Major General.

O. O. Howard M.S.A.

Comdg Dept of Pacific

Sir I have a letter from
my Uncle Mr. Thomas
D. Lurier of Washington
D.C. requesting me to
call on you, as he has
written you in my behalf

I regret that I shall
be unable to do so, having
had an operation performed
at the German Hospital
by Dr. Moore, but am
now at the City Hospital
Ward B.

If you are able to assist
me in procuring

1 2 3 4 5 6
A. C. will you be kind
enough to advise me by
through one of your aids,
or in such manner
as is most convenient
to you. I shall hope
to be able to travel
within ten or 12 days.

Yours respectfully
Samuel Davis
Late Private Co D 1st Regt

is decided upon at least
for the next few years.

The Dr. American offer will
have to seek another man.
I have a better thing with
the Barber Co. I am sure
of at least \$75 per month
from the start & soon after
\$100 per month. Hence you see
I have to let do my work at
Tray, keep silent, go quietly
to work for the B.A.P. Co. & I
think I can succeed finan-
cially. I am also looking
forward with pleasure to be-
ing at the end of my study
at Tray, then I will have
a few evenings to myself to
read & think a little.

I shall write again soon.

expect to see Capt. Greene the middle of February

Will leave
from family

J. W. Howard
Andover Mass.
102 Feb. 1. 1888

My dear Father;

Your welcome letter of
Jan 23 came to-day.
I did not go to Washington
as I had expected, because
Mrs. Barber wrote me to
come later if possible &
convenient for me, because
the carpenters are working
in her house & are not
yet finished. Hence I may
go to spend a few days
with her family later in
the winter or in the spring.

P.S. Adolphe
well. I am
leaving a week's
perfect rest.

Your letter strengthens my
general plan viz:

2 Go to Capt Greene & arrange
for position & yearly (per
month) salary

2 Finish at Troy

2 marry Adelheid

2 Take up my Engineer work
for the B.A.P. Co. about
July 1st

~~~~~  
You need not fear that I  
shall hurry in getting  
married. I shall first  
secure an advancing posi-  
tion & income & then marry.

What help I would need  
from you would be perhaps  
\$20 per month or a little more.

I shall at least not marry  
until I shall receive  
sufficient per month from  
the Company to live entirely  
from my pay from the start  
if I am forced to do so.

You speak of Chancey. I  
hope he will not sink  
my money in the Paper he  
is publishing - i.e. "The  
Party" must pay for that.

The offer to enter into the  
banking business will stand &  
I am advised by the Chic-  
ago & New York bankers that  
in the future they will make  
a place for me if providence  
so directs - but that I will  
now stick to my profession

Gen. O. O. Howard,

My dear Sir:--

I expect to begin in a number of newspapers about the first of April, a department of reading for young people, to be similar in character to our best juvenile publications, such as St. Nicholas, Youth's Companion, &c. This department will cover four or five columns of the ordinary newspapers, and be illustrated by first class artists. Matter will be contributed by leading writers and specialists. I thought that perhaps you might be able to suggest topics for a few short papers which you would be willing to write for such a department. As the space is limited and I would have to give a considerable variety each week, it is necessary to have the articles brief. I would welcome any suggestions that you would make.

Very sincerely yours,

Maj. Gen. C. C. Howard

San Francisco, Cal.

My dear General

It is well nigh twenty years since I wrote you last, and after so long a period, I think you will excuse me for obtruding myself for a moment into your busy life.

When I returned from Europe in October, I thought myself entirely well and went to preaching and giving addresses in Cleveland, Ohio, where I was formerly settled. I suppose I did too much public speaking, for my throat began to behave badly again and fearing the climate of Cleveland was too harsh for me, we came on to Washington where we are spending the winter. I am beginning to feel doubtful as to whether I shall ever be able to take the pastorate of a church again. But I want to be of service somewhere and have made application for the Chaplaincy

of the Soldiers' Home to be established in Santa Monica.

In the genial climate of Southern California I am confident I could discharge the duties of the position satisfactorily. The appointment, as you are doubtless aware, is with the Board of Managers, of whom Gen. Wm. B. Franklin of Hartford, Conn. is the President. The member from the Pacific Coast is Capt. William Blauding of San Francisco. Gen. Franklin informs me that there are many applicants for the position; and if I am to secure it, I shall need strong backers. In conversation with Gen. Whittlessey yesterday, he suggested that a letter from yourself would have great influence with Gen. Franklin and other members of the Board. May I ask that you will do me the favor to write a strong letter to Gen. Franklin, and send it to me to be forwarded with other testimonials for the consideration of the Board? — You have known me for many years, and, as you are aware, I served my comrades <sup>a long time</sup> during the war under the auspices of the Christian Commission, and during my pastorate in San Francisco was for many years the Department

Chaplain of the Grand Army in California. My acquaintance with the old soldiers on the Pacific Coast is wide, and I should hope if appointed to be able to render them substantial service. If you should meet Capt. Wm. Blauding, and would speak to him of me personally, I should count it a great favor.

His influence in the Board as member representing the Pacific Coast will naturally be great, if not controlling. I get letters from my daughters in San Francisco every week, and they often speak of their great enjoyment of your utterances in the Prayer Meeting and Bible Class. My older daughter has been in the Sandwich Islands for the past two months, and my younger daughter, Mrs. Marton is confined at home by nervous prostration induced by over-excitation in caring for her sick household. Mrs. Noble joins me in kind remembrance.

My dear General & your Brother

write to ask, if you cannot come up & talk to  
the Prisoners, on some Sunday in March? I can give you  
either the first Sunday (March 4) or the 4th (March 25).  
Or if instead of one of these, the 3d Sunday (March 18)  
would suit you better, I could so arrange it, as to  
give you that day. The 2d Sunday, as I believe I  
told you, always belongs to the Remond print.

Do come if you can, General. I think  
I may promise a large & interesting audience. Mr  
Charles Montgomery was here last Sunday & was  
greeted with a large turnout.

Of course, you would be my Guest &  
an invitation is extended to Mrs Howard to come  
with you. We will make it as pleasant as possible  
for her, altho, at present, Ladies are not per-  
mitted to attend our services. But I have strong  
hopes, that I may get that rule of exclusion  
reversed sometime, before you come up.

Did you get the paper I sent you, con-  
taining the account of my Christmas & New Year  
services? I wish you could have been present at  
one or both.

Yours truly

Many thanks for

of that vaulting ambition

I tried for a position

They charged that I

Well! It don't matter  
I was 57 last Christmas.  
I suppose I shall die  
as I have lived, alone

Only with my unfortun-

am afraid I shall have  
like Ph. II to apologize  
for being so long adying.  
I have for years tried  
to live a Christian life,

Kind Friends:

Your interest in struggling young men, will excuse the liberty I take in addressing you in behalf of Willie Cook, who is now studying music in Germany. I do not make this appeal to you for personal aid, but that you may aid him through friends, if it be possible. Willie is not only deserving, but is a young man of talent, and I am sure will put to good use his musical education.

His mother, now Mrs. Howard, will be com-

permitted to leave him, come home unless  
she can find help for him. She is not  
strong, and, in addition to the care of this  
son, must look after the education of her  
other two children, Johna and Oliver.

Tell her she should place her confidence  
in the Heavenly Father. He will not desert  
her. He will find friends to assist her.

I trust that you and your family are  
enjoying good health. We shall all be  
pleased to see you and shake your hand

 sorrows, must bear the loss of her

My dear sir:

Once again, let me say my deep gratitude to you, my dear sir, which was aroused in me on reading the encouraging letter that I had received before from you. When I had the honor of meeting you last Sunday, you asked me, as I remember, a question of "What you are doing now" - a natural question, I think, in a such moment. I answered spontaneously, at the same time, to the question with my real position at present. This, I hope, you would remember.

I wish you, however, to hear me again about some further

Mr. Tarr  
Japanese  
particulars which I could not

mentioned before you at that occasion when I met you. I have been marking in this house last three years and still am obliging to continue that task, though it is a poor, insignificant, worthless task. My manner and attitude toward the family of the house where I am still marking, is a most triumphant history over the side of the human passion or discontent in my life.

Throughout the whole years which I mentioned above, I did not offend even once, I believe, against the encroachments of my study time that some times occurred in the house; nor any of the family might suppose that I was personally disobedient to. In short, it is my much cared aim to perform the work, if

not duty, obediently of all event.

For this I thank God — My God, I say, who ever presents himself in my heart. But I was contemplating, of course, to emancipate myself from the present position; because I was conscious of the fact that I might not study promptly the Christian tract unless I should be placed myself of a different condition.

But, my dear sir, I ought content with the present position, untill our Lord send me a new providence through his unsearchable Divine Love that it is moving infinitely in men, in things, and in all circumstance.

I believe your encouraging words to me that God will enable me to carry my object into execution.

Leaving asked of your office

at some place, and find it not even now, I sent you this unreadable letter of mine. Inform me, I beg you, my dear sir, how I may find your presence, I am,

General O. O. Howard,

Dear Brother,

Your circular  
on evangelical work, came  
to hand. It reminds me of a  
suggestion made by a correspond-  
ent, - to wit, that a day be fixed  
when all who love God,  
shall be called together, at  
suitable points, for special  
prayer that God would send  
forth his Spirit in convicting  
power, to convince the people  
& lead them to repent.

The prevailing wicked-  
ness, & the numerous awful

crimes seemed to impress our  
friend with the necessity of  
a day of prayer for this  
especial purpose. "This kind  
can come forth by nothing  
but by prayer & fasting."

A suggestion by the pastors  
of this city would doubtless  
be kindly received by  
Christians all over this  
coast.
