Dear Father

I arrived in Omaha Monday  
morning and found Chancey at the depot  
we drove out to the Fair ground on business  
while he fed his chickens etc I "saw  
the fair". we then drove home taking  
snack with ~~me~~ us.

Alice is looking well; so is the baby  
who is a quiet little one.

Tell mother Alice was much pleased  
with the spoon and Marie enjoyed it.

I left Rock Springs at 1.30 P.M. Saturday  
and arriving in Denver (ticket good that way)  
about 2.30 P.M. Sunday I spent the day at  
Rock Wells, leaving about 2.15 P.M. for Omaha.  
via Julesburg arriving at five o'clock.

Ellie Gilmore took me to see Otis who

2  
is in bed; having a cancer on his leg.  
His wife is nice but I think  
ambitious.

David was away in the  
mountains, so I did not see him. He  
has just been defeated in election  
for Justice of Peace (Salary of  
six thousand dollars) being beaten  
by the liquor vote.

Mrs. Dell's wife is a very  
nice lady & their baby is a big boy.

At North Platte I found Mr &  
Mrs Yost & Bertha Yost (of Omaha)  
to be in the sleeper & I  
spent a very pleasant time  
with them. They have been at  
Soda Springs for the summer.  
I leave here Thursday spend Friday night  
in Glencoe & get to Tracy Monday.

San Francisco, Cal., September 5<sup>th</sup> 1885

Dear Sir.

The A. & N. Republican League has been reorganizing as you will find by enclosed orders. Camps are now forming all over the state with the old soldiers of the Union are enlisting for the campaign with the intention to "vote as they fought" for the preservation of the Country. In order to carry out the objects of the Organization funds are required, and while our members have much patriotism and great enthusiasm they lack means to defray the necessary expenses of the campaign. The Executive Council have therefore concluded to appoint collection committees, who, provided with certified subscription books will call upon our patriotic citizens for financial aid. The committee will have the honor of calling upon you and will gratefully receive your contributions. Thanking you for the interest,

Sept. 7th, 1888.

Dear Sir,

*File and Sept 14 1888.*

Through the enclosed map please allow me to call your attention to the work of the International Committee which you have in the past kindly helped to sustain. You will see that it has been enabled to accomplish a great deal for the young men of the land; but much yet remains to be done. The Committee is in the need of financial help. Mr. Morse, who carries the main responsibility of keeping up the finances, is absent for the summer and the Committee look to me for the getting in of money sufficient to meet its expenses during his absence.

Quite a number of our liberal contributors are out of our reach just at this vacation season and I find it necessary to appeal to our friends in every quarter. In looking over our books I find that the last contribution you made was 50 dollars in Sept., 1887.

The Committee need something over \$2500 for this month's expenses, and I hardly know where to look for it.

In view of ~~our~~ present urgency I want to ask if you will not come to our aid just at this time and help us out by sending us the amount, <sup>or part</sup> at least, of your last subscription? I can assure you that such aid will be most timely and sincerely appreciated by the Committee and

Without a Secretary.

# EXPLANATION.

Indicates:  
States employing Secretaries, but requiring occasional and special help.

Indicates:  
States without Secretaries, dependent entirely upon International Committee.

## FIELD OF THE International Committee OF THE Young Men's Christian Associations.

A Two-fold Work, Supervision and Extension.

"The destiny of any nation depends on the opinions of its young men."

- 30,000,000 young men between the ages of 18 and 40. A careful estimate shows that 9,000,000 are non-church members, and 6,000,000 are non-church goers.
- 250 places of 5,000 population and over are with no Association.
- 10 States and Provinces should be supplied with State Secretaries at once.
- 120 Associations have 122 buildings.
- 200 of the Associations should have buildings.
- 273 colleges have Associations with 15,000 members.
- 800 institutions of learning, with 100,000 students, have no Associations.
- 77 Associations exclusively for railroad men, with 14,000 members.
- 100 (at least) railroad centres with a large railroad population have no railroad Associations.

# THE INTERNATIONAL COMMITTEE OF YOUNG MEN'S CHRISTIAN ASSOCIATIONS

Is the Executive Committee of the Associations of the United States and Canada, appointed by their International Convention, which meets biennially. There are thirty-three members, representing various sections of the two countries, with a quorum in New York City, where the headquarters are located, at 40 East Twenty-third Street.

The Committee is incorporated and has a board of fifteen trustees.

## What It Has Done.

I. Organized 35 State Committees, 23 of which now employ 43 State Secretaries and Assistants.

II. In co-operation with these State Committees the number of Associations has been increased from less than 80 to 1,240.

The number of salaried officers from 9 to 752, and the number of buildings from 1 to 132.

And an effective influence has been exerted in changing the Association work from a varied and general religious character to a uniform and definite work for young men.

Organizations among the following six classes of young men, have been established:

273 College Associations with 15,000 members.

77 Railroad Associations with 14,000 members.

10 German Associations.

29 Colored Associations, mainly collegiate and academic.

15 Indian Associations.

50 Association Committees to do special work among commercial travelers.

III. A careful and thorough supervision of this entire work has been maintained, one feature of which has been the presence, during the last 22 years, of the Committee's representatives in the successful conduct of 425 State Conventions, which have had a total attendance of over 50,000 delegates.

IV. Another feature has been the printing and circulation each year of thousands of pamphlets giving instruction concerning the work, in response to requests for such information.

## What It Needs.

That the public generally, the rank and file of the Association members particularly, possess a wider knowledge of its operations.

A wider circulation of its publications. (A list of these will be sent upon application.)

An increased force to strengthen and extend the work already undertaken among special classes of young men.

Several additional Secretaries to establish the work on unoccupied fields.

More help in the home office.

A more general observance of the "Week of Prayer for Young Men" in November, and a special effort on the part of the Associations to increase the collections in aid of the Committee's work at that time.

A greater interest in its work on the part of both Associations and business men, evidenced by an increase in the number and amounts of contributions.

A small contribution from every active member. These contributions will not only aid in the general work, but will develop a more intelligent interest in the local work.

CAN YOU NOT ASSIST IN SUSTAINING AND EXTENDING THIS IMPORTANT WORK?

Checks should be made to the order of B. C. Wetmore, Treasurer, and sent to him at  
40 East Twenty-third Street, New York City.

Chief Donaslett <sup>4</sup> was at Washington  
City with Chris's Mosses, Lot and  
Susceptibility, and is the recognized  
Chief of the Colville reserve - a good  
man but a "King George man".  
Moses is an "Uncle Sam man" and  
disputes Chief Donaslett's Supremacy.  
Moses is right, and so are the true  
Colville Indians who object to Chief  
Donaslett. Judge Haines - Kirkland,  
Smith resigns for sake of their reserve.

Second. There are five white  
employees on the Colville reserve  
drawing an annual salary <sup>amount</sup> of  
\$10,000 dollars for doing  
nothing but conversing with Squaws,  
and making laws and back  
medicines for Indian men and  
women, who are starving for  
bread, sugar, tea and coffee.  
All of these employees are single  
men from the backwoods of  
Eastern and Southern sections of  
the old states, and don't know Indian

13. Maj. Genl. O. O. Howard,  
Commander West of Pacific  
The Mason Cal.

General:

I enclose you a  
letter from Maj. Geoyler, U.S. Indian  
agent for Colville, Spokane and the  
Coeur d'Alene reserves. It states  
a "Chief Mosses Complaint" that will  
enforce the statements made to  
you in private letter of last week,  
which, I hope, you have received.

"Sam Miller" is not so situated as  
to complain to or furnish complaints  
of Catholicity to Indian Agents of  
dubious distinction, and from a  
point one hundred miles from  
any reserve. The Wenatchee ind-  
ians are former citizens of the Uni-  
ted States, so is Chief Mosses and his  
entire people, none of whom are at  
all subject to Maj. Geoyler's dictation,  
Council or Government or any of  
his reserves. Chief Mosses is only

on the Big Spotted River by a  
Special Permit from Secretary of the  
Interior as you are aware, and  
which was received by Mr. Derry at  
the time you and he were in camp  
in Kittitas Valley after Chief Moses  
return from Washington City.

There is a French Cardinal  
Catholic priest named Rongé, who  
resides on the Colville reservation, at  
the Okanogan River, above Bannock-  
part Creek, where his father  
Jesse built a mission five years  
ago, and there is also a Catholic  
mission on the Wamapah where  
some of Moses' Indians reside, at  
which this Father Rongé adminis-  
ters. This "red-flag priest" is a  
double-soldiered enthusiast on  
rigid Church discipline, and caused  
some of Chief Moses' Indians men  
and women to be imprisoned  
for adultery and breach of faith.

They were arrested by his own  
appointed Indian police, in  
utter defiance of legal authority  
from white officials; so, that

the white people have revolted  
at such clerical outrage, and  
urged him to desist and  
attend to his own Church affairs  
as a priest, and not as an in-  
cumbent of "King George's" and Cong-  
ressman "Guelcher's" Mormon  
Law." This occurred two months  
ago, and is within my knowledge  
from the head Indian men and  
women of the Wamapah.

This, General, is all that can be  
made out of the sly complaint  
of Chief Moses, to catch Catholic  
Geyde, who last year threatened  
to imprison Moses for drunkenness.

Now, for a few facts of a  
more important trading, which  
for 20 months, have had universal  
dissatisfaction among all the  
Okanagan Indians.

This Father Rongé expelled Chief  
Donahut from the Catholic  
Church for selling liquor to Indians  
of his Church, and caused the  
election of "San Joe" to the  
head Chief of the Okanagans.

and at the same time keep the  
Military posted at Camp Sh. Kane.  
Smith: The greatest plea I  
ever made in my life was to  
L. L. Chamar, then Secretary of  
Interior, to put more but good  
moral married white men  
with their families as farmers  
and mechanics on Indian  
Reserves; have married school  
teachers and doctors with their  
families to reside thereon, and  
thus teach by example how  
noble it is to be a good white  
man and a good Indian.

Said one of Chief Moses Indians  
to me last Sunday, "Stranger,  
I am too poor now to talk about  
schools and churches; my children  
are starving, I am hungry - Oh!  
merciful God! General, do you  
know what that means? I do.  
Why have you not caused me to  
be appointed "Special agent"?"

Third: The Catholics want to have  
supervision of the Chief Comstock  
boarding school at Bonnaparte  
Creek and Chief Comstock says  
no. It must be protestant or an  
American school. This is why  
Father Borge desired to get rid  
of Comstock's influence by expel-  
ling him from his church, and  
will account to you, I fear, for  
certain notable deaths that  
have occurred in the upper  
Okanagan country in 1886, Chief  
among which is Judge Haynes,  
of Her Majesty's Custom House, and  
Chief Comstock's main stay, and  
also of Chief Suscepkin who was  
a strong ally of Chief Moses; and  
opposed to Niram J. Smith for  
his efforts in setting aside the  
15 mile strip of Suscepkin's lands  
through the "President Arthur  
proclamation". It was this

6  
trouble, I singly and alone,  
stayed through pleas of visit  
with Chiefs Moses, Donahut,  
Susceptin, Antoin, Per Jow-  
gskin, and old Chief Susceptin's  
wife, whose father is the great  
head Chief of the Similkameen,  
during the Great Council on the  
Lake Rogers and Similkameen  
fishing grounds last Summer.

There and there I lost my health  
and strength through incessant  
trouble and toil, while, at the  
same time, I had charge of Smith's  
Store and Ranch, upon which  
White men mercilessly encroached,  
bringing whiskey to Smith's  
Indian women, getting them  
drunk, endangering my life;  
and Smith, Indian furmen,  
and Indian agents far away  
from posts of duty. This is truth.

Fourth: 7 Smith returned  
in September having known  
of the trouble. He picked and  
abused the very Indians who  
sawd me and his store, and  
gave employment to the men  
that made his women drunk.  
The military knew this from  
others, I complained not.

Fifth: White men-minors  
are conspiring to set aside  
the Colville Reserve and the priests  
and Indians know it, so do  
some Oregon Senators.

Sixth: I am here at the  
Kamatchee almost ruined  
in health from poverty and  
from exposure - now receiving  
a Cent of pay for any of  
my services, save in kicks,  
cuffs and bruises for my  
efforts to preserve the peace.

With great.

Portland Sept 8/88

Gen Howard.

My dear sir.

Upon my return from down River I found your letter enclosing one for Capt Young & one for Maj Jones and a general letter.

I wrote Capt Young & the Maj were away. I have just been over & found Capt Young had returned & presented the same. He promises to have me in mind. Capt Drucks gives me all the employment he can in taking soundings which is better than nothing but rather an inactive job. I think with your letter if any opening turns up I will stand a chance to get it. In the mean time I am pulling the wire East to catch onto the Ice buoys.

I want my friends in Maine  
either to come in and take  
stock & increase this Co up  
to \$100,000. or else my friend  
Mr Broadstreet together with Capt  
L - buy out the old Co -

I can not tell about it until  
I hear from my Eastern friends  
& also. When the Capt hears  
from the New York parties -

It is an active business that  
I think would suit me better  
than anything I would be  
likely to find - If it is well  
handled & worked up I  
think it can be made a  
large and successful firm -

If it takes the form of a Stock  
Co with increased Capl -

The Capt would run the  
Portland & Millamatt Valley trade  
here & the Sound trade with  
head quarters at Falmouth -

Nothing is known of our plans  
outside - I think it is just the  
time to take hold of it -

The fishing firm on the Sound  
is going to be a large firm

& will want lots of Ice in  
the Sound - & I think I would  
like Falmouth - I like Portland  
thus for very much -

Please accept my  
grateful thanks for the  
letters and I will accept  
no position that I think I  
can not fill to advantage  
to my employers -

Which of course would be  
active out door business - of  
some sort -

Very Truly

Gen. O. O. Howard,

San Francisco, Cal.

Dear Brother:- I must take time to write you a line or two to say that mother is somewhat better but very weak. I do not feel certain that she is on the way to recovery. She tries to take a little walk out of doors; the boys carrying her down the stairs and back again, and two of them supporting her on either side. Once this week she has taken a ride, but seems hardly strong enough for that. Her appetite is very small; her digestion poor. I can not but feel that her vitality is lower than ever before.

Yours truly

Affecterobly  
C. H. Howard

P.S. John came in just now and says he will start before 11 A.M. and says he will start East tomorrow (Sabbath) says. I am sorry for starting on the Sabbath -

May Gen Howard:

15.  
My Dear Old Friend:

Old time has  
not been very kind  
to me since our  
Roman C - commander  
came here - Have  
not had a single  
Court to report.

Recently saw  
old friend Maykess  
he spoke as if it  
were possible that

Col. A of 14 Reg  
might have to  
stand trial and  
I asked him to  
say a word for  
me as Stenographer.  
He said he would.

I assure  
General if you

*would be  
an old friend*

would issue  
an order appointing  
"John W. Cochran  
of Vassar N.Y.  
Stenographer of the  
Court" it would  
be a red letter day  
for me here &  
in view of the  
hard times  
I and my family  
have seen since  
you left.

Will you do it?

musician.

We think of  
concerting your

some notices of  
Adele. With kind  
regards from  
Mrs. C. and children
