Gen C. G. Howard

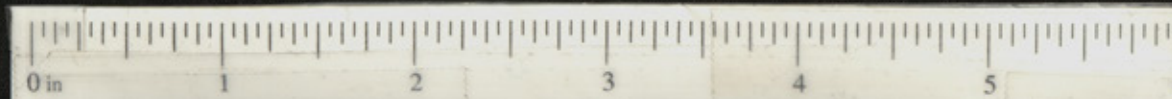

Dear General

Our Atty Fletcher says
 that Cooper Graham told him
 that Graham had the Minutes of our first
 Meeting and in these Minutes an order was
 noted down by which we and Graham
 as well, were to receive from 100 to 200
 shares stock for services and money
 expended, and as Ellis was included
 also to issue the preliminary certificates
 Graham had two of these in Court last
 year to issue Ellis when he agreed
 to make loan of \$1000 to Graham
 committed to the judge to take these
 stock of Graham & is (if saved by
 putting in the 1000 acres of Lundholm
 Company) as collateral in addition
 to Taylor Co Land, and had Graham
 assign them to him. Graham pleads

he has sold his 1/4 interest in note
Mortgage subject was Mortgage @ \$7000
and that parties are ready to plunk down
the money as soon as settlement is made
but I have some doubts about this and
it may be delayed a week or two before
the money will come forth. However the
Land question is the most important
as the suit for Land will become expensive
and in this Graham will settle here for
acre quality for quality each side paying
their own expenses and Court Charges
while on the note where in the event of
a decree which we will surely obtain
we would have to pay 10% Ally fees
and Court expenses for all. However
I told Fletcher if Cooper Ally for Graham
affirms the moral guarantee that it will
be a bona fide settlement for Graham is
utterly untrustworthy to go ahead and now
we are two weeks at it the Court adjourns
until the 16th day to continue case

So we cannot fiddle away any more time

to look after my sadly neglected private
affairs too. The Colony were all excepting
a little boy sick with fever and ague when
I arrived and consequently were not able
to put in a ^{Fall} winter crop or work at any
thing. This was partly due to their own
in discretion in not drinking Boiled water
only as I made them do while I was with
them and had them to do upon my return
they recovered after a few days and are
now all well, a few diseases find return

I hand you herewith a circular letter which will explain the object of the roster of members of the Army of the Cumberland, which, by direction of the executive committee named above, I am engaged in compiling.

I have names, rank, and post-office addresses of over 100,000 of our late companions in arms, but find among them the names and addresses of a larger proportion of Company officers than of Field and Staff. Anything you can do to further the object by furnishing me with names and addresses of Staff officers will be highly appreciated by the Society.

in the note case that Ellis withholds 200
shares of his stock and asserts that he
like others received this stock voted for
his services, and say to Court that
he is anxious and willing to pay
that \$4000 but wants his stock
and Taylor & Co could lack the latter
I gave for them are only 1300 acres
out of the 10000 clearly his. This made
the Court to have a hearing and trial
whereas otherwise it would have gone
closed on force of note and mortgage
and causes delay and may compell
me to make a compromise on the note
question. Now as to the Minutes of
the Graham meeting I do not remember
that shares were voted to any body
but remember that we subscribed for so
many as we received the Minutes were
written by James S. Chaney and in Tallahassee

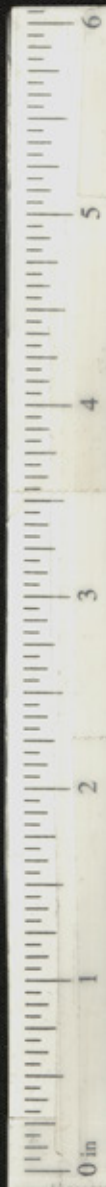

189

3rd they had not been signed by Graham
as Secy Channey having been Capt Secy
while Graham was collected Secy then
I was convinced of Graham's dishonesty
I made Graham sign the Minutes
in his office Channey having the next
office and took them ^{Minutes} with other papers
to my Hotel then Lindemeyer and
Channey went South I took Channey
along to Monticello to look up the
Mortgage book. Graham came on
a later train which stopped at the
junction and Lindemeyer & Channey
(to whom I gave ^{mostly} all the Company's
papers ^{again} including Minutes and a
Mortgage a deed for 10 Acres of Land
belonging to a man in Connecticut
also disappeared) met Graham on this
train early ^{next} while I went back to
Tallahassee when Channey came back

as to the stock for Graham was made up before 10 of them what to make
 in event of the stock return full. Single shares will have double your value.

4 to Taxville many papers
 were brought back but I never
 saw the Minute Book (old) to this
 day till you kindly ask Cheney
 about it and whether he remembers
 anything about the resolution about
 giving stock for services etc to Graham
 as it is important for me to know
 this in the above note said and
 also for Company as we might
 have to contest later a claim
 of Graham for stock. Also please
 ask Cheney whether he remembers
 anything about that 10 acre
 Deed, Harry said the land in
 Citrus Co and the owner letters
 me to return the Deed.
 I presume Graham has the Minute Book
 he may have carried it off on train or
 from Tax office. If so it cannot be helped
 but Cheney can tell whether there a resolution

Dear Sir

*Will you kindly advise us by return of mail, what
the gentleman's name is, who is Chief Commissary of the Dept
of the East. We have had lately quite a few calls for our
goods, but these people wanted to order from their chief
Commissary, so we have written to you, to kindly enlighten
us on the matter, trusting we are not asking too much. We
are very Resp^t Yours*

Maj Gen G. G. Howard U. S. Army
Comdg Dept of the East;

Dear Brother:

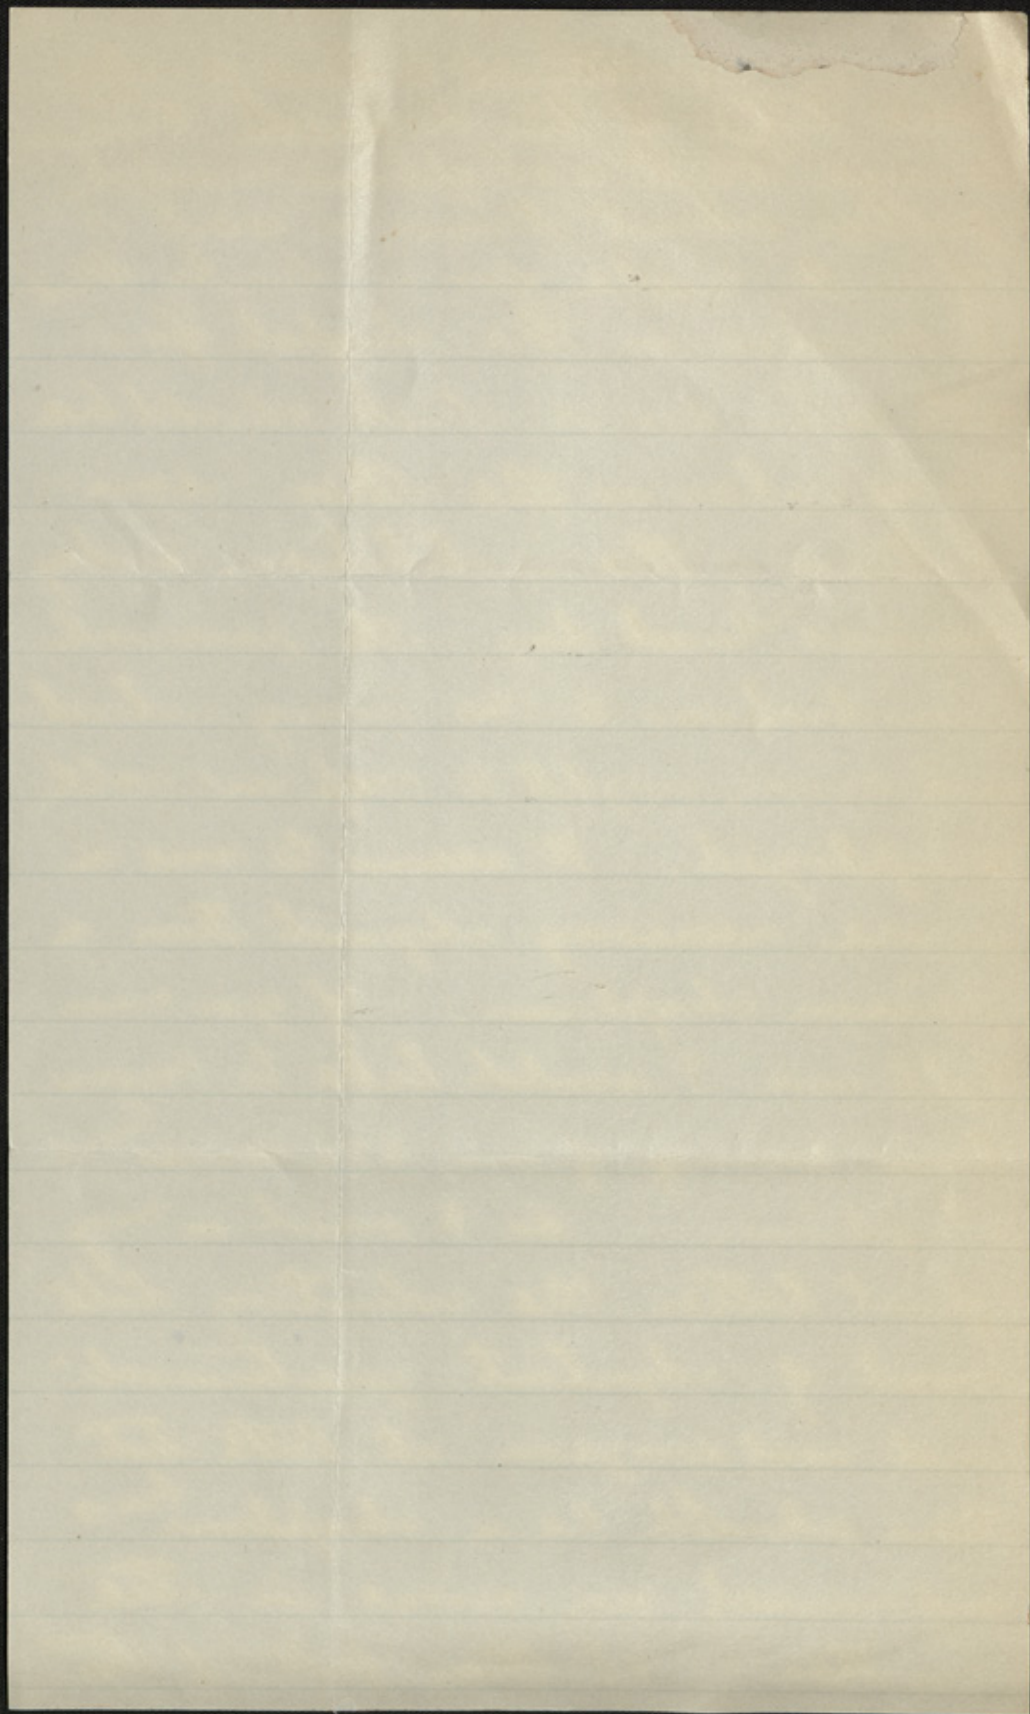

Thank you for your
kind letter of the 18th ult.

Perhaps you have in your
mind the average army
chaplain. We had one in our
regiment but I think I never
saw him. — I am still of the
opinion that a good chaplain
would be a good thing in a
Soldiers' Home. Perhaps it was
mere Christian sentiment but
during my visit to the Home
in Bath I had their welfare
resting heavily upon me.

They are necessarily packed to-
gether the few good with
the bad and worse. Hard
business in such a place for

a man to attempt to live a religious life if he desired. It seems to me that a chaplain could gather about him a sort of family circle for a daily altar of service in the chapel for all who desire which should be as regular as the other regulations of the institution. Sunday services, ^{and} week day, with personal ministrations to the many individual cases, ought to keep one well employed. It seems to me a more necessary adjunct than a prison chaplain. If you can tell me I would like to know how many of our S. & S. Homes ^{have} chaplains. So I said in my first letter the voluntary statement of adjutant, quartermaster, and asst surgeon, at Batte that there should be a chaplain ^{has} influenced my move in the matter. If they felt it there

(13)

must be something in it besides my own feeling in the matter. If you think best you can mention the subject to Gen. Slocum. Would to God that this brave general and friend to the soldier could be called a child of God.

I enclose in this envelope a sermon for your opinion if you have time to read it and criticism if any.

Fraternally,

B. H. Kilmer.
