Dear Sir:-

Some years ago I obtained from
Earle Harrison, Civil Engineer, Jersey City, N. J.,
some data relative to the elevation of tides
as ascertained on the porcelain staff of the
U. S. Coast Survey at Governors Island. I
understood from that data that up to within
a few years ago the highest storm tide ever
known at Governors Island was at elevation
10.30 on the porcelain staff, or corresponding
to our Jersey City levels (Wards System)
elevation 11.90

During the recent storm we found
that on Sept. 10th 1889 at 10.30 P. M. the
water was up to an elevation of 12.66 (Wards
System) at the Washington St. Gap and
along our Water Front just North of the

Maj-General D.D. Howard, U.S.A.

Dear General,

I have the pleasure to announce to you the birth to me, this morning of a fine, big, baby-boy.

I seize this opportunity also to tell you that I find often much pleasure in my present field. The surface is not always smooth, nor the ground easy to weed out, for the gardeners of papal Rome sow so many weeds on their path, that it is a

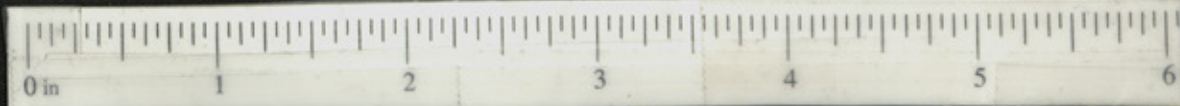

wonder to me how some-
thing good plant can manage
to survive. There is indeed
a mighty work to be done
among the French Canadians
in New England alone.

If I should go to New-
York, how may I see you?
I should like so much to
have the pleasure of mee-
ting you again.

I hope that yourself and
family are quite well.

vous même en particulier,
Cher Monsieur le Major
Général, les meilleurs
vœux de votre humble frère

General = I have

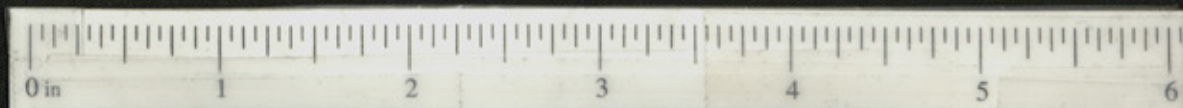

been requested to write you in behalf of Private William Mahoney Battery H. 5th U.S. Artillery now in confinement, I am advised, charged with desertion. The trouble in this case, in my opinion, was that curse of the human race, Rum. There was not any intention to desert. This soldier was in the 11th U.S. Inf from April 20. 1879 to April 21. 1884. His discharge papers show him to have been a "good soldier" and of "good character". He is a son of a veteran of the late war, in which I believe he had several brothers, one of whom is one of the best workers in the G.A.R. in Kings Co. William was not

old enough to enlist during the rebellion. Will
you kindly look over the facts in the case
and do what you can consistently with
your views of duty, to relieve him from
the serious charge against him

Very truly and fraternally Yours
