Dear Sir

I am a Commander of a Boy's Brigade  
here in the City, and they wishing me to get them  
up a War Programme, so they can make some money to  
Buy Guns & Uniform, I sent off to the Soldier's Paper  
for such they had but find they are mostly Flag songs  
or Political songs. Therefore I commence to write one  
of my own Composing. But I might have some Religion  
in it, I started out with a Christian Family at home  
just before war broke out, While they are enjoying themselves  
in the Evening a knock at the door is heard Enter Eliza &  
Uncle Tom Cabin fame with a note from Owen Longfellow with  
a Request to give the Color Refuger Shelter over night - which  
Cheerfully granted, as Father is a good Friend to Colored People.  
The next Scene is the same Home sitting Room, where  
Father call in the Newsboy and buy Paper giving full  
of Living at Fort Sumpter. But Lincoln calling for 25,000 men  
Chicago Board of Trade calling for A Company of Artillery men

27. Father take his Eldest Son that day and ~~gild~~<sup>gild</sup> him  
as Bugler in Chicago Board of Trade Battery - ~~97~~  
While at Home in their absence the Little Colored Boy Sam  
who is a Son of Elija get the Children of the House & Neighbors  
into a Company of Soldier with Paper Hats & March around  
the Room with a small Drum & Whistle. Finally the Children  
goes out of the Room while Little Sam and Seddy the youngest  
daughter about the Size of Sam Set down in the Little Rocking  
Chair Seddy Singing "I am Jesus Little Lamb &c"  
When <sup>me</sup> finish ask Sam to Sing a Song, which he does by Sing I am Little  
Sam all the way from Alabama &c Lied of this Little Sam  
give a long sigh, Saying I wish I was whiter than Snow  
Seddy reply He could be if bark in the Blood of the Lamb  
Oh that not what I mean, I want my face & skin <sup>white</sup> as the walls  
Oh says Seddy I can make that white as Chalk if you will  
only shut your Eyes Tight. No Prattering mind <sup>you</sup> shutting his eyes  
Seddy goes to the dressing Stand bring out her Eldest Sister Toilet  
White Powder dust Sam Hair & Face with it - and When done  
Sam went to see how he looks, to the Looking Glass and get up into  
a Chair where he is so Frighten <sup>at his white looks</sup> he fall down onto the Floor and  
Cry aloud I see a Ghost I see a Ghost &c Hearing the noise  
all Family Run in, Elija screaming, Grapt up her Boy while  
Seddy is Rolling on the floor laughing saying, there nothing the matter  
Only Sam wanted to be white once & white wash him then  
all burst into Laughter and the Childrens with Mother goes  
into Kitchen to be wash while Lidian the Eldest daughter  
goes to the organ <sup>and</sup> to play <sup>when</sup> an knock at the <sup>door</sup> interrupt them

3 Lida goes to the door and a well known Gentleman  
call to see Eliza who know his voice The minute she hear  
him come bounding to the door flings her arms around  
Oh my Geo my Geo When & where did you come from the  
Seated and Geo tell Eliza all the news of the Plantation

7, Atlanta Ga Aug 18<sup>th</sup> to 23<sup>rd</sup> - When the Fight is long and  
Minty could not drive the Rebel in front of us and  
When they attacked <sup>us</sup> in the Rear with Artillery Infantry & Cavalry  
we Repulse them dismount 3 Pieces of their 4<sup>th</sup> Bn  
Battary broke and Confuse their Troop in front of  
us who were Charging our Barricade of Rails Then  
Genl Kilpatrick order a Charge of the entire Command  
and reached the Charge as far as the Dismounted Battary  
his late wound <sup>re-open</sup>ed at <sup>his</sup> <sup>ankle</sup> hurt him so he could not go  
any farther but order the Rebel Cannon dismounted  
and Put into Mules Wagons the guns Carriages still with  
Chop up &c While our Battary was kept right up on the  
front - Shooting right across the front - Where ever the Reb  
showed Resistance, Chicago Battary claim the Cannons be-  
cause their mule Teams brought them off -

After Kilpatrick was wounded at Snake Creek Gap we were  
order to Halt and Relief by the Infantry who formed on  
both side of us Genl Sherman came and made his Headquarters  
with us and I believe I remember the Instance you relate in  
one of your letter written to National Tribune of Sherman taking a  
nap <sup>the 19</sup> we where here 2 or 3 hours got our dinner and Sherman  
took a drink of Strong Coffee from our Cook then he was  
wide awake. We were order soon after that - to the Right  
and went away down in the Bend of the River at Calhoun  
Ferry turned off the Road to the left - went through the woods to near  
a Ridge on the River Here we open a <sup>Coartillery</sup> ~~fire~~ from the entire  
to gun on a fort on earth works and a Rail road bridge - all silence

8) the Rebel Battery which reply to us quite a while they having  
only 4 guns and saw them flee the Fort. It was not long  
after that we heard heavy musketry on our Right - down  
the Calhoun ferry Road where I believe they could ford the  
Oostanaula River at Low Water Time we were order back in  
a Hurry and <sup>went</sup> to a position on a Rise Hill near the Road facing  
the Ferry here we remain until dark all the while being  
our Boys exchanging shots across the River which was lively  
some time we then moved back to the junction of two Roads  
next day they moved us down to River Bank about 2 miles East  
where we were the day before and we fire occasionally all the  
forenoon then we were order out <sup>to</sup> the vicinity of Gray Ferry where  
Call on the next day to Reinforce Osterhouse in a Hurry Running  
our Horses so that we might killed them and when we got up  
the Battle was over and put the Poor Horses down & feed them well  
one thing about our Boys they knewed a good Horse & took good  
care of them and many of them were Crack Deer Hunter in Wisconsin  
Pinery where our Capt. Rube was U.S. State Genl Survey & Civil Engineer  
he seldom (after getting rid of 12 <sup>lbs</sup> Napoleons for 10 <sup>lbs</sup> Rodman) if ever  
miss the mark <sup>shot at</sup> and alway Hated to let the Reb get to near us for  
fear we could not break the Charge like we use to with the 12 <sup>lbs</sup>  
Napoleon Brass Cannon when we first enlisted we had some 400  
men at New Lisbon Wis rather than to loose them our State officers  
told Capt to take out his Risk and they would organize 2 more  
Battions from his Company which they did and he went to Shreveport  
at once & down the River to Curio Island No 10, up the Tennessee to Pittsburg  
landing away down in Mississippi back again to Nashville  
then to Chattanooga up to Knoxville back again to Sherman then  
on to the Sea up the Carolinas to Washington to the Grand Review  
on Home again July 2 1865 - having been in 8 Battle & 3 minor Engagements  
doing pretty well for a 47 year old Kid of the 10th Battery as Kipoluck and  
Major Essex use to call me when with them Having now written in  
full so you may understand me I will close here Hoping we may

Dear General

I take great pleasure in sending  
you an invitation to attend the Meeting of the Annual  
Convention of the International Deep Water way Association  
to be held at Cleveland Sept 24. 25 & 26.

As you will perceive from the enclosed programme,  
the subject of a Ship Canal from the Great Lakes  
to the Ocean is to be considered in all its bearings, with  
reference to establishing a system of improvement, by  
which passing vessels may pass from the Lakes to the  
Ocean.

I hope you will find it convenient to  
attend -

As you are now a citizen of Vermont,  
you will feel more interested perhaps in the subject, as  
it may bring about a connection of the Lawrence with  
Lake Champlain by a Canal & from the Lake to the  
Hudson River.

My Dear Sir.

I have read with pleasure and with mental profit, your "Isabella of Castile" and heartily congratulate you upon writing so able a book. The subject is handled entertainingly, skillfully, succinctly and concisely and does the heroine full justice.

I notice with pleasure your very liberal and broad-minded views regarding the "chosen people".

Isabella was a believer in the divine right of Kings: I am sure you are not, but I think you maintain that the destinies of Kingdoms and Governments are under

Divine guidance; but is not the Spanish  
Lucer's history at variance with that  
theory? A guiding, designful divine  
ity would hardly repay an ardent and  
devout subject ~~for~~ for a life-long service  
by cutting off her progeny <sup>and</sup> her  
joys in old age. These things  
come by natural causes, by the  
imitation of war & by errors of  
discipline and corruption, but  
not by Divine Providence.

With thanks for your kindness  
in sending the book with com-  
pliments and its handsome construction,  
hoping soon to have the pleasure  
of seeing you here.

I remain, with esteem

Very Sincerely Yrs

Dear Sir,

The above named Society has been organized and chartered under the laws of the state of Illinois. It has for its primary object the placing of crippled persons in suitable industrial occupations. There are here in the city of Chicago alone, between thirteen and fifteen thousand cripples; and it is a regrettable fact that a large majority of them are unemployed.

That the most of them could be useful in some capacity or other if given the opportunity, I think there is no doubt. We need some assistance and encouragement from public spirited citizens, and our success is assured.

Dear Gen. Howard:- We learn incidentally that you have returned to Burlington and therefore I mail under another cover some receipts regarding your signature. The General O. O. Howard Roll of Honor has now reached 180 shares and that without any general effort such as we propose to make later in the year. If 200 shares can be placed with little effort, certainly the 1800 remaining ought to find takers with the matter well pushed.

Trusting that you are well in body and enjoying new interests

I remain,

Very truly yours,

Dear General:-

I send to you by express the address which you delivered at the Auditorium on Grant's birthday last April. You will remember that you had difficulty in turning the leaves while you delivered this address, and I told you afterward that I would fix it so you could readily turn the leaves with one hand. I have done so, and from this you will see how to fix your other lectures.

Be sure to make the cords plenty long enough. The longer they are, the more readily the leaves turn. It would not be a bad plan to eyelet all of the leaves. At a stationer's you can buy a hand punch having at one side the punch and at the other side the device for closing the eyelets. In order that the holes may be punched uniformly, it is well to arrange some sort of gauge for marking the places for the holes. After securing the manuscript of each lecture in this way, it is well to put each into a stout envelope and to put your address on the cover of the manuscript

and also on the envelope. Perhaps you will think it worth while to have the lectures written in duplicate, so that you can leave one set at home for ever ready.

Yours truly,

Cyrus Kehr.

Gen. O. O. Howard,

Burlington, Vt., Dear Sir:-

Permit us to send you with our compliments nine volumes of our Series of Illustrious American Reformers which we are grouping in a special set. It is our purpose to endeavor to introduce this series into some hundreds of thousands of American families and into our public school libraries, believing that it will help greatly to educate our youth in both patriotism and heroism, supplementing in an effective, rational way the efforts of the Grand Army of the Republic to inspire patriotism in the youth of the land. The lives of truly great men have tremendous educational influence on the mind, especially on the minds of the young. These biographies are of Americans whose lives enrich humanity. Wendell Phillips, Horace Greeley, Abraham Lincoln, Whittier, the poet, Garrison, Sumner, Beecher, Frederick Douglas and John Brown. The books are written by many of the ablest of American writers under the editorial management of Carlos Martyn, whom Wendell Phillips desired to write his biography.

In the family library, and in our school libraries, such books will have a positive, far-reaching, educational value. It is also believed that they will help to crowd aside the light sensational trash that is flooding the country. Says one who has had great experience as a librarian: "It would be well for our country if this series could be in every public school library. The histories of the old Greeks and Romans can always be found, the French and German philosophers are all written up in our cyclopedias, and the English statesmen are quoted and lauded in every school history and reader, but it is almost impossible for the ordinary student to find authentic accounts of our illustrious Americans".

Would you not be willing to give us a sentence or two in commendation of this purpose which we would be at liberty to use publicly? But whether you are willing to do this or not, please be so kind as to retain the books in your library.

Yours very respectfully,

My dear General Howard

It is long since I have written you. I got a job from the Y. M. C. A. but I got layed off this week for a month or more. And I have been all over the city for work and tried all shops and everything and I cannot get anything to do.

I have only mother to support and pay rent and there is not one cent in the house to buy food or anything. Now dear sir what must I do? I did not earn much in that place so I could not save any. I don't know hardly what to do with myself.

So dear General could you give me a letter to some place were

I may get work.

If not could you help me in  
any other way. You are the only one  
I know on this earth that I  
know to ask help.

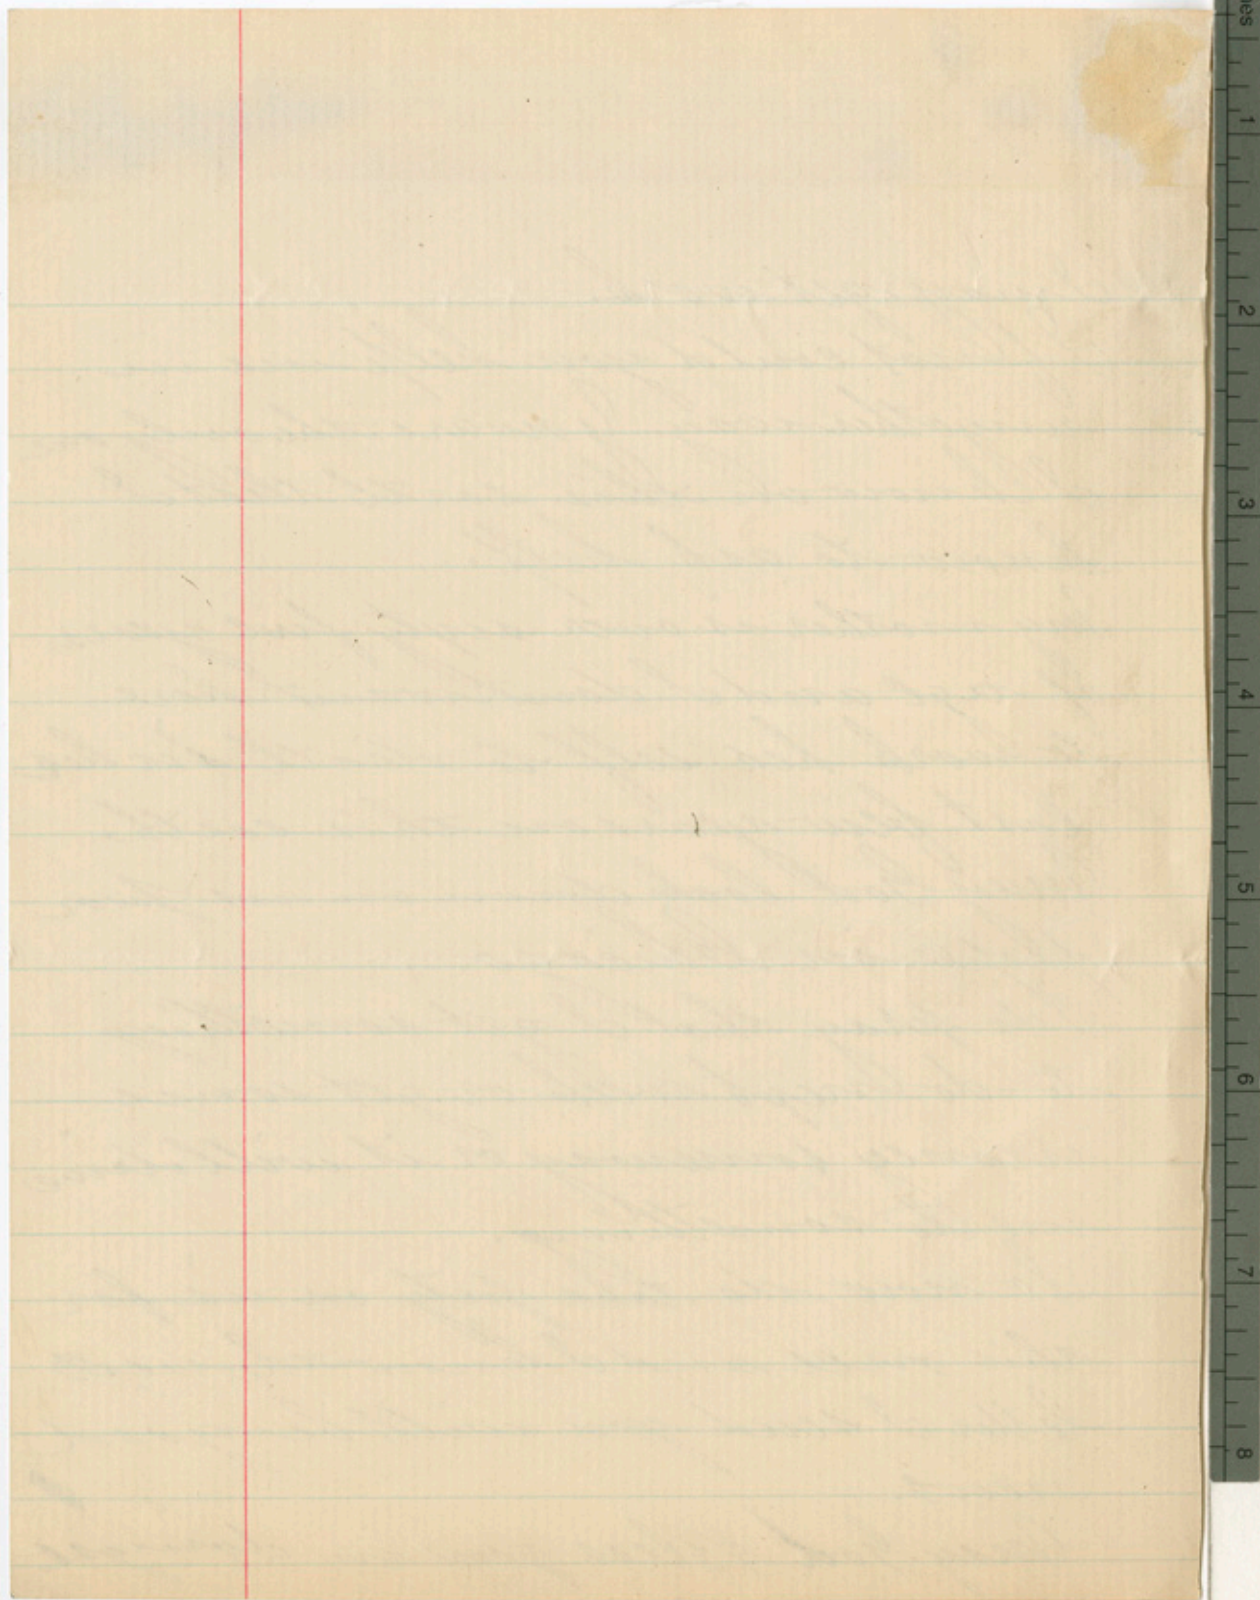

My mother is over sixty five years  
of age and I don't want her  
to work her self to death in her  
last few years on this earth.  
May God look down on us poor  
people in Chicago.

I do pray that I get something  
to do next week or get some  
money somehow or it will drive  
me to something.

So now do take pity on us for  
this once and I know the next  
letter I send you will be good  
news.

May God Bless you in doing so.
