My Dear General

Please let me state that I am writing General Sherman's Obituary for West Point. In a Washington Tribune article you had some apprising words regarding his operations around Atlanta. Could you say something to me that would mitigate or perhaps put in a true light the reason, or the fair unforeseen causes for the ^{his} Surrender?

Genl Grant in his letter to Thomas Jan 31-65 - Life of Sherman seems to have implicit faith in Genl Sherman

My dear General:

No doubt you have been informed of the fact of my arrival and commencement of my work at Camp Memorial. But I think that you would like to hear from me, my impressions of this work and the Outlook. I feel also that I ought to report to you of my assuming the pastorate and entering upon the duties of a work to which I have been called largely through your influence.

Fish of all however, let me express my exceedingly great regret that I did not arrive on the field before your departure. It had been so much my hope and desire

2

to have conferred with you regarding
the work, and have become conversant
with your plans and wishes concerning
it. You have done so much for it,
spend time, energy, labor & money, for
more than can be realized or appreciated
by any one outside those whose families
with cost of such a work & the sacrifice
it entails. The blessed Master appreciates
it and the labor of love & sacrifices
you have made in this work in His name
and for His sake. Since I began work
I have regretted very much more that
I was not here sooner & have waited
you and shall be so glad if at
your leisure you can write to me
any suggestion or desire you
may have regarding the work. I
assure you I shall appreciate it
from the bottom of my heart.

I have now been with them
three weeks. My welcome was a
hearty one. all seemed glad to
have me come and I feel that all

3

am willing to res^p - & to any suggestion or wish I may make. The Sunday Evening service has been well attended and all seem to be attentive. The Sunday School is picking up - attendance 1st Sunday 93 - 2nd 115.
3^rd a very rainy stormy day 75. with all teachers present. - I am now engaged in the reorganization of the Christian Endeavor which I want to put on its proper footing and make it useful in every department as intended by the great Endeavor movement.

I find the young people inclined to come back and take hold but my anxiety is to have them take a good firm hold - Of course just before the holidays it is just a little difficult to get hold of them, but obstacles shall not stand in my way. I believe that a month hence we will have a live energetic Young Peoples C. E. at work for Camp Memorial.

Gen. O. O. Howard

I am so glad that we have a Kinder-
garten - and I hear Mrs. Metcalfe
talks of a Kitchen Garden as well. I
^{hope} she will succeed - They are
needed ^{now} ~~for~~ ¹⁸⁶⁴ first to the Children and 2^d
then ^{to} ~~in~~ into the families through
them - Had I the money to do
it would like this or other agencies
it would put to work, but I realize
we must crawl before we can run.
Just now we must do the best we
can with what the Lord subtracts to us
and if faithful with these he will
bless us accordingly.

I am exceeding anxious to start
a Boys Brigade - You know that the
Company organized fell to pieces
during the repairs, I have talked
with some of the boys & I think
they are inclined to take hold
again.

I have begun visiting in the
neighborhood and believe that after
a good work along this line we shall

find a response to it in increased
attendance - and from this we shall
soon begin to reap souls into the Kingdom.
This is what we are after - to win souls
for the Master, and having won them
for Him, to cultivate ^{and} develop them
into useful citizens of His Kingdom.

In a word the outlook is hopeful
to me - it is bright - People responsive
a beautifully remodelled & repaired
Chapel and a willing Master ready
to crown the work with His Blessing.

Of course the dark side I have
seen as well as you told; all those
things which hinder - have hindered
and will hinder - Satan hindered
and hinders - But beyond the
horizon where the clouds hang
there is light - God is with us
During the war I followed Custer
and Sheridan and then learned
to look beyond obstacles. It is well
to know them ^{and} consider them, but
true faith looks beyond them.

Of course we would like to

4/7/3

6

him a rededication of the remodeled
Chapel. And am so sorry that
you are 3000 miles away. When
first spoken of I suggested to wait
until you should return and yet do
that is sometime in the future -
the remodeling will be an old
story then - And I am perplexed
just who to have come who will
do the task for Camp Memorial
who will bring just the people we
need there for the work's sake. If
you were here the problem would
be solved at once.

I hope that I may soon
be able to report great progress
especially that souls have been
brought into the Kingdom.

May our God bless and keep
you and make your sojourn on
the Pacific coast a happy one
and bring you safely back with us
here.

Yours sincerely

Hans G. Miller

a personal interest in the matter

My dear General Howard

I thank
you kindly for sending me your
book *Isabella of Castile*. I have
read it with the greatest
interest. Its broad catholic spirit,
its animated picturesquely style
makes it most delightful reading.
See who love the Cross and those in
men and women will thank you
bba

for his Saviour "to whom with
Isaiah's great soul would today hate
any man whom God loves and for whom
Christ died." The book has many other
thoughts equally striking - it is evidently
an improving work, and I trust
will have a wide circulation.

Permit me to say I hope the review
of the volume in the Journal of history,
will induce you to take up some
other of the great characters of the
world and show them to us in the
same delightful manner.

On my back from your
visit and that of Mr. Howard and
the children & by their permission

Miss Besie and her Nancy. I think
of them as children not as "grown up" >
with so much pleasure. It was a
great delight to us all.

I send with this
a brief statement of my military service.
I have made it brief purposely for
I don't suppose any one would be
much interested in the details, &
can of course give them of details.
I sent to the Society of War a
full statement in details when I
forwarded your letter last October.
I feel more and more satisfied
that if Senator Bruce of
Ohio can be induced to take

Commended by General John Sedwick for dispositions made for the attack.

Made the campaign in the Shenandoah valley while unable to walk from unhealed wounds. Many other personal incidents might be given.

Have served from 1861 to present time with less than ten months leave of absence from duty other than wounds or sickness the result of service.

I have also studied the Paleozoic rocks of the Sierra Nevada, the
Sierra Madre, and the Colorado Plateau, and have made extensive
traverses of the Colorado Plateau, the Great Plains, and the
Rocky Mountains, as well as the Great Basin and the

pleased with it. I hardly think
you could realize the change
for the better unless you
saw it.

We saw our pastor Rev
Henry J Miller for the
first time on Nov 18th

He preached for us on that evening. He is a good preacher. All the people seem to like him. He has some advantages over Mr Slyfield. Having been born in New York he is not English you know. He has lived a number of years (about 28 years ago) in our neighborhood. Son of German parents, he is well acquainted with their language and customs. He is earnest and energetic not quite so fusy as Mr Slyfield but likely to accomplish more work.

Our finances are not in good shape yet. Hope to get it pretty soon.

You speak of having paid Lady Missionaries and Mr Chatlin. I think it was a very necessary expense.

Good visitor is always needed in a place like ours. The constable shifting population in our neighborhood makes visiting and canvassing one of the most important features of our work. I must not take up your valuable time by giving you long details to read so will close.

Dear Sir:-

We have your reply to our telegram of yesterday, as follows:-

"Sale satsifactory. Release forty acres if security is ample. Balance note due January last, unpaid. Second note due January next."

We reply: "The cash payment makes balance of mortgage secure as at present and a new settler improves adjoining lands."

We are not familiar with the business of the California Colonization Company and did not know that they had not yet paid the mortgage notes. Your security is good, we have no doubt, as it now stands, nor do we doubt that the Colonization Company will pay the notes though they may be slow.
