. Ellis's ^{church}. I have to go to Port Townsend myself soon. It has been so long since I have seen any soldering '68 that I should love to see some of them. I have just received my letter of dismissal from Park St. Cong Church, Boston, and its recommendation of me to fellowship to Ellis.

I was not a Christian when in the Army. The G. A. R.'s are very much disappointed over your

declining to address them. They have a large frost at this place Rev. Ellis is their Chaplain. I have never joined the society from the fact that everywhere East, that I have seen them, their Camp Fires are nothing but a "Big Drunk," or a re-hash of bandy stories of war camps and picket reserves.

Here I'm informed it is far different, but I cannot see how it should be otherwise, for of all the ungodly places I have ever seen this is almost the worst.

I lived in Wisconsin in its infancy '46, and was raised in the Pinerie, where the worst of lawlessness could be ventured, still I never saw rum-holes and billiards open upon the Sabbath as here. They tell me of the utter, total depravity of the Si-wash, but I fail to see any moral example set before them by the old settlers.

Very respectfully

and most sincerely yours

Henry R. W. Ayres.

Attorney-at-Law,

Dear General:

Washington, D. C., Feb'y 21st 1879

Your last, very kind, letter found me in the midst of a frightful hemorrhage, still I hope.

In response to your telegram, I prepared two deeds of transfer - one from myself to Capt Staden and one from him to Mr Smith and sent them to Mr S. to be forwarded to ^{you}. This course was adopted because there is no power in the deed from you to myself to convey in trust in my opinion. It avoids all doubt and will save delay and expense hereafter.

With regard to the Fowler note, you are not in my opinion responsible for it. ^{you can not be harmed} Unless you promise in writing hereafter to pay it. So be careful what you write hereafter. The Hall note was endorsed to the bank before maturity, you are therefore responsible for it, even though you received no consideration for it. Do not let the Commissioners frighten you with a seal on the Fowler note. If ever able to get out again, I will aid Mr S. in any way that I can.

Sincerely

J. H. Cook

John was very grateful to you himself.

I wish also to tell you many pleasant things connected with his last sickness, but I cannot write to-day.

Sir.

Having been your special messenger through this upper country since Nov. 23^d. I have the honor to report as follows.

I am of opinion there will be trouble. My reasons are that Moses during the Council at Mr Wilbur's concealed something in his mind. I had nothing to do but to study his countenance and am convinced that he was keeping something back that meant no good. He was willing to make any promise whatever

that would procure him his liberty, rejecting all opposing reasons, saying his danger from the whites was the least of his troubles. He insisted on his rifles and ammunition being returned to him and was anxious about it. I am satisfied furthermore that an Indians mind cannot be made to comprehend why an Indian agent should have more to say about anything than a General. Such as you. It is my candid opinion that Moses has not been acting altogether in good faith. I wish also to inform you that the large majority of the whites in this country are

determined not to live peaceably with the Indians, therefore in my opinion the situation is a critical one.

I desire for the best interests of the government that this communication be kept as private and confidential as seems best to you.

I would like to help be-

you help? I will ask Bro

You will pardon me
but I feel anxious.
There are perhaps over
two hundred men there
that never go to church.
I would like to help out
with them.

I know Gen. Sully would
be willing (he is the com-

I believe) I got his

came to Vancouver.

As far as any oppo-

concerned, I think by
earnest work I could
overcome that. Many

My dear Mr. Howard,

I wish to request you to do me the kindness, in case any prisoners are to be sent down to Alcatraz - to authorize Lieut. Hunter the Adjt. of the 1st Corp. to go down in charge of them -

I make this request on account of the sickness of Lieut. Hunter's son, who, according to the Post-Surgeon's ordering of his case is troubled with hip trouble, and advises that the child be taken on to New York, and placed under the charge of Doctor Sarno, who makes a specialty of diseases of this character.

Mrs Hunter has just recover'd from an attack
of Malaria fever, and is still quite weak. So
that Capt. Hunter fears to have her attempt to
make the trip to San Francisco by herself. As
one or two of the men tried here, by the G.C.M.
last month were sentenced to be confined at
home being away from this post. I thought
that you might possibly order them down
to Alcatraz Island, and in that event, Lt.
Hunter comes just as well as not to take them
down.

Dear Genl In regard to the Fowler
note, the security seems to have
been sold out sometime since
and the amount claimed
against you is for the balance
above what the property sold
for. Hall does not pay any body -
is now living in Baltimore and
Genl Balloch who endorsed the
note seems used up long ago. He
says the entire proceeds of his
business for the last year has not
reached \$300. He is now trying to
get a \$1200 ship with very
poor success - seems quite discouraged.
I saw Caswell & Leipold yesterday
and said to them that such the
times improved so that something

Could be realized from Egypt
you might have you could not
meet all the obligations that
came. - that I was giving you
the best information I could
as to where the moral obligation
lay having in your Eastern liabilities
and that aside from these being held
by the Freedmen's Bank, these claims
were not among the strongest
one having had abundant security
which has been sacrificed and the other
having had no good for you for it to
you.

Lepold said that made no difference
in your legal obligations, and that they
would have to bring suit; to which I
replied that what I wanted to know was
what you could do about it - that of
course they could not sue you unless
the War Dept. would order you East
for that purpose. - It seemed
to me the only thing you can

do now is to do nothing. If there
should be any general sale of the
personal property, I will bid on
these as you suggest.

For Cook is too sick to attend
any matter of business - it seems
to me cannot hold out many
weeks, if he does days.

I have not seen Simms again.
This Congress will probably before adj.
make a provision for the payment
of all back taxes, remitting all
penalties and adding only 6% interest.
The amount of accrued taxes on
all your property here is pretty
heavy, going back two or three years.
It would be a good plan if possible

to avail ourselves of this permission
to pay up on such pieces as are
certainly worth saving. Two or
three months time however
will probably be given, so that
this may be for future consideration
