Gen. O. O. Howard;

Dear Sir and Friend;

We have started a military department in connection with our People's Palace Work, and the youth are sufficiently trained now to commence using muskets. We have borrowed guns so far, but at any time they may be taken away by their owners. I write to ask if Uncle Sam has any antiquated muskets that are of no further use and which we could get for a song. We need them for drilling purposes only. Something for the boys to handle. If you could

put us on the track of such markets or send us a donation
in this practical form, we should be greatly obliged.

Our work here is prospering finely, & would do so tenfold
as much, if we only had the funds. The opportunity is
simply unlimited.

How are you coming on
with your mission enterprise? Glad to see you
fighting sin in the same vigorous way you fought
slavery.

Yours Sincerely

To Lieutenant G. Howard

Dear Sir:

A little difficulty in events compels me to trouble you for a favor.

Your high name, as an influence will surely lead me to success in my present difficulty, and therefore I strongly hope you will not refuse me.

I have been now 2 years in Mank. R.R. employ and time has arrived that I be promoted for ticket Agt. But there is a man, by the name of Mr McFaddin, who took a notion to take my promotion away from me in a most unjustly way, thinking that I, friendless and without a "pull" will have to be contented

thereby inflicting me a blow to
my welfare.

My intention now is to make an
application to the General Manager
Col. Hain and state to him the
facts and am certain that he
will grant my promotion, accor-
ding to the Regulations of the
Company. Now, dear sir, do not
refuse me and write a note to
Col. Hain, asking him in my behalf.
Your name will be a strong influence
I served 2 years for the Company
and faithfully attended my duty;
I always walked the path of honesty
and integrity, and, particularly,
support my 3 little sisters in a
fatherly way, (my mother died
last year) I deserve sympathy.

Should you grant my favor,
God will reward you on your
way to success of life.

MY DEAR FRIEND:

You have hitherto been a co-worker with us and as I find it impossible for me to call upon all our friends each year, I take the liberty of addressing you by mail, asking that you aid us this year again, if possible. Your last subscription having been \$100.

I think you will be glad to know that the donations to our work for the last five years, amounting to over eight thousand dollars annually, have cost in agency expenses, less than three hundred dollars per year. If those who receive this letter will kindly enclose their annual gift for the work it will still further reduce this small percentage and enable us to devote almost the entire sum contributed to the direct work of instruction.

The number of students with us this year is greater than at any one time in the history of the Institution so far as I know, there being nearly or quite two hundred and forty persons now receiving instruction in the building, from day to day. The Volunteer Mission Band now numbers thirty-two; there are twenty-six of our young men who trust, God willing, to preach the Gospel. We have in the Seminaries now preparing directly for that work nine of our former students and another of our young men has just begun preaching, having decided to give up the study of law, to which he had hitherto devoted himself.

Our Commencement Day this year is to be, Thursday, June 30th, on which occasion we hope to see you, and we shall be glad at any time to receive a visit from those who assist us, financially, that they may see just what the money which they put in here is doing. Checks may be made payable to Professor H. A. Fischer, Treasurer.

Yours of the 8th is at hand, and contents are entirely satisfactory. I hope to be able to secure a pass over the B. & O. which would be the best route by which General Howard would come to us. It would be direct, and require fewer changes—probably not any. In due season I will forward contracts, programme, &c.

If we could have a cut of General Howard, to be published, in connection with a sketch of his life, and military services, it would help to advertise.

We hope to print our paper and other matter in April.

Gen. O. O. Howard,

My Dear General:--

I suppose you have already received a program of the State Convention which meets at Auburn on Thursday next. As you will notice, you are assigned the topic "The Value of Association Work to the Young Men of Our State," at eleven o'clock on ^{Friday} Thursday morning. The design of the Committee was to devote the time from eleven to twelve to State Finances, and following your address I shall make a few remarks about State Finances and call for subscriptions for the coming year. Your own topic is broad enough that you can take any line of thought which may strike you as most favorable. You could speak of the Value to the Young Men in the Community, the Influence they exert, and of their being worthy of special efforts to bring them forward as useful members of society. Or you could speak of the Distinctive value of the Association Work itself to the young men. My idea of raising money has never been to make what would be called begging addresses but to treat the matter in a thoroughly dignified manner. It is only the cheerful givers we want, and when we put before them what we are doing and what the work can accomplish for young men, we have placed before them the strongest

inventive that can be used for them to assist the State Work.

There are two trains leaving here which make convenient connections to Auburn. One is to leave in the morning on the fast Empire State Express at nine o'clock from the Grand Central Depot, or on the Chicago Limited at ten o'clock from the same depot. Either of these connect at Syracuse with the five o'clock train that brings you in at Auburn at six o'clock at night, and if you wish a day ride this will be a good train to take on Thursday Morning. The other train makes a night ride and leaves the Grand Central Depot at 9-15 in the evening. We reach Auburn the next morning at 10-45 with two and a half hours wait at Syracuse. I expect to go up Wednesday night. If you were to take the Thursday night train you would only get in fifteen minutes before it is time for you to speak, so it would be better for you to take an earlier train if possible.

Very sincerely yours,

Leicester Warner

Dear Sir:--

It is a long time since I have heard anything from your good self and I often think of you and remember the many happy times we have had together in working for the Master, we both love . I am still trying to do something in the Y. M. C. A. as usual and although I am past 60 years of age my love grows stronger from year to year for the work and yet the strength is not there to do it and I have found it necessary to give up the more active work in connection therewith but help in other ways. I send you herewith a circular letter which I issued a short time ago and have mailed a good many of them to different friends of the Cause. I have no doubt whatever that you are doing your full share in the work in New York and of course do not send this letter to you in expectation that you will respond thereto financially but simply to show you that I am still working in the good cause. Some one was in the store the other day inquiring if I knew what had become of old Charley Price, in whom you and I were both interested at different times. Do you know where he is and what he is doing and whether he is living a proper life?

I shall be glad to hear from you at any time that you have leisure to favor me with a letter. With best wishes for your continued success, I remain,

Dear Sir:
The young man
to whom I have
thereof. THE
AND EIGHT D
licenses

Portland, Oregon, Jan. 15, 1892.

Dear Sir:

The young men of Portland are beset on every hand by temptations to wrong living; many of them led to wrong doing by the allurements thereto. THINK OF IT: ONE HUNDRED FORTY-TWO THOUSAND SIX HUNDRED AND EIGHT DOLLARS paid to the Corporate City of Portland per year for licenses to sell liquors to the men--young and old--of our fair city; more than THREE HUNDRED AND SIXTY saloons open day and night, seven days in a week, on the west side of the river alone. THINK OF IT: more than FOUR MILLIONS OF DOLLARS being paid to these three hundred and sixty saloons per year for intoxicating liquors. Do you not believe it is hurtful to those who drink liquors? Surely your HEART says YES it HURTS, even if you try to say with your lips something else. The drink leads to licentious habits, and so many a young man goes from "bad to worse." Young men are social in their nature, and are lost or saved largely through SOCIABILITY. We should do all we can to provide young men with clean and pure surroundings. THE YOUNG MEN'S CHRISTIAN ASSOCIATION of PORTLAND, as the organized arm of the Churches, is doing a grand work for young men by affording them a clean, cheerful place for social intercourse and intellectual advancement. We could do a much better work if we were better aided by the good people of the city. It may interest you to know what we are doing and what the expense attendant upon the work is. As you are doubtless aware we have no home of our own, having to hire rooms and pay a good heavy rental on same. It costs us fully \$8,000 per year to carry on the work here; \$4,000 of which is contributed by the young men themselves, and the other \$4,000 we have to look to the generous people of Portland for. We are now so crowded we can not do the work we ought to do and are making the advance movement towards securing a lot and erecting a building suitable to our needs. Our reading room is open every day from 9 o'clock in the morning until 10

o'clock at night, with an average daily attendance of 200 men. We have an Amusement Room which averages in attendance 50 men per day. We have a Library of about 600 volumes and are subscribers to and take about 60 monthly and weekly periodicals. We have four religious meetings per week, two Bible classes and two gospel meetings, with an attendance during those four meetings of about 470 men per week. We have often at our Sunday afternoon meeting as high as 300 in attendance. We have baths in connection with our rooms and give about 200 baths per week. We have classes for our young men: Monday evening we have a Literary Society with an average attendance of about 40 young men; Tuesday evening, Bookkeeping, Penmanship and Vocal Music; Wednesday evening, Shorthand; Thursday evening, Elocution, with an average attendance of 160 men in these several classes. We have a gymnasium for young men Tuesday, Thursday and Saturday evenings, with an average attendance of 38, and sometimes we have as many as 50 on the floor at one time; for boys on Wednesday afternoon and Saturday morning; for business men, Tuesday, between 5 and 6 P. M. We need your hearty co-operation and financial aid. It has been my province to have much to do with the Association during all its existence in Portland. I have given it much time and a good deal of money in aid of the work, neither of which would I recall if I could. I heartily believe in the work and respectfully ask you to aid us in carrying it forward to grander results. God's precious word says "There is that scattereth and increaseth yet more. And there is that withholdeth more than is meet but it tendeth only to want. The liberal soul shall be made fat, and he that watereth shall be watered himself." Prov. XI, 24-25. All contributions sent or handed me will be promptly acknowledged by our General Secretary.

Awaiting your reply, which I trust will be favorable, I remain, for and in behalf of the YOUNG MEN'S CHRISTIAN ASSOCIATION of Portland, Oregon.

Respectfully yours,

WM. WADHAMS.
