New York, Sept. 20th. 1891

Dear Gen. Howard:

I must beg your pardon for again calling your attention to what seems to me to be the very great importance of your being present at the Camp Mission at the opening Tuesday night. I suggest for your consideration the following facts and views.

Bros. John Jaeger has been employed by the American Tract Society, and, among other things, directed to work as a missionary at Camp Chapel under you.

I have entire confidence
Brs. John. I believe he is
soundly converted, and is
led by the Holy Spirit but
he may lack wisdom. I do not
know that he does, but he is
to a certain extent untried. I
think that fact caused Dr.
Rice to direct that he act
under your control. You
understand of course the
very great importance of
starting right. While Brs.
Jaeger will, I presume, be
left by you to manage in his
own way to some extent, yet
I believe it to be very
wise for him to understand
from the first that the real
authority is in your hands.

I believe that fact will
New York, 189
kick down friction. You of
course recognize the
fact that you open a
+ campaign in the devil's
territory, and you know
enough of his character to
realize fully that he will
join issue with you, and
he will not give up with-
out a struggle. One of his
favorite plans is to divide
Christian workers. I believe
that the mission under
your wise leadership can
go forward to victory in
the name of Jesus Christ.
Perhaps it can, if you leave
matters to Bro. John; but I

anxious. If you are
there at the opening and
make a statement as you
place the mission in the
charge of Bro. Jaeger under
your direction, I believe
your influence will be
sufficient to keep down
even the very appearance
of friction. Perhaps that is
not necessary. I fear that
it may be. I may be too cau-
tious; but experience has
taught me that an ounce
of prevention is sometimes
worth many pounds of
cure.

Believing this move-
ment to be of very great im-
portance, and feeling a deep

interest in it, I have taken
the liberty to offer these
suggestions for your
prayerful consideration.
If your engagements are
such that you cannot
well attend on Tuesday
night, we will consider
that it is God's will, and leave
the result with him. Or
you may see things in a
different light from
what I see them. In that
event I shall feel that you
are right, and I will nee-
ssarily be careful.

Again begging your
pardon for presenting these
suggestions

I am
Very truly
Your friend

St. Paul, Sept 20th 1891

Dear father

I telegraphed you yesterday at the Secretary's suggestion as he thought a few strong direct requests would be of great value. My telegram was to ask Mr. Depew & Genl. Thomas to ask the appointment of the President & for you to cable Mr. Miller to do the same. I thought you would think to get his address from Major Davis. I have just received a letter from him enclosing a copy of a letter

from Genl. Schenck to Gen. Swayze acknowledging the receipt of his letter. I am very much obliged for his kindness in writing. The President however is the one to be asked as Genl. Schenck is likely to be more committed with a slight bias in favor of some Artillery Lieutenant.

We got in this morning and are stopping over Sunday here. The Secretary has just started to the Methodist Church. We are to go out to Fort Snelling this afternoon and leave tonight for Winona & possibly Mound. We expect to be in Duluth by the 23rd. I do not know yet whether I will be able properly to wrap off there or it will

be better for us to go east first
& then return. The Secretary wishes
to bring the other four companies
of the 9th Infantry East without
sending the remaining four of the
11th West. I told him you would
find some way to take care of them.
The best way in my view would be
to send the two companies of the 11th
remaining at Madian Bks. to Niagara
even if they were crowded for a
while. That would give room for
one of the 9th at Madian Bks.
two. Then the Companies of the
6th at Plattsburgh and Utica could
go to Fort Thomas which is nearly
ready for two more, the two
remaining companies of the 9th could
go one each to those parts. This

would leave the Regiments more
together. I will try to get
him to simply order them in
where he wants them to come
& let you arrange them to suit.
We have had a very pleasant
trip so far but a good deal
of travelling for a small amount
of stopping. Due to mother
and Grace. I hope you get
good news from all of our
scattered family.

Affectionately yours son
Henry.

New York.

My Dear General:-

Do you expect to attend the Reunion of the Society of the Army of the Tennessee at Chicago on the 7th, and 8th, of Oct? I expect to have to leave here about the 2nd., of Oct., and thought that if you and Slocum and one or two others were going, I would bring my car here and we could all go out together. But from Chicago I shall go west and shall not return here for sometime.

Let me hear from you so I can determine what to do.

I understand that this meeting is going to be a very large one, and there are a great many reasons why we all should be present.

Yours truly,

Guadagno

I rec'd your letter to advise me of the best way to
get information concerning the passenger list of the
steamship "Empress of Canada" which I am
about to go to New York on Saturday morning.
I have written to the manager of the ship and
will get a copy of the passenger list from him
as soon as it is ready. I will let you know
when I receive it.

Very truly yours,

My Dear General:-

I hope to meet you at the State Committee meeting on Thursday evening, but in case we should not meet there I write to ask if you will consent to speak at our mens' meeting on Sunday January 24th, 1892 at 4.15 o'clock. We will try and get a good audience, although we are not likely to have a crowd. Your words were so comforting and helpful last year that our members are all anxious to hear you again. I trust that your mission work is succeeding and that Mrs. Howard's health is good.

Dear General Howard:

I have read the enclosed letter from Major Cushing. I think I fully understand and appreciate the embarrassment of the situation as he describes it. But the question is would it be essentially better at any other station of that regiment? Are not the circumstances of the case as well known elsewhere as at Fort Adams, and if the belief there at Fort Adams is a just one, ought not the officer be required to take that station where the facts are best known, and if he cannot maintain himself, accept the natural consequences thereof.

It does not seem to me as at present advised that it would be quite just to dispose of this case by a change of station, but I will be glad to hear further your views on the subject.
