Dear General,

Your telegram of the 9th was duly recd. In your letter of Jan'y. 18th you said that Mrs. Howard did not lose her residence here by going to Governor's Island or any other military post, hence my advising you to buy the land. It is impossible for me to sell anything now, but am hoping for better times. I shall get proof on Mrs. H's sec. and send it to Sacramento and after approval we will still have 50 days in which we can hold the land. If, at the end of that time, you do not care to spend any more money on it, you can throw up the whole thing. Meantime perhaps I can

Dear General Howard:-

I thank you for your kind expression of sympathy, as given in your favor of yesterday's date.

On Saturday afternoon, my daughter, (Mrs. Benedict), gave birth to a beautiful, little girl. The baby lived only eleven hours, and we are all very much grieved over the loss. Mrs. Benedict is doing very well and I hope will speedily recover from her confinement. This event will probably delay my going south now, as I feel that my daughter ought to have a change, and it is my present intention to delay my departure until she is sufficiently recovered, when I hope to induce her and her husband to join us in a trip to Florida.

I want you to do me a favor, viz., to take Mrs. Howard and any others of your family you may desire, on a trip to Florida and accept the hospitalities of the Hotel Ponce de Leon for just as long a time as you can be contented. It will do you good to get away from New York during the month of March, and, if you will only go to Florida while I am there, I will do every thing in my power to make your stay on the State as agreeable as possible.

With kind regards to Mrs. Howard, I am,

Dear Sir:

As a means of furthering the cause of Cremation, the U. S. Cremation Co. (L'd) and the N. Y. Cremation Society have determined to collect from those whose example will have an extended influence, favorable expressions of opinion on the subject.

The considerations which have led us to adopt this course are briefly as follows: The work of combating the arguments opposed to the Reform has ended. One after another the Religious objection, the legal objection, the sanitary objection, the sentimental objection and all the other objections have been overcome; to-day, hostility to the Reform maintains a perilous existence, based only on prejudices, false sentiment, or blind conservatism.

This victory of theory, however, has yet to be made a victory in practice. The question of to-day is, how to reach that vast majority who prefer to adopt, rather than to form, an opinion for themselves. The solution seems to be: gather authority. This we propose to do.

Accordingly, we earnestly ask that you will at your earliest convenience favor us with an expression of your views on this subject, even should it be no more than a brief statement that you heartily approve of Cremation. For doing so much we shall thank you most cordially, and in proportion as you shall do more, so will you augment our sense of grateful obligation.

Rev. C. D. Howard

Dear Sir

The Society of
the Methodist Episcopal Church of
this place, are making an effort
to pay off a debt on their church
property of eight hundred dollars, which
has been standing for a number
of years.

The society of the Church is
weak - has become so, by deaths,
and removals. Those of the members
who are left, are in very moderate
circumstances - have all they can
do, to pay their Pastors salary, which
is small - and all the money that
can be raised for salary is paid,

has to go for interest on the debt

The Agents of this congregation are now making an effort, to see what they can do toward canceling the debt.

We are soliciting from friends, home and abroad, — and writing those who we think, will help in the good cause.

Our debt may look like a small one to you, — but it is more, for us than thousands of dollars, would be for some large churches, where the congregations are regular.

Remembering your many benevolent acts of charity has induced me to write to you, and ask you to aid us a little, in relieving us from this encumbrance.

Our cause is really a peculiar one. I wish I could present it in a way that you could more fully understand our position. We have had a struggle here for years to maintain our church — but

we trust, and pray, that God will put it in the hearts of some of his children, to come to our relief — and may they feel that, "It is more blessed to give than to receive."

I hope this will be received with your approval — and you will be moved to aid us some. Any amount you may feel disposed to give — will be thankfully received — and be same acknowledged.

Our Church is at Croton Lake, and belongs to the New York District, & New York Conference.

For reference, I will refer you to our Pastor Rev. A. S. Lathill, & William & Samuel Reynolds, who are Stewards of our church also Dr. J. R. Lathill, of 319 West 18 Street New York.

Please let me hear from you, at an "early date" and oblige.

11 CLIFF STREET,

My dear Gen. Howard

Shortly after you
left this morning I saw
Mr Van Gable of whom
Father spoke. He is a
young man of high
character, an elder in
Dr. Patton's Presbyterian
Church. He had his business
training as clerk in this
office, & is now at the
head of an old established
Retail & Wholesale Hardware
House. I spoke to him

at least give him a trial.

The business might not suit a fastidious young man, as Harry can see for himself, but the concern is an old & flourishing one and if Harry did nothing there but get a training in the hardware business (he could hardly have a better place in the city to learn the rudiments of the business) it would be worth his while you might lead to something

better, as the hardware trade is a large one all over the country.

The firm name is

White, Van Glahn & Co

15 & 16 Chatham Square

near the E. R. Station.

If Harry cares to try, let him call any morning before noon ask for Mr. E. C. Van Glahn (I enclose a card of introduction). Trusting with all my heart that something may come of this
