Maj. Gen. Howard,
Dear Sir,

I addressed a note to your head
quarters some six weeks
ago, asking if we could hope
to secure your help for the
young people of my church,
- the Plymouth Cong. Ch.
of Des Moines - in a lecture
The young women under their
auspices & for the further-
ance of some of their
plans of church work.

I heard nothing from
that letter, and hardly
knew what to think of it.

But Bro. Sherrill,
to whom I referred the
matter for advice, told
me I would better ad-
dress you again - that
you do not always
decline such invi-
tations.

May I ask
then, if you can favor
us with a lecture
at some time during
the next three months,
on such subject as
you may choose, said
lecture to be brought out
under the management

of the Plymouth Literary
Club?

If you can come,
on what terms shall
we expect you? & where?
Possibly you give a choice of several dates.

We always have
our City prayer meetings
on Wednesday evening,
so you will please not
suggest that evening.

I have not the honor
of your personal ac-
quaintance but I was a
comrade in the Atlantic
campaign & hence feel
myself not quite a
stranger.

Please let me hear
soon. Most Respectfully yours
A. L. Frisbie.

Dear Sir:

As I presume
on your speaking for
me at the Irvington
Cong. Church one week from
the coming Sabbath - which
will be Nov 11th I will there-
fore make the announce-
ment on next Sabbath.

Irvington is on the
"Military Road" about five
miles from the City limits.
The road runs NW
NW from the N. E. corner of
the Water works.

After coming to a store on
the right hand the church
is about 80 rods north af-
ter crossing two bridges

I have an ap-
pointment at Florence
the same P.M. at 4
but I will not ask
too much of you but
will leave that to your
own option of course.

Florence is about 6 miles
from Irvington and
should you go some one
from I will also go
as a Mr Knight as I is
Supt of the little S.S. we
started there. It is a
"tough" place. No religious
organization there and they
one that has tried preaching
there has given it up.

periously. I have been holding
on over a year. I saw
about fifty people working
on the Sabbath in the village
and vicinity once lately.

Still I have hopes of
something there yet.

Services at Irvington
at about 10:45 A.M.

Dea Brewster you have
met (our armed man)
and others. They will be
very glad to hear you
and entertain you. The
Dea has a very pleasant
home and it is on the
way in the direction of Flor-
ence. It is only 6 from

Dear Mr. Gilbert:

Remembering your kind
invitation to me to write you something
concerning the advisability of making more
of the work of ^{the} education of ^{the} Indian
children than we have yet done - I hasten to
respond.

First I am not now well enough informed
as to what has been done to suggest improve-
ment, for fear of colling for methods which
have already been adopted.

I can only give you some facts that have
come under my observation and leave to
others ^{to name} the best course to pursue.

When at the Rosebud Agency of the
Sioux last summer - the Agent told me
that he was making arrangements for a school.
That a former Agent had said that Indians could
not learn & so abolished all the schools: that
at one time when on the Missouri there Sioux
had upwards of 300 children at school but
that since they had been there at the
Rosebud there had been no school.

Dear Sir,
I have the pleasure to acknowledge the receipt of your letter of the 2nd inst. in relation to the matter of the purchase of a quantity of the same. I have the honor to inform you that the same has been forwarded to the proper authorities for their consideration. I am, Sir, very respectfully,
Yours truly,

that I have visited since 1892

Again at several agencies, where every other department of work had been well represented as ^{with} the agent, the blacksmith, the carpenter, the millwright, the doctor &c. that of the teacher was either wanting or so small as to give little hope for the future of the tribes.

That is, that which ^{is} in my judgment, the most important has for years been ^{made} of the least importance. Where 300 children should be at school I have found 25. Where five hundred might have attended there were less than fifty. For this ^{state of matters} there are plenty of reasons. dullness of children, opposition & superstition of parents, chiefs & friends.

But the real reason has been that everything else was ^{devoted} appropriated for ^{appt} nations to demoralize or to weaken & impoverish rather to be ^{slayings} ~~slayings~~ ^{sometimes} often ruthlessly, and ^{often} in a way to promote savagery. clothing of all descriptions and implements of husbandry, also luxuries ^{such} as tobacco & ornaments, yet a comparatively meager sum for the schools.

Looking to the future our Western States like Iowa & Nebraska have made ample provision for their

8
public schools. Nothing is placed ahead of the
education of their sons & daughters. This is
indeed wise. only one thing should ever be regarded
as of more importance than the training of
the intellect of the youth and that is the religious
& moral foundations, which we learn to the
home & the church.

Now if we, who believe in God & the Bible, in
the lifting up of the weak be it ever so little,
in opposition to the atheistic theory of favoring
only the stronger races, if we, who regard the
precept to love our neighbor as ourselves, would
save a remnant of the native race of
this continent, we must see on a moment's
reflection that our principal hope, nay in
fact, our only hope lies in their complete
conversion from savage to civilized methods of
doing & living. Garbille, ^{Forest Grove} ~~Haruplan~~, Nestla Kallak,
^{and other} ~~and other~~ successful schools show what can
be done. Take the children change their minds
& hearts by our true, powerful school
processes.

Well then if this is the desirable result &
if it is within the compass of possibility, what

hinders? Interest is wanting. Selfishness will
never accomplish the education of a poor,
ignorant, wicked, superstitious people
who are wedded to their idols. Public opinion
must be educated, stimulated by men who
are led by the unselfish, humanity loving
spirit of Jesus Christ our Lord.

Show to Congress that two thirds of the
money appropriated to the Indians should be
for Schools. Then there will be a division
of the Washington Office devoted to Schools &
Schools alone. Then will there be a common
superintendent and two thirds of all the
employees will be upon the school
work. Put them first in order of importance
and every agent will be ashamed who has
not some respectable results to report. Put
them first and somebody will ^{soon} see that
the richest lands which are reserved to them
^{may be} made like those of Nebraska, that
establish interest bearing bonds, ~~to~~ permanent
School funds - which raise ^{showy} brick temples of
learning upon every high hill and make
the surrounding valleys ring with the shrill

5
various morning & evening of glad multitudes of
their future men & women.

To my mind with the Indians
the time is near when every dollar
appropriated may be made tributary to the
schools.

It is but little to require that people shall
send their children to school. Superstitious
reluctants must be made to do it - let it
be the law to our words & let the law be
executed.

I think ^{the foregoing} is what I tried to express to you
in our brief conversation. I am thankful
to you for your unselfish advocacy of
the education of the children of the
Indian people. The Lord will reward
you. All who hate & all who are sore
from Indian sin & outrage, all who have
no faith in God nor men except in themselves
that is, all who ^{are imbued with} ~~are~~ ^{superior} ~~are~~ ^{selfishness} however
they refine it, will oppose this work and
may succeed in crushing out weaker
races in the future as in the past - still

It is plain that you are advocating
 pure & right principles - & perhaps
 our Father who beholds the condition of
 his poor & lowly, ~~one~~ may bless your
 Christian efforts to convert & educate
 the Indian children.

Possibly the safety & perpetuity of our
 Nation may demand this act of justice -

will be more mild, and every thing
more satisfactory than our past
winter, I received a letter from

Brooklyn, where he was attending
the St. M. etc. meetings, his son
Otis had arrived ^{at} East Orange
N. J. and his father had met him
and he was going home Sat.
so I trust he and his father are
safely at Rockport, and that his
father's manner of dealing with him
will ^{be} wise, and he will give his
energies to do something for his own

have seen him on his way home
in my tour East I went to Dexter
had an excellent visit, Warren

is very thin in flesh and stoops so
much, he carries ^{his} head even lower

R. B. H. went to Dexter with me and
extended his visit to Guilford, went
with a horse and buggy and enjoyed
his visit very much, while I remain-

With regards for all
