My dear General

Yr letter was handed to me, as I was about leaving home, so excuse delay.

The letter enclosed, is not I must confess very encouraging. I sometimes wonder if there is any use hoping of your hearing any good news with regard to the Miners - My great interest in them is solely on my dear husband's account. It is so hard for me to feel that all his labor may have been in vain. God tried them in his way and he did with regard to them what he thought right. Placing ~~them~~

in your hands, miss - Your talents and influence
are such wonderful blessings given "success
to the old proverb says; it - is always
darkest before dawn." I cannot see the light
as yet, but will trust still, this is all I can
do. I did so hope when I send that
box coloring stations were needed in the
United States, that the good time had
come - Cannot you make up a syndicate
Dear Colossal and then I can send my
share? I return the letter as you request.
I trust you and Mrs Doward are enjoying
you and home - I have come to this pretty
place for a short time, but expect to spend

most of the summer and fall
at my sister, Mrs Hale, in
Williamston Mass -

With kind regards to Mrs
Doward and yourself
I am Yours sincerely
Mary B. Temple -

We have so far as thought advisable obtained prices on the lands adjoining the university grounds. We have taken no options, for the reason that people here have not been accustomed to anything of the kind, and look with suspicion when anything of that nature is proposed - yet with the money in hand we are assured there will be no difficulty in securing all we need at reasonable rates, at such

Will you not kindly advise me which
you think the best and most feasible - Care
either one of the sums named be secured
for use some? We can buy to much later

abundantly with the money we have.

If I feel it to be in Building the Latimerly - Anne

utes earlier at the Univ. New Haven or any other
point: I shall take down the going up in
the main building the about same.

Dear Sir

Please wear the enclosed button
and help to make it a universal
total abstinence badge. Major H.
H Hadley of New York uses it
in temperance evangelistic work,
and it is sold by his Secy, Mr
A. E. Gates, 433 Lexington Ave.
New York.

I have been specially interested
in the Keeley Cure, for the last four
years, and am more convinced than
ever, that all christians should strive
to increase the number of total
abstainers.

Dear Uncle:

You will see by the above address that I have removed to Buffalo, N.Y. where I have made arrangements to go into the same line of business that I have been in for the past three or four years.

I shall retain my connection with Mr. Lamb of New York, also with several other standard houses, and I think that this being a very enterprising part of the country, and this city being full of work which needs to be attended to, I shall eventually succeed in landing a good many good orders for my specialties.

Please tell Harry that I will not be in Boston from July 10th to the 15th, but that I have made arrangements with Miss Bullard, #33 West Newton Street to accommodate him, and also Bessie if they go to the convention. Tell Harry, if he goes, to look up Ella, and I will tell her where he is.

Love to the family.

Your affectionate nephew,

O. O. Howard.

My dear Gen. Howard:-

Your kind letter of the 29th is at hand. I had the impression when I wrote you that your engagements were all in the far West and were not to begin until quite late in the Fall. I thought that perhaps you might be willing to give us a little time before your work began; but I readily see from your letter that you are already over-worked and should be cutting down rather than increasing what you have in hand.

Very much rejoiced to hear fo what you have done for the Roll of Honor at Lowell, and we shall all expect that a good deal will come from it wherever you present it during the months that are ahead. Owing to a fire in the printing office there has been quite a delay in getting out the Certificates, but as soon as we get hold of these, I am hoping to push the work all along the line.

Very cordially yours,

Chas. W. Shelton.

My dear Gen. Howard:-

You're kindly Jeffter of this letter to the Secy to the War - I
am now in this same place where I am now in this same
place. I wrote you last night during the last
night. I am now in a time of great difficulty
and have been so long engaged in this work
that I have hardly seen time to write you since
yesterday; but I have now time to write you
now and shall do so as soon as possible.

Yours,

Very much obliged to you for your kind letter of yesterday, and
will send you a copy of it by the first opportunity. I will
call on you at Lowell, and return to Boston
as soon as possible. I am now engaged in a
work which requires my full attention, and
will be unable to leave it until I have
finished it. I will let you know as soon as
possible when I can get back to you. I
will be glad to see you as soon as possible, but
will not be able to do so before the 1st of August.

Very cordially yours,

My dear General Howard,-

It is

quite possible that you
have forgotten your
little (?) friend in New
Jersey, but she is still
most loyal to you.

We all think and
speak of you very often,
General Howard, and when
ever you are anywhere
near us you must be
sure to come and see us,

(2981)

and I promise you a
most hearty welcome.

I graduated this June
and have been thinking
that you might be in-
terested to see an account
of the exercises so send it
to you.

Hoping you are well
and with best wishes
for a pleasant summer,
believe me

Most sincerely

Dear General:

Yours of 3^d recd. Sorry
I can not here to see the GAR
people either I belong to a
Post in St Louis Mo.

No apparently there was no
financial embarrassment
in Osborn's case. I got the
information from a lawyer
formerly an associate with
whom he had business re-
lations; said Osborn's business
affairs were in good shape.
He left a widow and daughter
~~but I do not know where~~
~~they are.~~

You did not answer my
question about your boys.
My two younger are getting
along with Harry at Harvard.
Considering the hard times it
has been rather hard for me
but perhaps its good dis-
cipline. All of us have
subbed together.

Had a line from
Sladen a few days ago
also from Gen C.H. who
seems to have gone to
Yerbaia recently.

Are you going to
the dedication of the
National Park at Shattau-
voga in Sept.

Suppose you know ev-

James Wilson is dead. So that
not many remain.

Capt Wm Duncan is living
in Minneapolis.

Please state in what paper
you find your sketch of
Harry Stinson.

Pardon me for writing
you again.

Very sincerely
