My Dear Gen'l Howard - Yours of the 6th came to me last evening. It will be a woful disappointment to scores and hundreds of people throughout the State of N.Y. if you do not give your address. A soldier must obey orders, I know, but is it not possible to defer the visit to the southern camps for a few days? We can fix it so that you can take the sleeper at 10:16 on the morning of the 18th which will put you in N.Y. at 6:40 A.M. of the 19th. It is really a very serious matter with our state meeting not to have you here. Many, many people are coming chiefly to hear you on the subject so near their hearts. The people always want to hear you, but especially at this time, there has been joyful anticipation. Do not disappoint us all we plead, unless it is absolutely unavoidable. No one could fill your place, and we will be utterly unable to secure a substitute. It is only a week ^{from} Wednesday. Pardon my urgency, but really, it is serious. It is a

Macdonian cry. Do, do come. may I not
hear from you at once.

most sincerely for the committee,

E. J. Klock.

Dear General:

Your letter of the 7th. inst., enclosing signed certificates, Nos. 104 to 108, inclusive, and No. 111, has been received.

The laws of Tennessee use the term, "Board of Directors" and speak of the members as "Directors". The name, "Trustee," is not used at all. Hence it seems that "Managing Director" is in itself complete. I like "Trustee" better; but we should follow the law in all our official work.

A letter from Cumberland Gap says that the 25th. inst. will ^{best} for the annual meeting of the Board of Directors. I shall accordingly prepare notices for that date. Kindly mark this on your calendar.

Dear Brother;-

Mr. Klock, of Norwich,
writes me that you have asked release from your address at our
State meeting next week and I understand the reason.

Allow me to say that it will be a great disappointment
to us. We shall have ministers from all over the State and they
will be the younger men, whom we need to see at the National H.M.
meetings more than we do. You speak before the State Home Mission-
ary Society, whose work is part of the general work in the land
and must be kept closely allied to it in every way.

So, if you can possibly adjourn your Southern trip until
a week later it will be a blessing to us and I trust, no loss to
the camps in the South.

Edward N. Packard.

Dear Sir:

The veterans of the various Posts of the City of Albany in conjunction with Steinwehr Post of N. Y. City; Steinwehr Post of New Haven, and Vet. Assn. of 29th Reg't of Philadelphia have erected a monument to the memory of Gen. Adolph von Steinwehr at the Rural Cemetery in the City of Albany, and propose to dedicate the same on next Decoration Day, the 30th inst. — It is the wish of every veteran who has taken part in this movement that the former Commander of the 11th Army Corps should be invited to be present and address his old comrades on this memorial occasion. I therefore, extend to you, in the name of the Central Committee, an invitation to be with us in the City of Albany on next Decoration Day, and hope that you can make it possible to comply with our request.

My dear general -

Hearty thanks from the whole family for your splendid letter. It goes before Alger to-day. I will let you know what the result is.

If I had the power, you would be at the head of a good big command now. It seems to me that if the men in power had sons going to the battlefield, they would naturally prefer that they should go under the leadership of men who have known war and soldiering in all its phases. Why then don't they think of other people whose sons are going. Well, I hope there will be very little for us to do in Cuba. The victory of Dewey at Manila grows as we study it. Sampson of course has a different task on hand, - vessels of much greater power to combat; but if he wins a decisive victory it will practically end the war. God grant it may be so, and come quickly.

With all regard,

Very truly yours,

James Tanner.

MAJOR GENERAL O.O.HOWARD, U.S.A.

DEAR GENERAL HOWARD;-We rejoice to learn you are at the front. It is, we all know, just where, in times of danger, you most love to be.

The American Humane Education Society has just received from Secretary Long, in response to its communication, assurances that the Quarter Master General of the Army has received instructions to give careful consideration to the killing of horses and mules left hopelessly wounded on the battle field. As a vice-president of the above Society I yesterday addressed the enclosed appeal to Miss Barton. Will you kindly read it--as it explains distinctly our hoped for desire.

Remembering that you share the love which Grant and Lincoln and other great souls have ever manifested for these dumb creatures of God, I believe you will think it no intrusion if I address you, asking that the Relief Commission which you represent shall amid its other sacred duties have a thought also for the poor animals whose piteous sufferings add to the distresses of every battle field, and that you will urge, when possible, that when hopelessly maimed their sufferings shall be quickly and mercifully ended by pistol shot. I am sure I am not mistaken in believing that the prolonged dying of the battle horses will appeal painfully to your sympathetic heart.

Were my sister Mrs Upham here, she would wish to join us in faithful and sincere remembrance.

Accept my kindest wishes.

Very sincerely yours,

Georgiana Kendall

MISS CLARA BARTON,

PRESIDENT OF THE RED CROSS

DEAR MISS BARTON;-The thought of the civilized world turns towards you in grateful remembrance of your noble life and splendid services for the relief of humanity.

Soon contending forces will be again marshalled in conflict against each other.

As a vice-president of the American Humane Education Society permit me to address you in behalf of "one division of our great army" whose needless, but easily avoided sufferings impress us with keen regret. I refer to the horses that will soon lie hopelessly maimed and injured on the Cuban battle fields. Our desire is that so far as shall be possible, they may be mercifully shot, and thus be spared a lingering death from prolonged pain or starvation. We learn that in the German Army the Veterinary Surgeons, after a battle, go over the field and fulfil this mission of relief.

A communication regarding this subject has been forwarded to Secretary Long, in Washington,--the subject having been otherwise also submitted to him. Realizing the great influence which you have with our Officers now in the field with whom you are co-operating, I venture, in behalf of the humble, speechless beings whom we are pledged to protect, thus to address you, trusting that you will see fit to bring the matter to the attention of those in command.

Surely it will be greatly to our Nation's honor, if in addition to our other achievements, we show forth a humane sentiment, evidenced in our care for even the "least of these", upon whose indispensable services in our lamented conflict our success must so largely depend.

Trusting that all of Heaven's choicest blessings may rest upon you,

I beg to remain,

Faithfully yours,

Georgiana Kendall.

My dear General:

Your letter was duly received as you say that you had forwarded to him his paper with your endorsement. I took no further steps in the matter.

Now may I venture to present a request on my own part? My son David, the youngest is very desirous to obtain a second lieutenantcy, in the army, and if you would be kind enough to aid him, I should be greatly obliged. If your influence in the War

Department is as great as
it ought to be - and you
would be kind enough to
present his request

hearty endorsement.
I think he would probably
succeed.
