Major General O. O. Howard ;  
Governor's Island, N. Y City ;  
My Dear General :-

I am in receipt of your letter of the 1st inst and in reply I have to inform you that it is not the desire of the committee on Indian Affairs in the House to become a party in any way to the controversy or feeling that seems to exist between the friends of General Crook and the friends of General Miles. Some things have already been said before our committee that had no relevancy to the question that we desired to consider, and so far as the committee is concerned will have no influence with us in our deliberations. We have General Crook's recommendations, and have also been addressed by members of his staff, and by those who believe with him that the Apaches can be safely confined on the Fort Sill Reservation, and we have heard General Miles' delegates and representatives from New Mexico and Arizona who think it would be unwise to remove the Indians to the Indian Territory.

The desire of the committee is only to do what is fair and right in the matter, and what seems to be for the good of these Indians, and at the same time fair to the people of the territories. I believe that much of the fear that is entertained by the settlers of New Mexico and Arizona is an exaggerated fear; but while considering the good of the Indians I think it is but right to take into consideration the wishes and interests of the thousands of settlers who are living in these territories and who have their homes there, and who claim that since the removal of these Apaches they have enjoyed their first security as settlers in these territories. Whether their fears are exaggerated and excited or not I think it is the duty of the committee to realize that they exist; and under such circumstances it becomes quite important for us to determine whether for the good of these Indians we will to some extent, at least sacrifice the comfort and the prosperity of the people of Arizona and New Mexico.

Old Mexico is also opposed to their removal to the Fort Sill Reservation, but the committee has not yet determined what action to take in the matter.

I am sincerely yours,

Dictated.

Dear Father:

I have received a favorable reply to my letter of application from Mr. Wickam and a letter to Mr. Cox, agt., here at Chicago informing him that I have been appointed cashier for this place & instructing him to give me all the information possible. I rec'd the letter at Glencoe this morning & came right in to this office but do not find Mr. Cox in at present. Mr. Barber came as far as Oberlin. Mr. Cox went from here to meet him & consult with him in regard to business. My name was not mentioned. But now I have received my appointment I am satisfied - more than that I am well pleased. Love to all.

Dear Sir:-

Mr. Chancey O. Howard paid us a visit. After I had explained the situation to him here he decided that it would not be practicable for him to accept a position with us, as it is so far from his home - he had an opportunity to go into a bank in Chicago and thought he should accept it.

Dear Sirs

Mr. Chapman & Company being on a visit. When I last exchanged  
views with Mr. Chapman & Company it was to advise them of the  
fact that it would be necessary for them to have a  
new office building or even to move to another place  
as there was no opportunity to do this without loss of time.  
I hope you will excuse my trouble in troubling you  
about this subject.

Yours truly,

Majr-General Howard,  
Commanding Eastern Division U. S. Army;

Dear Sir & Comrade:

You doubtless were informed, during your recent visit to Tarrytown, that preparations are being made to place a Bronze Statue of an American Soldier upon the Soldiers Plot in Sleepy Hollow Cemetery, on the 30<sup>th</sup> of May next.

Considerable money is to be spent in ornamenting the plot, where twenty-four soldiers lie buried. The plot will be marked with four Corner Stones, prepared to hold four 32<sup>lb.</sup> Cannon Balls, each, (16) in all.

Mr E. A. Studwell informs me, that you very kindly suggested, that if we could make known our wants, that you would aid in getting them. Besides these balls

like this,

I have the church recognised  
as a Congregational Church,  
admitted into the Manhattan  
Conference, and with the sympathy  
of Churches I think a young  
man who could speak German  
and would reside there in their  
midst, might be able to build  
up a strong society.

Believe me if I could see that  
my time could be profitably spent  
there, I would have no desire to  
leave such a field, but my  
opinion is to the contrary -

Depending upon the guidance of  
the Holy Spirit in this and all things

Dear Sir

I am delighted  
with your answer and I  
am sure our Young People  
will be also.

Our meeting commences at  
8 O'clock, and the subject  
you will be best able to  
select yourself, but I suppose  
like Goldsmith's soldier,  
you will "Shoulder your  
crutch and show how fields  
were won".

I am very grateful to  
Dr Taylor for his kind words  
about me, but trust I may  
not have to bear the reproach  
of leaving the Camp Memorial Chur-

"in the church".

I was engaged for three years  
which time expires on May 15<sup>th</sup>.  
I have informed the members  
and officers that I shall be  
unwilling to entertain proposals  
to remain after that date.

I did so in order to relieve them  
from embarrassment in case  
they should desire a change,  
and more especially because  
I sincerely believe it would be  
to the interest of the church that  
a change should be made.

I believe the possibilities for the  
church are great, but I am  
convinced that I am not adapted  
to meet the requirements of that  
work.

I could explain more fully in  
conversation than in a note

In speaking with Dr. Warner some days since, he assured me of your willingness to speak to a company of young men in our Building upon some topic of the war. Should it be convenient for you to spend the evening of Friday, April 11<sup>th</sup> with us in this way?

Remembering the  
Sunday afternoon you  
gave us some months  
ago, we shall be the  
more pleased to hear you  
now.

My dear General:-

I thank you for your prompt attention in the matter of the author of the journal now being copied by my clerk.

I am quite satisfied that you are right in saying that Major T. W. Osborn was that person, and I will be still further thankful if you can furnish any information as to his present whereabouts, if alive, that I may communicate with him on the subject of publication.

your kind offer to compare the

Dear General

I see that a bill has passed Congress authorizing the conferring of brevet rank, on Officers who have been, or may be recommended by their Department Commanders, for gallant service in Indian Campaigns since January 1<sup>st</sup> 1867. As I flatter myself that I did gallant service at the fight at Selma Creek, Oregon, in June 1878, while under your command, I would be gratified to have you recommend me for the brevet of Lieut. Col., while I care little about it on my own account I do care about it for my children.

Very truly yours
