Maj Gen O C Howard U.S.A.  
Dear Sir.

In answer to  
the invitation of Richard  
Borden Post No 46 of this  
city, to deliver the oration  
next memorial day in  
this city you stated  
that you would consider  
the invitation favorably,  
if you did not find  
yourself under obliga-  
tions to your own Post.  
Thus leaving the matter  
open, as I understood  
it.

Yesterday I noticed  
a statement in the

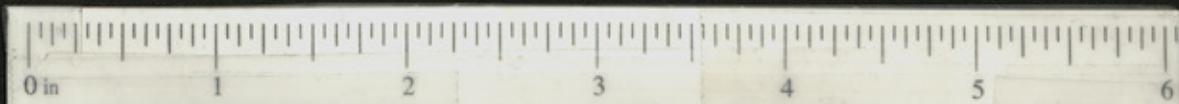

Boston Journal that  
you would deliver the  
oration before the C. C.  
Howard Post of Ludlow.

It. Will you be kind  
enough to inform me  
whether or not the matter  
is settled in that way.  
If so we must be  
looking for some one  
else, as the time is  
getting short for securing  
desirable orators.

We should deeply re-  
gret the necessity of giving  
you up.

Would you be willing  
to consider yourself under  
obligation to us for the  
next year (Provided for  
mitting)?

Yours Sincerely,

My Dear Sir:

Yours of the 28<sup>th</sup> ult -  
as to lecture duly rec<sup>d</sup>. I presented  
the matter to the Board of Directors  
last evening and while it would  
not be what we first started out for - a  
free entertainment as an Anniversary of the Y  
M.C.A. - yet the members were so pleased  
with the expectation of being able to get you  
that I have been instructed to write you  
again. The type written letter pays terms  
of \$50. and expenses, you have intimated the  
words "bear a part" after the word "I would  
be willing to" as indicating a willingness  
to make some reduction from the \$50 -  
and this too is coupled with the condition  
that the Y.M.C.A. + S.A.R. combine  
Now our Board thinks that the S.A.R.  
don't need help and the Y.M.C.A. does  
and thus ask me to write you

To ascertain if you will make  
any reduction from the \$50: and  
how much. If you could af-  
ford to give our Association your  
services for \$25:- and expenses  
we would consider the other \$25:-  
a donation for which we would  
thank you very much and we  
want to assure you that the com-  
munity would appreciate your  
good feeling in this respect.

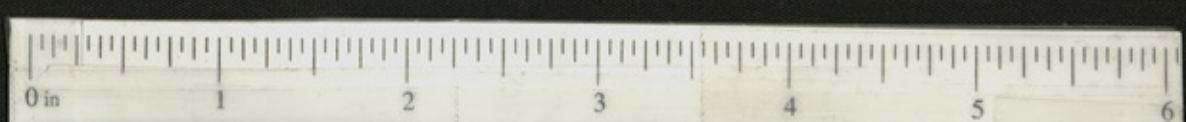

Please write me whether you  
would be willing that the Y. M. C.  
A. should have all the profits of the  
lecture we taking all risks of the  
rent of Opera House & advertising - a  
first class theatre - The Grand Army  
to have an hours reception in their  
Hall or at the Hotel, and also  
state your terms.

I regret to write about money  
matters but there really seems to be  
no other way to make sure of ~~being~~  
not being misunderstood.

I should state further that we cannot have a  
paid lecture in the Court House and must pay  
\$50. for the Opera House.

New York, Feb. 4, 1891.

Gen. O. O. Howard, Governors Island, N. Y.

My dear Brother:

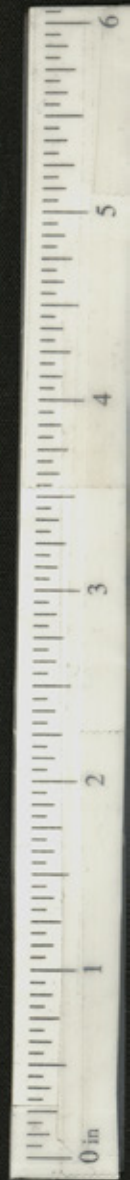

I am very sorry I was not at home when you called the other day with your application for aid on the Camp Memorial. Nothing would give me greater joy than to hand this money right over to you in the name of the Congregational Union or my own name, if I had it. But as you see by the copy of the Church Building Quarterly which I send you, we are over loaded beyond all possibility of relief for some months. So far as appears at present we shall scarcely have \$5000 all told to vote away next week Wednesday when our Board meets.

I called to see Dr. Warner, Dea. Gaylord and Francis Palmer about this very matter to-day. Only Mr. Palmer was in. His advice is this: Write a good warm cheering letter to Gen. Howard encouraging him to believe that his strong hold upon the benevolent people of New York will enable him in a short time to raise the entire sum. He was very much pleased to hear that you got a thousand dollars the other day from that good widow lady. He could not recollect her name. I am quite confident though he did not promise it, that Mr. Palmer intends to give you something more. I am quite inclined to think that he would give you the last thousand dollars. But that is only an opinion, by no means to be quoted to him, for he named no sum and did not say he should give you anything. But he is greatly interested in city work, especially New York city work. Now my dear Brother, this is not a device to rid myself of your appeal. It is only a suggestion as to the

way for a  
Union a t  
secure tha  
power perso  
ness on t

way for you to get aid. And if you will give the Congregational Union a trust mortgage for the amounts you get, so as forever to secure that property to the denomination, I will do anything in my power personally to raise the sum which you need to pay all indebtedness on that property. I know your earnestness and your love for personal Christian work. The last thing I would do would be to throw any cold water on any such plan of yours or any other good man. But with the tremendous pressure of the Home Missionary debt (next Sunday you know is Home Missionary Sunday) all over the country) and the very urgent calls of the American Board, and the <sup>Missionary</sup> American Association and all the rest, it is not the easiest time for us to launch out on a special call of this kind. I believe we can get it here in the city quicker than through the treasury of the Congregational Union, if the Union is to depend on ordinary current receipts.

I will gladly go and see you at the Island or gladly welcome you here at the office, or consider anything you may wish to write, if in any way we can help on your enterprise. It certainly is impossible for us to reach it at the Board meeting next Wednesday unless we set everything else aside which I am sure you would say would be hardly just to churches some of which have been waiting since last July.

Most cordially yours,

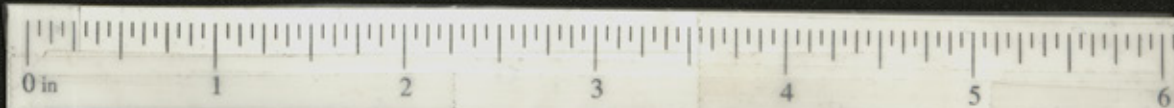

L. H. Cobb.

General Howard

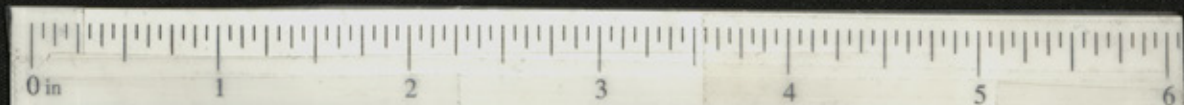

Dear Sir

It has occurred to me that it will be better for your son to go with me to Florida via Washington <sup>Monday morning</sup> on Sunday morning at my expense for the following reason. He could see Chief Clerk Ridgway with me in Washington and obtain letter to Local Land Office in Fla which would accord with what we said to Hollingsworth. He could see that the Pasco Land and Mine, which will probably be consummated (in which event you are willing to become a Director in accordance with our arrangement) is all that is represented, which would be more to your satisfaction than if you have to take my word for it.

Third. If he is to preempt for himself and find it will be well for him to see what is to be preempted finally. We could see your brother Genl. H. any way and take him along too if he so desired.

If this meets your favor please send your son over by 5-6 p.m. Monday so I can arrange details of the trip and if you prefer merely to send a letter to your brother.
