Dear Bro.

The Pastor and the
official Board of the

city, requested me to
write to you in regard
to securing your consent,
if possible, to deliver a
lecture in Seattle, at
as early a date as will
suit your convenience.

I spoke to them of you,
and assured them of
your sympathy with ev-
ery good work, and of
the probability of your
being able and willing
to comply with their
request. Will you

Major General O. O. Howard,
Portland, Oregon.

Dear Sir:-

The meeting held at Prohibition Park last Summer passed a resolution that the President and Secretary of each of the National Temperance organizations should constitute a National Advisory Board to look over ~~the~~ *matter* and suggest plans and methods, &c., in Temperance work. It also said that if either President or Secretary cannot act, they might designate some one in their place.

Dr. Funk writes me to suggest that as Secretary of this Society, I should call those persons together. I do not wish to undertake the work, but suppose I ought to do so, and then let them act as they choose. I do not see how these men who are scattered all over the country can possibly get together and do any sort of work, but it is well perhaps to make the trial.

I do not know your plans when you will return to this Coast. We very much miss your counsels and your presence, and hope it will not be long before you will be with us again. If this Committee should be called together before you return, will you suggest some one of our Society who can act in your place, or shall I find some one who will be sure to meet with the Committee? I shall have to correspond with the Good Templars and Sons of Temperance, and other bodies to see when and where they can meet.

I should be glad of any message or article or letter I have any time to give out to the people through the columns of the Advocate, as you know. I am alone in the editing, and it is a little heavy on my shoulders.

I have sent the January number to eight or ten thousand persons in the State of New York, and we have stirred up an agitation against the Sunday opening of saloons.

Yours very truly,

My dear General;

The Dictionary came
just before Christmas and is
a fine book. I did not
imagine it was going to
be such an elaborate volume.

Please accept my sincerest
thanks & best wishes. The
pleasant associations
about that it recalls makes
it doubly valuable.

We are all nicely settled &

and although our quarters
are very limited we are
doing the best we can to have
a merry time. Some of us are
given to complaining much
but I do think this is the most
disappointing & uncomfortable
climate I ever struck. It blows
and rains and is shivering
cold and yet this is the
pleasant season what sort of
weather will be dealt out to
us in the unpleasant season
I cannot guess. My duties

We have a very pleasant garrison
Col. Guenther in Command and
he makes matters as pleasant
as possible for everybody. Col
Forsyth seems to like California
very much. San Francisco
people find him very agreeable
and a man of very different
stamp from Col. Ruger.
Col. Forsyth will not be at

alone. May Darling had hoped

My dear Sir,

Your favor of Dec. 7th was duly received, and your friends were disappointed in not being able to have you with them at the Forefathers' day meeting of the Congl Club at Seattle.

I am requested to urge you to accept an invitation to attend the next meeting of the Club in this city which will be held the second Wednesday in March. The Committee would like to have you consent to be the principal guest, and give a short address or open some subject for discussion, in either case selecting your theme.

Will you do it? The Club is poor or it would be glad to pay you, but it will be responsible for your transportation and other expenses.

General Howard:

Pardon me for intruding upon your time and attention. In November my mother arrived in this city, bringing my daughter, passer from New York having been obtained for both. My mother has had to do what work she could find; my daughter has a position as house maid. I have been ill all winter with coughs and colds - physicians think that my lungs are seriously diseased. On Nov. 1st a letter reached me from Great Barrington Massachusetts threatening foreclosure proceedings upon my property. I have written to every officer of the 6th Infantry, and to every woman friend connected with that Regiment that I thought I had, and have received no answer. Major Greenbeck, stationed in Chicago alone has written for me to the U. S. Savings Bank making enquiries

about his property. If the foreclosure
has not already taken place, it can be
exchanged for two pieces of land near
Riverside, California, free of encumbrance.
I sent Major Groves the letter from
the real estate agent containing this
offer, and he wrote back, consenting
to the exchange, if it could be made.
\$86. The same required on interest.
I am powerless to pay.

The home will be lost unless help
can come from somewhere; and
where to look unless to my hus-
band's brother officers I cannot
tell.

The ^{little} Infants have criticised me
for buying this house at the East,
and for giving money to my mother
and sister. Both actions I regret
but at that time was nearly crazed
with grief. The wrong inflicted upon
me by my husband's death, was
greater than any ever committed by
me. In his full strength he was
cut down unnecessarily. For no
fault of my own I am condemned
to walk this earth, and perhaps
the next, alone — a despoiled
widow. My first small literary

effort was published in the Times in this city, about two months ago, \$9.75 being paid me for it. Two others of the same kind are nearly finished, I hope to have the three published in book form under the title of "Army Life on the Frontier". If God gives me life and strength, next year I shall enter the State Normal School in this city as a pupil, to get a certificate as quickly as possible. To depend upon music as a vocation I cannot do, for there is no dependence to be placed on it. If those who have known me when prosperous, could believe Adelaide and myself to be in great need of clothing, discarded garments might be sent us, that would be very gratefully received.
