My dear General:-

I want to thank you personally for the pleasure you gave us all at the meeting of the Commandery last night; the resolution of thanks will be formally written out and sent to you. It is now my duty to go to work at once to try to secure for the Commandery a pleasant evening at its next meeting on the first Wednesday in February; of course we want you as our guest; and I want also any suggestions which you can conveniently give me as to speakers for that meeting. I have in mind that the next two meetings should be one of them devoted principally to the memory of General Thomas and commemorative incidents, and the other devoted to the memory of Farragut and commemorative incidents; I want for each of these a paper written by some officer of great distinction and high rank, such as the New York Commandery ought to command, as I think, for each of the five meetings it holds during the year; and then I want crisp pleasant talks in quick succession following. For any suggestions in aid of either of these purposes I will be very grateful.

Dear Comrade.

I see in the Ref that you express your
views as being opposed to the granting
of Service Pensions to the Survivors of
the late war. It came as a surprise
to me & the Comrades here & vicinity.
Precedents in favor of Service Pensions to
the dependents of the fallen have been the
watchword since & including the days of
Washington & why not we have the
same who made it possible for this
Nation to prosper & exist 1000 years.
Thousands of men who went out in
1861 & 1862 will go down in poverty
before they will ask for a Pittance
under the "Dependant bill" In case it
becomes a law. we are entitled to
something better and thousands will never

Am I not entitled to a Pension?

My dear General:-

Thanks for your very kind note of yesterday this morning received. General D. H. Stanley was my own Division Commander, and at the battle of Corinth rendered me an inestimable service in holding my regiment steady at a time when on the left of Battery Robinett it was the center of attack. I have strong, personal, attachment for him; but just now, and for some little time past, he has been engaged in a bitter ^{personal} controversy with ex-Governor J.D. Cox, who also has been and is so generally esteemed that such attacks on him cannot be made without the controversy taking such an aspect as to require of me to do nothing which might give it voice within the walls of the Commandery. For example, at the same time I wrote to you I wrote also to another friend, one of the very first men in the nation, and holding high place in the Legion, and he wrote back suggesting that I invite General Cox to write the paper. If we can induce General Sherman to prepare the paper, it will then rise above the quarrel and do General Thomas the high honor he so richly deserves. It is some time since I wrote you & then only officially. Since then, it gives me pleasure to say I have improved considerably in health. It is now two weeks since I have had a "Bad Spell" and my cough which clung to me so persistently, has subsided.
