TO ANY PASTOR :

Rev. Dr. MacArthur, Pastor of Calvary Baptist Church, New York, is to lecture in my church for the benefit of the Rankin-Richards Institute, Windsor, N. C., and if you can in any way assist Mr. Mitchell, the Principal of the school, in increasing the interest in the occasion it will greatly aid a worthy cause.

(Signed) S. M. NEWMAN, *Pastor.*

U. S. SENATE.

WASHINGTON, D. C., April 15th, 1890.

I take very great pleasure in stating that Mr. Rhoden Mitchell, a colored man, the principal of Rankin-Richards Institute, Bertie County, N. C., is very highly esteemed by the white and colored people both of his section. He justly enjoys the character of an intelligent, moral, worthy colored man who is devoting himself in a proper way to the improvement and advancement of his own people and the harmony and peace and welfare of society. His efforts in the institute of which he is the founder and principal, deserves high commendation. Mr. Mitchell is capable and is actually doing a great deal of good.

M. W. RANSOM,

U. S. Senator.

There are over five hundred and forty thousand (540,000) colored people in North Carolina, and they are numerically greatest in the Eastern section of the State where the Rankin-Richards Institute is located. There is now in attendance at the Institute of 160 pupils, with insufficient accommodations—with constant applications for admission. An effort is now being made to provide accommodations for over 300 pupils. This Institute is dependent upon the charitable gift of the public, and now earnestly solicits the liberal contribution of friends in this pressing need.

Dear General Howard —

The poor "Apache" of 1887 is fast changing into a second Miss Merritt, and — well "Apaches" (I am not conceited) are preferable, we think. So, I would like to return to my mountains & work. It would not be just to displace the person who has my old school, but at Pala there are a number of Indians who are very anxious to have a school. They have known me for years and want me for teacher. My brother and other people from there have written to me, stating this, also that it was the intention of Indian Agent Rust of Colton (San Bernardino Co. Cal.) to establish a school there, if the Department of the Interior will sanction it. I feel that my attempts will not be in vain, should I receive the appointment. There is much to be done outside of regular school work & I think that I am better fitted ^{now} for such labor than ever before. — Since you left I have struggled hard — have not been able to earn the bare necessities of life. I must make a change. When I was most discouraged, I received the above mentioned letter from my brother in Pala. I immediately wrote to Indian Agent Rust. (I could not find out his initials neither at the U.S. Treasury nor at the U.S. District court) A month has passed and I have

not heard from him. Now, perhaps you can help me. I feel that you will, if you can. Several days ago I received from Mr. Lionel Brooks the old papers from Lieut. Chase. I did so hope that they were worthy of a word of encouragement to continue. -

I suppose I must close.

Very respectfully, dear General, (yet with quite a good deal of the old Apache left)

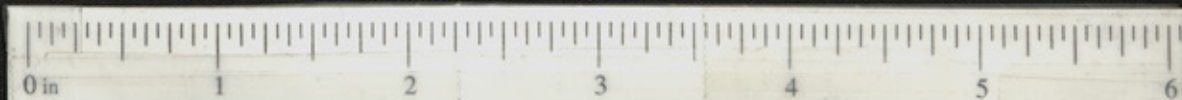

Yours

Dear Sir :--

We enclose herewith bill for the amount due on your subscription to the "Young Men's Era." We are pleased to have had you among our regular readers in the past and trust the paper has proved sufficiently interesting for you to continue as one of our subscribers.

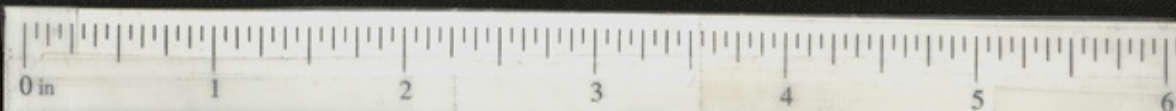

The "Young Men's Era" has recently passed into the hands of the Young Men's Era Publishing Company and plans are in progress for very marked improvements in the paper. Our ability to secure a corps of contributors of national reputation and to make some decided improvement in the mechanical part of the paper, very largely depend upon the prompt payment of all subscriptions now due
