Genl. O. O. Howard  
Omaha Neb.

Dr. Sir:

Enclosed find what  
purports to be (and I have no doubt of its genuine-  
ness) a copy of a letter which you gave Mr. Pie-  
ty in endorsement of the Hartford Life and Anni-  
-uity Insurance Company of Hartford Conn.

I am acting as agent of the Company,  
my field, at the present, <sup>and the Territory of New Mexico</sup> being Dever. If not  
asking too much I would like a few words of  
endorsement, <sup>and</sup> identification of the enclosure,  
as speaking your sentiments regarding the Co.,  
on the back of the same, in your own hand-  
-writing. My only excuse for my presumptuous  
request lies in the fact that I too, am disabled,  
and cannot perform manual labor, and wish

to succeed in this my chosen vocation, of  
presenting the advantages of our Company  
to the people of Denver and New Mexico.

Hoping that the above may be deemed  
sufficient excuse for my request, and that I  
may hear from you at your early convenience,  
I am, sir,

Most resply. yours

Dear Mr. Piety:

The Hartford Life and Annuity Insurance Company, which you represent as General Agent, is in my judgment the best of several companies with which I <sup>have</sup> had to do. The best in security, the best in economical management. Convinced of this, several years ago I made an exchange to this Company and have since held a policy for \$5,000. This year I have increased my amount with the company to \$10,000.

I hardly think that, among those who know me I could give to you, or your company, a stronger endorsement than this. I hope you will have abundant success in Nebraska in bringing your admirable system before those who need or desire to insure their lives.

With permission to use this letter, if you so wish, for recommendation and circulars, I remain ever,

Truly yours,

Oliver O. Howard,

and San Francisco, - and  
Mr. Gannett formerly Auditor  
of the U. P. Railroad sent them  
to me for the distance between  
Chicago and Omaha. This  
was all arranged before my  
mother thought of coming  
east.

Before leaving  
San Francisco Mamma applied  
to General Crook for assistance  
in getting passes - and received  
the enclosed letter from him  
but did not wait to make  
use of it, as she was in great  
anxiety to reach here.

By presenting this letter  
to Mr. Stevens, he would no  
doubt send <sup>Mr. Kenny a pass</sup> ~~the passes~~ over this  
road, between Chicago and  
Omaha. But unfortunately  
the passes I hold from Mr. Gan-  
nett to cover the same distance  
are over the Chicago, Milwaukee  
and St. Paul R. R. - C. & N. W.

My dear General. -

You know the great  
trouble I am in, I am sure,  
and that I have your sympa-  
thy, as well as that of Mrs.  
Howard, I am also sure.

But probably you do not know  
that my mother, Mrs. Geo. H.  
Kenny, has made the long  
tiresome journey from San Fran-  
cisco, her home, to Washington,  
in order to be with me here  
and to help me in what I have

to do here. We are trying to see if there is any possible way that I can get a support from Major Nickerson, by law, for myself and his child.

When the divorce which I have applied for is granted, the court will undoubtedly grant me alimony. But Major Nickerson's pay having been stopped (and there being no way to attach an officer's pay, if it had not been) and the fact that he owns no property here, seem to make it impossible to procure a support. My mother is

fast using up her small amount of ready money in my service, -

as she has supported me out of her slender income all summer, besides having sent me the money to return with from France and meeting all my other expenses.

As reports were discouraging to

a very great degree as to the possibility of my getting something for a support out of the house which Major Nickerson deeded away, fraudulently, to the woman he endeavored to make his wife, - my mother came on to see if it was really impossible to do anything. And we have found that according to law, everything has been done correctly in this transfer, and the deed can not be invalidated.

I write you to ask if it would be possible for you to do me a great favor in getting passes for my mother to return on, from Chicago to San Francisco, as every expense of that kind is a very great item to us now.

I have received passes for myself and little daughter from Buffalo to San Francisco. General Meandereson was so kind as to arrange for them between Omaha

General, and believe me I shall be very grateful to you for doing what you can. With kindest remembrances to Mrs. Howard, from my mother and little daughter, as well as myself.

Very sincerely yours, -

Emma C. Derby Nickerson.

Please address me at -

General O. C. Howard.

St. Omaha.

Nebraska.

By explaining this to Mr. Stevens it is possible that he might arrange for me to go on the same road, or perhaps the Agent for the road over which I have passes (the Chicago Milwaukee & St. Paul R.R.) might be able to arrange it. If not we can, of course, go on separate roads between Chicago and Omaha, though it would be much pleasanter to go together if it could be conveniently arranged. My passes west of Omaha are over the Union Pacific and Central Pacific R. Rs. - and are those which General Mander-son sent me. If he is at present in Omaha possibly he might arrange for passes over the same road for my

mother. I take the liberty  
of sending to you, General  
Howard, instead of writing  
to these gentlemen myself,  
thinking it would be less  
complicated for one who  
is there to arrange the matter,  
and if it can not be ar-  
ranged in one way perhaps  
another way may suggest  
itself to you in which it  
might be done.

My passes extend until  
the 31<sup>st</sup> Dec. 1883, and as it  
is not at all certain when  
we may leave here, nor  
indeed if we leave at the  
same time, for San Francisco,  
though we very much desire  
to do so, I would request  
that the passes which you may

be able to get for Mrs.  
Wenny ~~be~~ extend over the  
same time. We wish to get  
through here and start west  
as soon as possible, as we  
are not only under expense  
here, ~~but~~ <sup>but</sup> it is very trying  
to have the sense of our  
hopeless condition forced  
upon us so constantly.

I wish to settle myself in  
San Francisco with my little  
girl and so begin a quiet,  
retired life. And the sooner  
I am able to find some-  
thing to do there which  
will bring me in a little  
income the more comfortable  
I shall be. I hope my  
request will not give you too  
much trouble, my dear

Will you - in word - on a postal - again corroborate this fact. We are collecting & authenticating a multitude of such incidents. # NORTHERN PACIFIC RAILROAD COMPANY.

*New York, 17th October, 1883.*

*To the Holders of Preferred Stock:*

The Board of Directors at their meeting held on October 6th passed the resolutions communicated to you herewith.

WHEREAS, there is now required to provide for the present unfunded debt of this Company beyond the cash means available, the sum of \$9,459,920.83.

AND WHEREAS the additional sum of \$5,500,000, will be required to complete entirely the construction of the main line now under contract, including the bridges and tunnels, and provide and pay for all equipment required and contracted for:

Therefore, Resolved, unanimously, that this Board, subject to the approval of three-fourths of the Preferred Stock authorizes the execution of a Second Mortgage for twenty millions of dollars on all the property of this Company subject only to the priority of the present General Mortgage.

That this Mortgage shall be similar in terms, and conditions, to the General Mortgage, subject only to the liens of said Mortgage.

Resolved, That the Finance Committee be directed to open negotiations for the sale of eighteen millions of the Second Mortgage Bonds, and report their action to this Board.

Resolved, That a meeting of the Preferred Stockholders of this Company, be called, to be held at the office of the Company in the City of New York, on Tuesday the 20th day of November next, at noon, to vote upon the question and issue of the twenty millions of Second Mortgage Bonds, and that in accordance with the Plan of Reorganization the Secretary give notice of said meeting at least 30 days prior thereto by advertisements in newspapers published in the Cities of New York, Philadelphia and Boston, and that for the purpose of said meeting, the transfer books of the Preferred Stock of this Company be closed on the 20th day of October, at 3 o'clock, P. M., and remain closed until the 26th day of November, at 10 o'clock, A. M.

In pursuance thereof you are requested to attend the special meeting to be held on November 20th, or to give authority to represent your vote at said meeting by signing the accompanying proxy.

Your Board consider it their duty to submit the following explanation relative to the objects of the meeting. In our report for the fiscal year of 1882-83, you were duly advised of the existence of a deficiency arising from the excess of the cost of construction and equipment of the main line, over available resources, and amounting on June 30th, 1883 to \$7,986,507.92. You were further informed that in order to avoid embarrassment to the Company from the pressure of a large floating debt, an arrangement had been entered into with the Oregon and Transcontinental Company, under which that Corporation made the necessary advances in open account. It was agreed that this Company should secure these advances temporarily by the issue of such obligations as could be created under the restrictions of the Plan of Reorganization. This

assistance has proved of incalculable value, as, besides assuring the speedy completion of the Road, it has saved this Company during construction from the constant embarrassments that a large floating debt would inevitably have entailed.

The deficiency at the close of the past fiscal year was increased by further requirements for construction and equipment purposes, between July 1st and October 1st, by the sum of \$1,473,412.91, so that on the latter date it amounted to the total of \$9,459,920.83.

Ever since it became evident that the main line could not be completed and equipped from the proceeds of the sale of First Mortgage Bonds, your Board has been fully impressed with the necessity of dealing with the deficiency at the earliest possible moment; but no measures of relief could be determined upon and proposed to you, until the actual cost of the main line over available resources could be ascertained with accuracy, which was not practicable until the construction work had reached its later stages. It is indeed only now that we are prepared to make a definite statement in this respect. There will be required in addition to the deficiency of \$9,459,920.83 on October 1st, the sum of \$5,500,000 for the following purposes:

For accruing construction estimates and vouchers, - - - - -	\$1,660,000 00
For meeting future estimates of Chief Engineer for completion of main line, including machine shops, station houses, water tanks, coal bunkers, &c., -	1,267,000 00
Bridge over Snake River, at Ainsworth, - - - - -	420,000 00
For present work on the Bridge over the Willamette river at Portland, Oregon	35,000 00
Additional motive power, - - - - -	746,000 00
Additional rolling stock, - - - - -	1,266,000 00
Miscellaneous, - - - - -	106,000 00
	<hr/>
	\$5,500,000 00

This amount will provide the funds to finish the construction and equipment of the Road, except the sum of \$750,000, which will be gradually needed, in the course of two years subsequent to March 1st next, for the completion of the bridge over the Willamette, and can be readily met out of current income, or out of the reserve of the bonds hereinafter mentioned.

We have thus a total, exclusive of the cost of the Willamette bridge, of \$14,959,920.83 excess of requirements over the proceeds of the General First Mortgage Bonds. It is due to you that you be told plainly, so that you shall understand clearly, the causes that combine to produce this deficiency. In the first place, the cost of the Yellowstone, Clark's Fork and Pend d'Oreille Divisions was greater by \$5,500,000 than the engineer's original estimates. The loose material encountered, instead of solid rock, in the Bozeman and Mullan tunnels largely increased the cost of these works over estimates, besides necessitating the construction of temporary overhead lines at an expense of \$140,000. The cost of the Bismarck, Snake River and Willamette bridge will be more than was expected, owing to the extra cost of the foundations, approaches, &c. Then, again, the development of traffic was such that fully forty per cent. more motive-power and equipment was required than had been estimated. Last, and not least, the Minnesota, Dakota and Missouri Divisions of the main line were in such condition, and the requirements of business so large, that in order to render their safe and economical operation practicable, a total expenditure during the past three years of \$3,804,501.51 for renewal of track and superstructure, erection of shops at Brainerd and elsewhere, and other betterments, was indispensable. The cost of the erection of the office building at St. Paul is also included in these expenditures.

We do not hesitate to say that it is as good a road as has ever been built for the money west of the Mississippi River. It has been examined by a number of eminent American and foreign experts since the opening to through traffic, and their united testimony is to this effect. And it is to the thorough character of the construction that the excess of the actual cost over the estimates must be largely ascribed, but on

the other hand the road will hereafter be operated so much more cheaply and efficiently, in consequence of the thorough manner in which it has been built, that the stockholders will find that they have a full equivalent in the enhanced expenditure.

After due consideration of the situation of the Company in all its bearings, your Board concluded to request your consent to the creation of a Second Mortgage as security for the issue of \$20,000,000 of six per cent. gold bonds. The new mortgage will be on all the property of this Company, (except the lands East of the Missouri River which were reserved by the Plan of Reorganization for the benefit of the Preferred Stock) subject only to the priority of the present General Mortgage, and it will be similar in terms and conditions to the General Mortgage and subject only to its liens.

Your Board is pleased to say that it has received a proposition from a syndicate represented by Messrs. Drexel, Morgan & Co., Winslow, Lanier & Co., and August Belmont & Co., to take \$15,000,000 of these Second Mortgage Bonds firm at the price of  $87\frac{1}{2}$  cash, less 5% commission in bonds, with a six months' option to take \$3,000,000 more on the same terms. Considering the proposition a favorable one, we accepted it subject to the authorization of the mortgage by you at the special meeting to be held November 20th.

The sale of the \$18,000,000 of Second Mortgage Bonds, at the stated price, will enable the Company to meet all its existing liabilities, and provide for its coming construction and equipment requirements, and leave a reserve of \$1,100,000 of bonds in the treasury.

Your Board regrets the necessity of the creation of a new lien upon your property, but the stockholders should remember that every dollar of additional capital put into the road adds to its value and earning capacity, and permits of its more economic operation. The earnings of the road during the five weeks it has been operated as a through line from September 8th, have fully met our expectations, being \$1,511,600 (excluding construction and Company freight) and we feel sure that they will continue to do so. All competent judges who know the system of railroads, steamboat and steamship lines tributary to the main line on the Pacific coast, agree with us that the through business will add very largely to our gross earnings. Moreover, on October 1st, under an amicable arrangement with the Union Pacific R. R. Co., the business of Butte City, Montana, was opened to this Company, and, as has been announced in the press, we have also made an arrangement with other Pacific railroad companies by which we take business to and from California. Our road will derive large benefits from both these sources.

By order of the Board of Directors,

H. VILLARD,

*President.*

Dear Sir,

Your letter is at hand, also the Court-Marshal order in my brother's case. I am very much grieved to know there be other charges against him. Also to know he had been so cruel to himself. I cannot see what the poor wretched boy was thinking about to treat himself so badly. I had written to him several times, each time

entreated him to be obedient to the  
rules and officers of his command  
I tried to warn him, of all the  
trouble that has now befallen  
him. I pray you to be as lenient  
as possible with him. I do  
sincerely hope he will behave  
himself well at the prison, and  
that you will make his term  
just as short as you possibly  
can. I wish it was so you could  
release him of the whole trouble  
I received a letter from him  
entreating me to write to you in  
his behalf, and he spoke very  
highly of you, as a Christian  
gentleman. I pray you will be  
as lenient as possible with him,

and that he may be well cared  
for while at prison. You will  
please let me know exactly the  
length of time he will have to  
remain in prison, and if he has  
been moved from the Army, yet  
I will send a letter to him enclosed  
in this, hoping you will forward  
it to him. You will please tell  
me how to address letters to the  
prison, and if I send packages  
will he get them safely at the  
prison. I wish to send him a  
small package from home. Hoping  
you will answer at once.

Truly yours  
Mrs. J. B. Carter.

Gen. O. O. Howard,

Omaha, Nebraska,

My dear Sir:

Your telegram of yesterday, asking me to telegraph the President, urging the appointment of our mutual friend Lieut. Sladen as Asst. Quarter-Master, was duly received. On the 25th of April last, at the request of some particular friends in Portland, understanding that Lieut. W. F. Rice, then acting Asst. Quarter Master at Fort Union, had been recommended by Gen. Crook for the position of Captain and Asst. Quarter Master, I wrote to the President in his behalf and afterwards telegraphed. You will understand that on account of this recommendation, I did not feel at liberty to make another without referring to it in some manner. I, therefore, upon the receipt of your telegram, telegraphed the President as follows: " Without desiring to recall my recom-
