My dear Sir:--

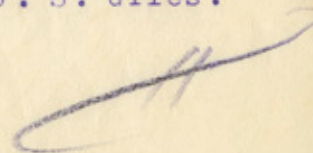

Since my conversation with you last week, I have had the question of your stopping off at either Marion, or Hartford City, to deliver a lecture, under consideration, and from the advice of the people in charge of the opera houses, whom I take are best posted in such matters, I think the time is too short to insure success in the undertaking, and I have therefore dropped the matter for the present. I shall, however, keep the subject in mind, and later on when I have more time, and when you can make it convenient, I want to arrange for this entertainment.

If you will have the kindness to advise me when you have dates in the west, and when you could make one of these points, I will be glad to lend my aid in promoting the object.

With very great respect, I am,

Dear Gen. Howard:-

Hart's first proposition was and Dr. Rankin was in favor of it, to purchase his 250 acres at Fort Washington for a University Agricultural Department. The matter has been discussed in the Executive Committee and I think both Dr Rankin and Hart became satisfied such a course would not be advisable, mainly because the property is in Maryland. A part of the plan was that Congress should authorize an experiment station with \$15,000. a year to support it, which is given to each of the states, and inasmuch as Maryland already has one it would hardly be expected that another would be granted within the same state. The idea was that a tract as near to the University as possible should be selected within the District ~~and~~ with immediate electric or other railroad connection.

Hoping that you have entirely recovered your health, and will be able to afford the University relief by some large contributions, without troubling yourself after the small ones.

Sincerely yours,

*F. H. Smith*

Gen. O. O. Howard.

Dear Friend.

I have just obtained a  
divorce on the ground of  
desertion and adultery.

The decision upon amount  
of alimony, or division of  
property has not yet been  
given.

My husband and his five  
grown children are making  
a great effort to keep me  
out of my share in quite  
a large property.

They are trying to do this,  
by representing me as unjust  
and cruel to husband and

and children.

All had a chance to bring  
this charge, or any other charge  
against me in court.

Not a charge of any kind  
was made - only intimations  
of unkindness in order to  
influence the Judge -

As no charge was made,  
I could make no defense,  
although I had seven witnesses  
present who could give testi-  
mony on that one point.

The trial is over - There  
only remains an argument  
to be given by Mr. Hooper -  
and an answer to this  
argument by my attorney.  
J. V. Quarles of Milwaukee.

And a final decision by  
the Judge in regard to  
property -

Now that I can give no  
testimony, or bring witnesses  
for defense, it is probable  
that Mr. Hooper will do all  
he can in his argument  
to prove unkindness on my  
part.

We wish to meet him on  
this point.

No one can help me in  
this, but one who is familiar  
with my temperament,  
and my manner of dealing  
with the young. And whose  
word and judgment would  
have weight. Would you

And could be addressed  
To whom it may concern.

If you feel like giving  
Such a recommendation,  
as Mr. Charles could make  
me of in his absence, the  
favor will be greatly  
appreciated. The contest for  
property will be hard one -

With the best of wishes for

desire to see him. He is a prominent  
man in this part of the country  
and last summer he offered  
to take up a claim for James  
if he would give him the neces-  
sary authority. But James under-  
stood that giving him that power  
would prevent his taking up any  
for himself, should he desire it, &  
that he would have no legal  
hold upon Mr. S. so he did not  
give him power of attorney at  
that time. It may not turn out  
as he hopes. But of course we  
can think of nothing else just  
now, while this is pending -  
I should remain quietly here with  
the children, anyway. Grace &

I do not think it wise to interrupt  
their lessons. James would

Portland Oregon  
Jan. 21, 1898.

Dear Papa -

The children  
were much pleased with  
your letters. James is at  
last fixed in the idea that  
he must go to Alaska as  
a prospector, and there is  
a possibility that he may be  
able to go with Mr. <sup>Scott</sup> Stevenson  
who has just made the  
quickest trip out on record.  
He will go to New York on  
business - (selling some mines  
& on N.Y. men who want them)  
and return as soon as possible  
to Alaska. Mr. Stevenson  
has held the office of Receiver at

came West for some years.  
He is well off an able man  
and he took many claims for  
other people, also money from  
Frank Warren to invest etc.

Mr. Warren will ask him if  
James can return with his party  
to Dawson. If it is possible for  
him to go, James will then get  
some one to "gub-stake" him &  
try to arrange <sup>for</sup> a monthly sum  
for us that I can draw while  
he is away. A few months  
would decide whether he would  
succeed or not. He is very anxious  
to go. He thinks, from a letter  
received from his brother Will  
who is building two boats at  
Vancouver B.C. for the Stikine  
River, that a pilot wages of  
\$125. per month would not be

worth leaving ~~an~~ <sup>a</sup> permanent  
position here to take out  
for only six months or less  
up in Alaska. I wish him to  
go as there is a good chance  
for him to do so, and all these  
recent arrivals home that  
we know have done well. They  
bring more and more favorable  
reports concerning the amount  
of gold found lately. James  
does not want to have you  
help us at all, and says  
so - But I think you ought  
to know of the plans and  
if you wish to take advantage,  
in any way, of his going, you  
may be able to. Mr. Geo -  
Stevenson will be in New York -  
But I do not now know where.  
I suppose there is some way  
of finding out, if you should

probably return here next fall  
or winter in any event, as <sup>well</sup> all of  
the others have done. It will be  
May into April before people now  
going to Alaska can get their  
outfits through. So James will  
be very lucky if he gets the  
chance to return with Mr. Steven-  
sen.

As I understand it, he  
could not take more <sup>provision</sup> with him than  
<sup>that needed</sup> just for the trip. The dogs can  
only carry enough for themselves &  
the party of men, & they have to  
hurry to do that. The men hold  
up the sled stakes & run with the  
dogs, making 50 miles a day.

James thinks he is not very strong  
now, having had no exercise, and  
his loss of sleep & irregular hours  
keep him run down. But I do not  
worry about that. As soon as he

232

is released from his mind-jags  
and can rest properly physically  
& mentally, he will be all right.  
A trip up there will be a good  
thing for him, if he goes properly  
prepared for it. I wish he  
had money enough of his own  
that he would not have to divide  
profits. But that cannot be  
helped. Possibly Mr. Kamm  
may "grubstake" him. He does  
not know yet, for he has not  
yet tried. But last fall he  
told me he would have no  
difficulty in getting people to  
send him in that way -  
We can manage ~~an~~ \$75. per month  
or less if it is necessary - I only  
wish I could go myself!

Your loving daughter

Grace E. H. Gray.

General O. O. Howard.  
Burlington, Vt.  
Sir:

I am referred to you by the Chief Clerk of the Record and Pension Division of the War Department for information relating to the "Barry Farm Fund".

I represent a case in Court here in which my clients, as heirs of one Joseph Cox, seek to establish title to Lot 6 Section 7 of the subdivision of Barry Farm.

I have a printed contract "No. 102" signed by you as Treasurer for the Board of Trustees, and by said Joseph Cox, and witnessed by ~~said~~ C. H. Howard and George F. Marble.

Endorsements on the back of payments thereon are by yourself and C. H. Howard. My clients say that additional payments were made evidenced by separate receipts, some of which are now missing. What I desire to know is, have you any books or

memoranda within your control that would shed any light  
upon this matter. If such records are not in your custody  
now, where could they be found.

Trusting you will aid me in this matter to the  
extent of your ability, I remain

Yours Respectfully  
J. W. Adriaens.
