Gen. O. O. Howard,

Governor's Island, N.Y.

Dear Brother,

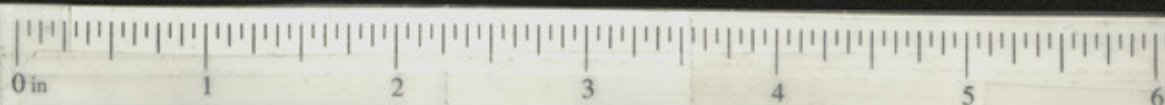

I was pleased to hear from you and your home through Brother Rowland. Are you intending to be present at the Lake Mohonk Conference, on the first of October. ² I purpose to go and possibly Kitty may accompany me; if so, we had thought of going to M. Y. City for a brief visit with you and your family at the close of the Conference, provided, of course, that it would be perfectly convenient and you are all well.

Affectionately,

C. H. Howard

P. S. -

I can not speak with perfect certainty about Kitty's going, but intend to be there myself and will probably go on from N.Y. to Boston on a little business trip and in case Kitty should go, she will return after a day or two, alone, to Chicago.

Bien cher Monsieur le Général

Veuillez accepter nos meilleurs
remerciements pour votre bonne
lettre du 2 Septembre. Je désire
vous dire aujourd'hui que, sans
abandonner le projet d'aller tra-
vailler à l'évangélisation de la
France, j'ai cru devoir accepter
un poste dans l'oeuvre anglaise
dans l'Etat de Wisconsin, parce
que je puis m'y mettre tout de
suite. J'ai été maintenant cinq
mois sans travail et sans res-
sources suffisantes pour ma famille
et je ne sais combien de temps je
devrais attendre jusqu'à ce que je
puisse obtenir l'argent néces-

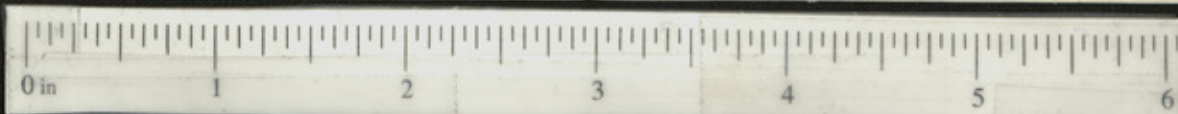

saire pour me rendre en France et y rester une année. Quand j'aurai les fonds nécessaires je pourrai toujours y obtenir un poste missionnaire.

Je compte partir lundi soir avec ma famille pour Milwaukee Wisconsin, où ma famille devra rester jusqu'à ce que j'aie préparé une demande où je dois me mettre à l'œuvre.

Le Dr dit que Mme Briol peut se rétablir en quelques mois si elle suit son traitement pourvu qu'elle ne lève rien de lourd. Il faut donc quelqu'un pour l'enfant. Une jeune fille de douze ou treize ans qui nous soit très attachée et dont la mère est morte viendrait

avec nous. Mais ce sont les frais de voyage qui rendent la chose difficile. Puis-je vous demander encore une faveur? Pourriez-vous obtenir pour trois personnes, depuis Springfield à Milwaukee un "pass" ou moitié prix, (half fare) ce serait pour vous un très grand service.

Si cela est possible je crois que vous pouvez obtenir cette faveur mieux que toute autre personne que je connaisse. Je voudrais pouvoir partir par le train "Fast Western Express" qui quitte la gare de Springfield à 6h10 après midi. Dans le cas où vous pourriez obtenir la faveur que je désire j'aimerais le savoir le

Gen. O. O. Howard,

My Dear Sir:--

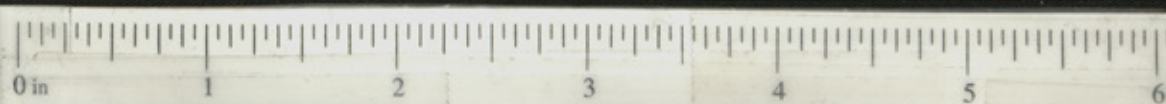

My brother who is President of the
Young Men's Christian Association at Bridgeport, Conn. desires me
to ask you if you will be willing to make an address at the An-
niversary of their Association on Sunday evening, Oct. 13th.
They are now erecting a large building, the corner stone of which
was laid ^{a few months ago} by Mr. Chauncy M. Depew. The meeting will be held in
one of the largest churches and will be largely attended.

If you can be present and do not wish to give up the day to
it, there is a fast train leaving the Grand Central Depot at 3 P.M.
which you could take.

If you can give a favorable answer please let me know and I
will put them in communication with you as to further particu-
lars.

Very sincerely yours,

My dear General:

I trust that
the order, soon to be issued
assigning me to duty as your

welcome to you. Our views in
relation to the administration
of justice I think will be in
harmony. Touching the matter
of quarters, I am not familiar
with the construction of the
different sets, but should

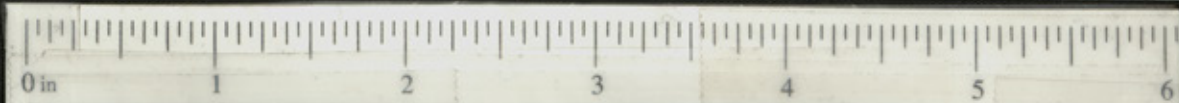

like considerable room as Mrs.
Barrie's dear old mother is to
be with us and she will
require an attendant. If
quarters are assigned to the
officers by departments and
the set now occupied by
Col. Coppington is one of
the new ones it would gratify
me if you would permit
a re-arrangement to be
made so as to make that
set the Judge Advocate's.
You will have seen that

the bill reviving the grade of

no doubt but what it will

greatly pleased to exchange

Dear Sir

You will remember that some time last fall
we wrote you asking you to come and deliver our Annu-
-versary address. You wrote back that you could not
well come at just that time but intimated that you
might at some future time come and see us. Now we come
more urgently than ever to have you come on and give
one half hour address at the laying of the corner stone of
our new building, a cost of which I enclose herewith
the cost with the lot will be not far from \$70,000. You can do us
more good than you could estimate and I sincerely hope and
pray that you may see your way clear to come across the

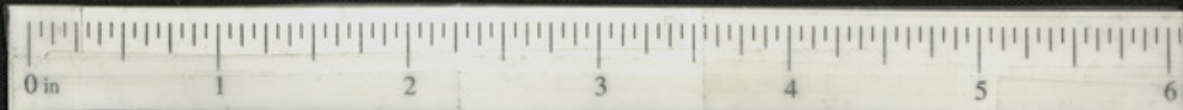

sound and render such aid as will help us to raise
more money which we shall have to secure to close the
building free from debt. It is expected that W. M. Dexter
D.D. L.L.D. & editor of the Congregationalist will lay the stone.
We are planning to have the ceremony either on Sunday Oct
18th or Monday the 20th and observe the 23rd anniversary
of our existence as an Association on Sunday the 19th.

Our Committee one and all want you and I assure you
that we will give you a hearty welcome and you can
do us a world of good by coming. Either one of those
dates with the preference for Saturday and to keep you
our Sunday would suit us. We are but a few hours
ride from you and we do earnestly hope and pray that
we may have the pleasure of hearing and welcoming
you at New Bedford Oct. 18th.

Dear Sir:-

I saw Mr. A. J. Foss
at Lewiston last week and he
said you had sent some ear
drums or something of the kind to
Kate L. Knapp of Leeds and that
you knew of people who were
greatly benefited by using them.
Now I am hard of hearing
from taking a severe cold and
have been so for twenty years
I can hear if anyone talks loud
but if they are low spoken I can't
understand.

Mr Foss said I had better write

to you and have you send me
some to try as he thought you
would if I wrote you who I
was.

I have always lived at No Leeds
until 2 years ago when I moved
here and have often seen you at
church at Leeds Centre where my
father (Ebenezer Cobb) always attended
(I think I have heard you say
he had been your Sabbath School

Now if you will send me some
thing to assist my hearing and will
not cause any inflammation in the
ear I will remunerate you for
your trouble & expense besides
being greatly obliged.

Gen. O. O. Howard,

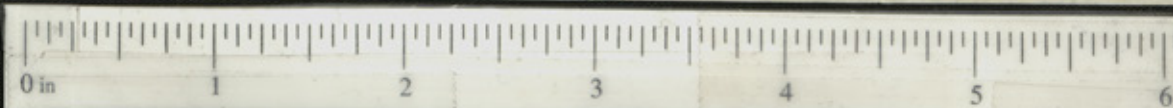

My dear Brother,-

We are anxious through THE GOLDEN RULE to help the young people of the country who read it to the best of our ability. It has occurred to me that it would help them to know what influences were especially strong in forming the lives and character of those, whom they look up to as eminent in the different walks of life. Would you be willing to tell the readers of THE GOLDEN RULE some of the Formative Influences in your Life, in order that they may be helped to better service for mankind themselves? I think such a series of articles would be exceedingly interesting and helpful, and I wish very much that we might have your help in the matter. If you have not time to favor us with an article of any considerable length, even a short outline of a few paragraphs would be helpful.

Will you kindly let me know if I may expect such an article within a few months.

Very sincerely Yours,

I have just received

is that he did not want to go to

Dear General.

I have yours of yesterday.
Until last evening when I received Butler
Field's circular of the 10th I was not aware
of my name being on the Committee.

When first asked to suggest
names for Committee I was very unwell
and a sufferer which prevented me doing much
personally or mentally - and as I did not
wish anything to exert me, I told Butler
Field I would do all I could, but did not
wish to be on Committee. Subsequently I
wrote him, if advisable, I was at his
service for Committee - but as the letter
only went the day before the meeting, I did
not know I was on Committee.

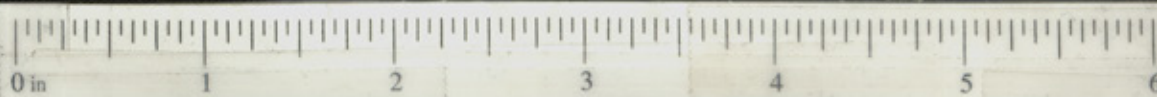

I am sorry for the error as
it seems to have created unpleasant

American Institute of Mining Engineers,

New-York, September 20, 1890.

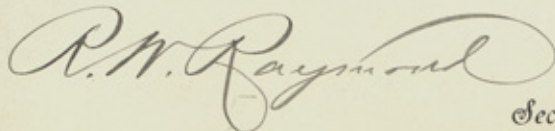

Dear Sir:

In forwarding, at the request of the Council of the Iron and Steel Institute of Great Britain, the enclosed invitation to its Annual Banquet on Thursday evening, October 2, we beg leave to express also, on behalf of the Council and members of the American Institute of Mining Engineers, the earnest hope that you will honor, by your presence on that occasion, the first meeting in the United States of the Iron and Steel Institute of Great Britain, a society which has done so much to advance the arts and industries upon which modern civilization depends.

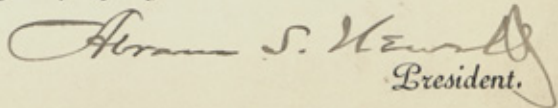

The period of this visit is peculiarly significant, marking as it does the advance of the United States to the rank heretofore held by Great Britain at the head of the iron- and steel-producing nations of the world—a fact of such international importance as to deserve appropriate recognition on the part of statesmen, as it will undoubtedly receive extended comment, during the approaching meeting, on the part of American and foreign technical experts.

Your reply, addressed to the Secretary, will be handed to the Council of the Iron and Steel Institute of Great Britain on their arrival in this country.

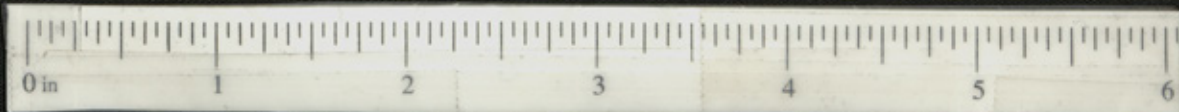

Very respectfully,

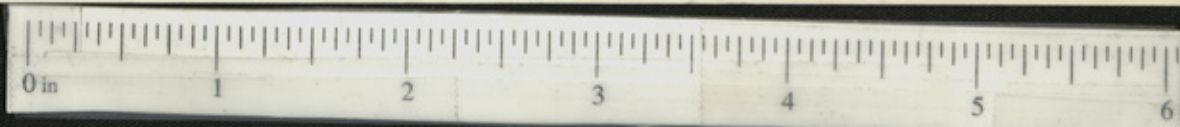

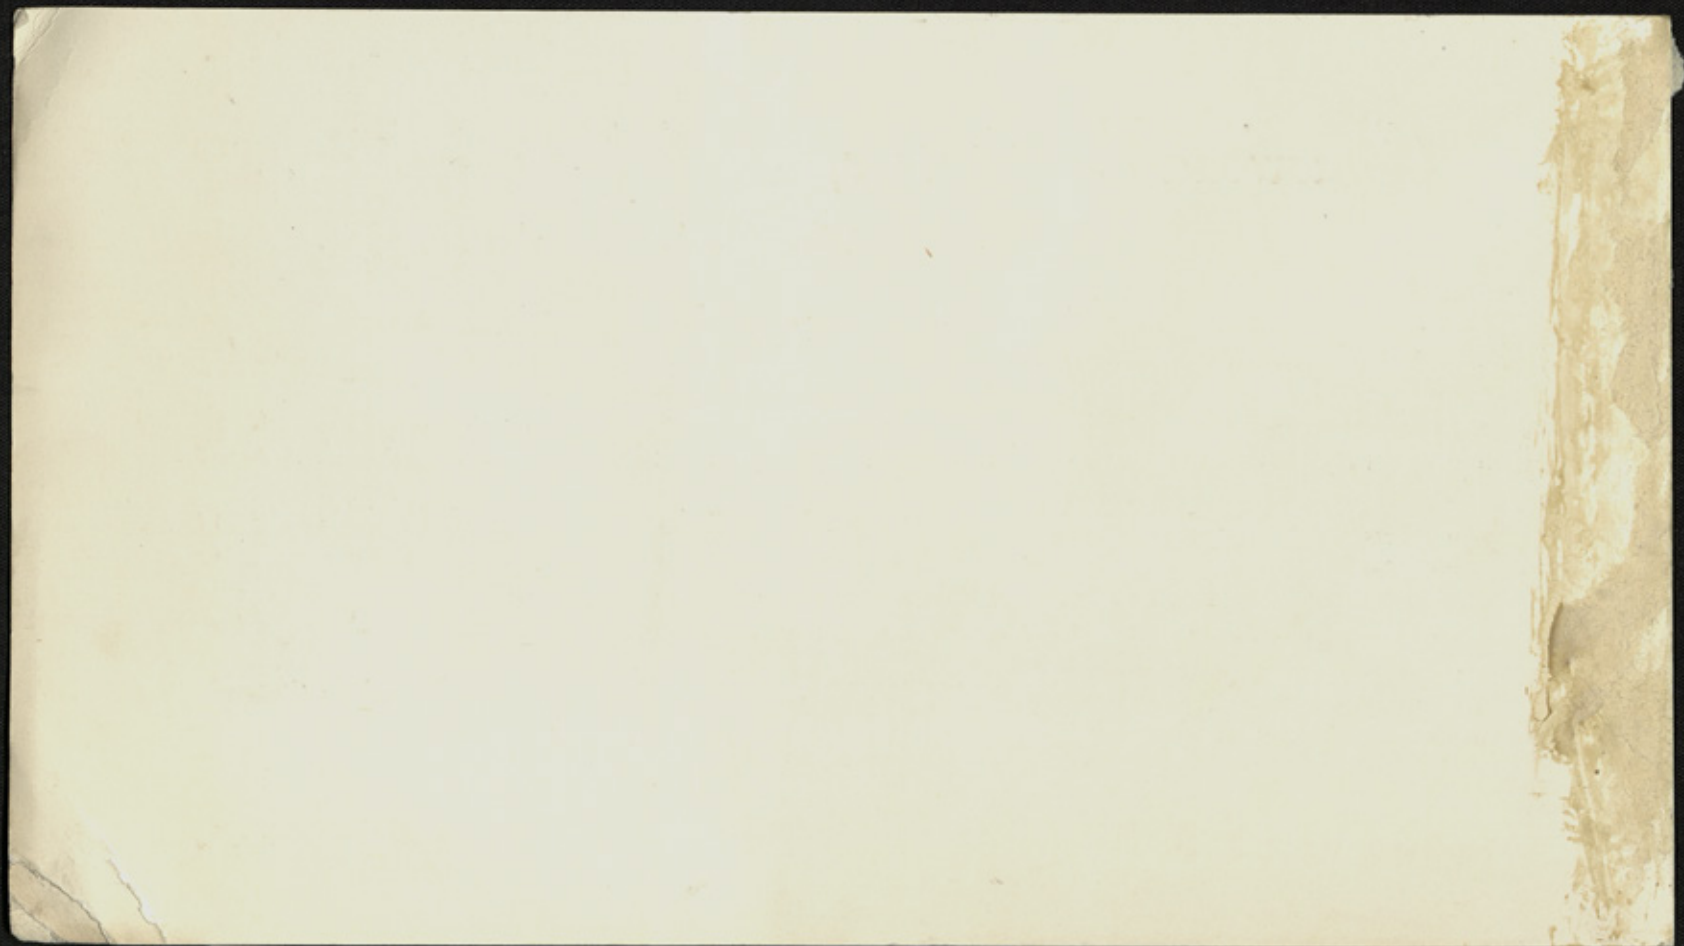

Secretary.

OFFICERS' CLUB,

FORT ROBINSON, NEB.

Sept. 20, 1890.

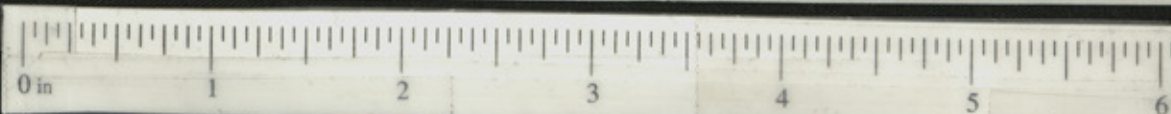

To Major General B. B. Howard.

General:

I trust you will not regard as presumptuous a personal letter from one so low in rank. Possibly you may remember my calling at your headquarters about a year ago.

My Father has recently been settled over a new pastorate in Granville, Mass., having held his former charge for ten years. For several months my parents have been much worried by the appearance of a cancer upon my Mother's lip.

Their anxiety has been intensified by the fact that her father died of the same malady, having the same location, upon the lip. Doubtless you remember it, and have heard of my grandmother's

remarkable devotion to him in his last illness.

Two attempts have been made to remove the cancerous matter, by a Boston specialist, but both have apparently failed, for the lip has not healed, though the affection has assumed a stationary phase.

Under these circumstances I am very anxious to be on duty nearer my home, being an only son. Otherwise I would prefer service on the frontier, for I can save money here. If there is any capacity in which I can serve you, either now or in the immediate future, I would be glad to do so to the best of my ability.

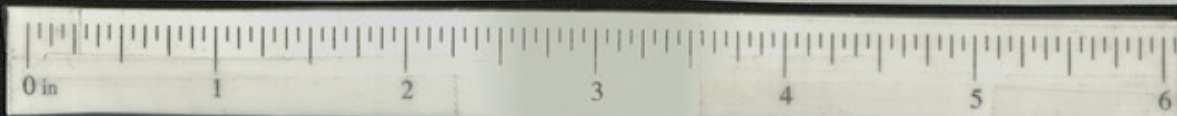

My Commanding Officers, since I was commissioned, have been General Jas. D. Brisson, 1st Cav., and Col. J. G. Tilford and Jas. F. Randlett, 9th.

Cav., any of whom, I doubt not, would attest to my good moral character, for I have never drank or gambled since I have been in the army, or indulged in other vicious habits.

My Aunt, Mrs. Curtis, whose opinion I am sure you would hold in high regard, has known me from boyhood, as a farm boy and cadet.

My discipline record at West Point was so good that I was made 1st Sergt. and Captain of my company.

By being detached I would be shirking no regimental duty, for, by the recent consolidation, my regiment has its full quota of officers for each company, and one supernumerary. Were it not for this I would not have presumed to write this letter, though very anxious to go east. I will have

been commissioned three years
next June. I am twenty six years
of age.

Very respectfully,

Your obedient servant,

Guy H. Preston,

2nd Lieut. 9th Cav.
