

Fort Robinson, N.M.

May 22, 1897.

Dear General:

I thought that perhaps it may not be presumptuous if I inform you that the next vacancy in the Quartermaster's Dept. will be occasioned next month, June 11, by the settlement of Col. Lewis <sup>Colt</sup>

Forsyth. That is the  
vacancy I am after.  
They have established  
the precedent, during the  
last administration of  
appointing men even younger  
than myself, as is the  
case with their last  
appointment, that of John  
W. Carson, Jr. Therefore  
it can no longer  
be protested that I am

too young for the office,  
I am getting along  
nicely as assistant. I  
came near throwing up  
that office & accompanying  
General Mills to Turkey,  
but the General at the  
last moment telegraphed  
me advising not to do so.

Very sincerely yours,

Jay H. Present,

Rev. H. Bumstead, D. D.

PRESIDENT.

Rev. M. W. Adams, Ph. D.

DEAN.

Dear General:

I am getting up some historical facts concerning the battle of Gettysburg, and write to inquire if you have ever written a description of this battle, and if those writings are available for me. I shall be greatly pleased to have your views upon this subject, and if you will tell me where I can find them I shall be greatly obliged.

YOUR VISIT TO NEW YORK. When will you be coming again to New York? I do hope that you will be able to give me a few hours quiet talk in my own home. I feel sure that I will be able to entertain you, and I am extremely desirous of having Mrs. Adams and my son and daughter ~~see~~ you, so that on the first occasion that presents itself I trust that you will afford us this pleasure.

Yours very truly,

H. H. ADAMS,

Dear Doctor:

I am gratified at some correspondence from you concerning a  
use of sulphuric acid, and will be glad to have you write me  
description of this process, and to those which may be available for  
I shall be greatly interested in your views upon this  
subject, and if you will be kind enough to let me know I shall be  
very obliged.

Yours very truly, HENRY H. ADAMS.

We are ever ready to give you all the information we can  
concerning our processes, and I trust you will find them  
of great service to you. We are anxious to give you  
any information you may require, so far as concerns  
processes of this character. Please excuse this long letter.

Yours very truly,

My dear General.

I think I wrote you that Mr. Canfield suggested that  
Mr. Spence present a letter from him & you in person to  
the President. He sent such a letter along with yours  
& Mr. Spence said he would present them. Whether  
he did or not I don't know. That was why I  
asked for one and if I had not supposed that he  
was going to place them in the Presidents hand  
I should not have troubled you.

Very truly yours  
Edgar Achorn

Dear sir; I

understand that you are to deliver  
the memorial address here next  
commencement. We would  
like very much to have your  
portrait in our college paper of  
that date. To this end could you  
send me your photograph at  
your earliest convenience?  
We need some time to get it to  
the engravers.

Thanking you for your courtesy

Major-General O.O. Howard:

Dear Sir -

I received your full - copy Saratoga address as President, & noted the marking. My first impulse was to return it, coupled with the statement that it would be impossible for me to meet its conditions as to publication in full. I can send the manuscript in full to an individual paper, the Saratopian, for example; but it is a small paper & the reduction must be made more than usual if we are to get something for each speaker. The Associated Press is more exacting on this point than the individual paper. I do not & can not control a paper nor the Press Association. Usually, a reduced manuscript has a better chance than an unabbreviated one.

You also ask for a proof. Probably I can secure one for correction by the individual paper, but if I wait for a corrected proof & then the no. of proofs needed by the Assoc. Press, I shall make a total failure outside of Saratoga. There will be no time for the mailing required & the Assoc. Press will not telegraph more than a few lines.

I have had 2 copies of the address made & forwarded me to The Saratogian with the request to print verbatim. I have sent another to the Burlington, Vt., Free Press & asked for the same result & for <sup>175</sup> proofs. If the Free Press will comply, you can read the proof & promptly see that the proofs are sent me by mail or express, at earliest possible moment. This is all that I can do.

I receive similar requests & sometimes go ahead without explanations because I must or lose all that is possible & feasible.

Sincerely & cordially yours,  
James H. Ross.
