

San Francisco Chronicle

WEDNESDAY, MAY 25, 1888

Champo is the name of a San Carlos Indian as a witness in a murder case. He is a shrewd, sharp, cunning Apache, and the same Champo who, when General Crook was establishing the San Carlos reservation, for a bribe went out from San Carlos into the Santa Catalina mountains and brought in the head of his father, who was one of the chiefs of the San Carlos Indians who refused to surrender to Crook. The heads of three other chiefs were brought in at the same time, four in all. They were delivered to General Crook in barley sacks, and the savages received their coin. Champo doesn't like to talk about the subject now, as he has become somewhat civilized, and the thought of having been hired to murder his father for a reward doesn't give him much pleasure.

We urgently request your contribution for our popular temperance charity—"giving a cup of cold water" to many thousands daily. We need funds for a new Fountain at the Post Office and Five Points, and to carry on the work during the sultry summer term

Our Free Ice Water Fountains were started nine years since at the Post Office, Five Points, Union Square and other localities. Last season we added a Perambulating Fountain to distribute free ice water and ice in the low slum tenement districts.

Philadelphia, Brooklyn, San Francisco and private gentlemen have copied this example, erecting Fountains. The press, reformers and police pronounce this as one of "the most practical temperance movements," blessing many thousands daily, and preventing the evils of intemperance.

There is urgent calls for Fountains. We need funds for expenses and ask your aid for this charity.

Dear Sir

Pardon my
intrusion upon your time, but I
am trying to find Miss Laura
Cayford's address - I have
written to other parties in San Francisco
but fail to get it - and remembering
that you were an acquaintance and
friend, I write you - asking you
if you know her address to send
me on enclosed card -

She has written me repeatedly
but she carefully omits her address
so that I cannot answer, I have
written her thro' the general delivery
but it does not reach her -

Dear General;

I have meant to write
you a long time ago, to
answer your good letter
of March 29th, but one
thing and another has
prevented me from
doing so.

I hope you approve
of Sammie's and my
plans. I am sure, it
was a hard question to
settle,

but I think, we settled
it, as best we knew
and so I suppose, it
will come out all
right.

I am so happy, Fannie
has now passed all
his examinations and
all his anxiety about
getting through.

These weeks before he
has to begin his work
for Mr Barber he can
get well rested. At
least I hope, he will,
but he is always ready
to do things for others
and I am almost afraid,

that something may
prevent him from resting.
I think, he is tired
that working for others
from you to love to have
him do it, only not,
if he needs rest so much.
Now there are only two
weeks more before our
school closes, and I am
very glad of it, although
I have been as happy
as any one could be.
I had a letter from my
cousin in California,
saying that she can not
go home with me, so
I have to go alone.

It is too bad that you
were not sent East.

Is not Mrs Howard going
to Glenview for a while?
I certainly would do
her a great deal of good.
At home in Göttingen
they are all well and
Helmig and Alfred the
same; they are both
coming home for the
summer months.

So we shall once more
all be together.

Maxima spoke in her
last letter about Uncle
Lech, he had just been
to see her. She said that
he is studying well, as

2 3 4 5 6 7 8
a student, who works
in the same room
with him in the Chemi-
cal Laboratory, told her.
He is not very well, he
has parrotia. He just
returned from Florence,
Italy, where he had been
to the wedding of his
sister. Maria thinks
he is delighted with
his brother-in-law and
the happiness of his sister.
All from home have
over so many times sent
love to you, but I have
been such a negligent
correspondent that I have

not delivered their
messages to you. But
I shall be very prompt
in replying after June
12th, and I hope, you
will not punish me
by letting my letters
as long unanswered,
as I did yours.

Hoping that you are
all well and sending
a great deal of love
to each one, I am
as ever

affectionately yours

Washington, D. C., May 28, 1888.

DEAR SIR: Referring to Barnegat Park, New Jersey, the new Army and Navy Summer and Winter resort, full information in regard to which has been sent you from time to time, I desire now to state that this great enterprise is fully established. The substantial encouragement received from many very prominent officers has contributed largely to this end. Since the opening of Spring a large Depot and an Office Building have been completed and a number of cottages are now under way. The grading of the Avenues is progressing rapidly, and along the Southern Boulevard and other Avenues have been planted North Carolina poplars, which, when full grown, will give shade to the widest and most beautiful Avenues on the coast. The Boulevard has been opened around the entire Park, and the southern line continued down to the Depot, from which point it will be extended to the Bay; and at this time upwards of ten miles of streets have been opened. From the Station there will be built a railroad for the purpose of carrying passengers to the steamboat landing. There has already been purchased a steam yacht to accommodate visitors to the Park. This boat will be in service on the Bay, from this time on, for the purpose of conveying passengers from the Park to all points on the Bay and Beach. A light battery of twenty-pounders is now at the Park, together with a large supply of shells and projectiles, which will be used for decorative purposes. Heavy guns, similar to those at West Point, will be mounted on earthen works and as a *coast defense* will be quite formidable, besides contributing largely to the picturesque appearance of the resort.

Since the first of April nearly one hundred lots have been sold, and at this time many applications are pending. Along with this Circular is given an alphabetical list of the purchasers up to this time. Among the recent purchasers may be mentioned Maj. T. C. TUPPER and Capt. JAMES A. SNYDER, U. S. Army,

both of whom, with members of their families, made a tour of personal inspection, and on the ground selected their lots—the first named purchasing four and the latter three. Mr. GEORGE W. BANNERMAN, of Brooklyn, New York, also after a personal examination, purchased twenty-eight lots and has agreed to improve them all immediately.

Those who are so situated as to render a visit to the Park impracticable are requested to confer with Lieut. EDWARD S. FARROW, the Chief Engineer of the Park, who will be pleased to give full and detailed information as to any lots selected, progress of improvements, buildings, etc., etc.

The time-tables of the Pennsylvania and Jersey Southern Railroads give the necessary information in regard to trains, etc. *All trains stop at Barnegat Park Station.*

If you desire to secure a good location in the Park at present low prices, it is advisable that you make an early selection. To Army and Navy Officers special and very liberal terms will be made.

Lieut. JOHN A. PAYNE, U. S. Army, will, in a few days, leave for an extended trip to some of the Western Posts in the interest of the Park.

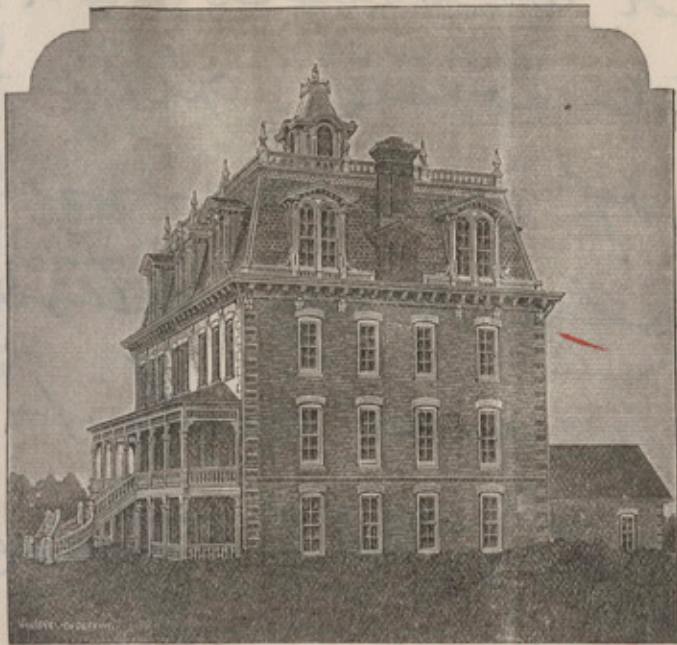

Please advise me of your selection of lots or any further information you may desire.

Yours, truly,

John B. Larner.

Philosophers, Poets and Business men

but three or four of our Gonna-

requesting their views and without
a single exception they are orthodox.
As you are a Christian man, you

a work and prominent clergyman
told me there is nothing like it in
the book market. Now please confer
me the favor of writing your opinion
briefly or extensively if you desire,
for this book. Rest assured it

Major General

O. O. Howard

U. S. Army

Dear Sir:

Well knowing Your kind heart, & your liberal forbearance to the shortcomings of Your former comrades, I venture to ask You for a great favor. During the war was a member of Your old corps the 11th C., at Charlestonville was Topographical Engineer of Genl. Schmitz's Division. Since the closing of the war have been engaged in the pursuit of my profession as C. E. & now stand disgraced & branded as a convicted felon. Domestic troubles drove me to forget my misery in the treacherous cup, and that to crime, in an evil moment collected \$30. on another man's name, for which crime I am convicted. -

I will be sentenced in Judge Humphreys
Court, Superior Court No. 12 Old City Hall
on Saturday June 2^d at 10. a. m. I am
certain that one word from You would
go far with the Judge towards miti-
gating my sentence. I was honored
by an interview with You at Your head-
quarters in the winter of 1886. I served
Three years & Four months in Cal. W.
Kryzanowski's regiment (now deces-
sed the 58th N. Y. V. V. I am aware
that I am presuming a great deal in
asking this, but I hardly know where
to apply, am forsaken by all, those
that have known me as an honorable
man, shrink from recognizing the
convicted felon. You with Your
generous heart, duly remembered by
all living members of the old 11th
Corps, has no such prejudice and will
not fail in extending a helping hand
to a comrade in distress, even if he
has fallen from grace. I feel the dis-

of my position deeply & the future
dark & forboding. Once more
I implore You to take my dreadful
position into Your kind consideration
let Your generous heart dictate and
I feel assured that I shall not have
asked in vain I have the honor of
remaining

most respectfully
Your devoted servant
