Dear sir: The writer assumes  
next week charge of the Pacific - the spokesman

It would gratify our people and

not kindly take a little leisure to write  
briefly in response to the inquiry "What

New York, May 27, 1898.

Dear Friend:

The Executive Committee of the International Temperance Congress requests the pleasure of your company at the Silver Wedding Reception, to be tendered to Honorable and Mrs. John G. Woolley, in the hotel parlor at Prohibition Park, Staten Island, July Fourth, 1898, at two o'clock P.M.

This reception is under the special patronage of several hundred prominent ladies and gentlemen who are leaders in all branches of temperance, reform and Christian work in this country, Great Britain and Canada.

It is the desire of the committee to present to Mr. and Mrs. Woolley a souvenir of the occasion that will embody the love, friendship and prayers of their great circle of friends, and to that end a card is enclosed, and you are requested, as one of the esteemed friends, to write thereon, over your signature and address, some message from the heart that may tend to encourage and inspire our brother in the noble warfare in which he is engaged; and which may also do something to solace his noble wife during the long enforced absence of her husband, while contending against the enemy and betrayer of homes. To quote the words of Clara C. Hoffman, 'Far better to speak our words of love and appreciation now, while their hearts can be warmed and cheered by them, than wait until ear is closed and heart is stilled in death;' and we can join with President J. W. Bashford in saying, 'There has never been a finer illustration of two minds that think alike, and two hearts that beat as one, than John and Mary furnish. By all means let us give them a royal silver wedding.'

It is usual on such occasions for the invited guests to send some silver token to be preserved as a material reminder of affection and good will. It is believed that in this instance it would be much more appropriate and satisfactory not to present individual gifts, but instead, the friends are requested to send the value of their gift in money, and the fund so accumulated will be devoted to the interest of our friends in such manner as the special committee may decide to be most appropriate. The special committee to have charge of these details consists of the following well known gentlemen:

Hon. Joshua Levering, Baltimore, Md.  
Rev. Joseph Kyle, Allegheny, Pa.  
Rev. I. K. Funk, D.D., New York.  
William T. Wardwell, New York.  
Robert Scott, Prohibition Park, N. Y.  
Samuel Wilson, Jersey City, N. J.

We have in mind the fact that the friends of temperance have in the past given liberal material testimonials to workers; for instance the gift of a fine home to Francis Murphy, and of a purse to Miss Willard. The more intimate friends of Mr. and Mrs. Woolley know what is not generally understood, that it is at great material sacrifice that he continues upon the platform. His brilliant talents and great learning are in demand in his profession as a lawyer, and only recently he refused a most tempting offer with princely compensation in order that he might be able to continue in the work of arousing the slumbering consciences of our people to a sense of their power and responsibility in dealing with the curse of strong drink. If Woolley's voice were stilled how we should miss him! Let us then show our appreciation of the inestimable sacrifices that John and Mary Woolley are making by making a material sacrifice in recognition of this happy anniversary. No donation to our cause will be of greater benefit.

It is needless to remind our friends that this letter should be considered as confidential so far as Mr. and Mrs. Woolley are concerned, as it is desired that this part of our work shall be a surprise.

Please address all communications to the chairman of special committee as below.

SAMUEL WILSON,

Care Pullman's Palace Car Co.,

120 Liberty Street,

New York City.

P. S.—The plan is to mount the cards when returned in a handsome presentation volume, and as the time is short in which to prepare the souvenir the committee would greatly appreciate a very prompt reply.

My dear General:

Already I am hearing of your good work for our Master among the soldiers in this new war. Dear old Colonel Loomis told me, thirty-five years ago, of your rising up in an army prayer-meeting which he led in Florida, while you were still a lieutenant. We all knew of your fighting and praying in our Civil War, and I met you out on the Plains as you were bringing a deputation of Apache chiefs toward the "Great Father" at Washington. Now, it seems, you are doing still other work for God and Country. God bless you!

Would you give a little sketch of your new Christian work among soldiers, to stimulate and encourage readers of The Sunday School Times? I shall be glad if you will, and so will many others.

(Say 100 to 2,000 words, would be about the length.)

Yours sincerely

As it is I have been  
losing in many ways since

Gen. O. O. Howard,

Chickamauga, Park, Tenn.,

Dear Sir:-- Knowing your temperance sentiments we take the liberty of asking a favor of you for the columns of the UNION SIGNAL. We prefer the article to be over your own signature, but if for any reason this would be unwise, if you will furnish us the material, we will use it editorially. The information we want is in regard to the canteen system. We are told that at camp Geo. H. Thomas some regiments have no hospital fund except that created by the canteen sales of liquors. One surgeon is instanced as paying for hospital foods and delicacies out of his own pocket rather than consent to canteen in his regiment. We would like full particulars in regard to the situation both as to the sale of liquors and the needs of the soldiers at Chickamauga Park and your views as to the good or bad condition of the soldiers with and without the canteen, also as to the possibility of preventing the establishment of canteens for our boys.

If you desire us to do so, the source of our information will be withheld entirely. Should it be impossible for you to do us this favor, may we not hope that you can secure some other one to serve us? We <sup>do</sup>ould be exceedingly glad to have a correspondent of

high authority who would send us letters from time to time in regard to the needs of the soldiers and their moral conditions, emphasizing the subject of temperance. We could use such material as special correspondence without giving the real name, if desirable. Can you help us out in this matter?

Thanking you in advance for any favor you may be able to grant us, I remain,

Yours cordially,

Dear General: .

I have recieved from you Dr. S. P. Lelands letter of the 14th. inst. This is more explicit than anything that we have yet had in writing. Dr. Leland expects to be here in a few days, and he says he will see me then.

How would it do to say in the letters which I am getting out for you that we are promised a large donation for endowment when the present debt on the land is paid?

People are more likely to give, if they see evidence of success and see that their donations will be magnified by contingent donations. This is shown by the success that the schools have which receive offers from Dr. Pearsons. Five closed their accounts with him last week.

Here is a prediction regarding Dr. Pearsons: That shortly after Jan. 1, next, he will be ready to give us about \$50,000, out-right, to help us get the Leland donation. You will remember that he told you that he wished that some one else would lead out with us: that if that were done, he would be glad to give an unconditional donation. He has several times told me nearly the same. If we can push along until he is free from Berea, I am confident he will give us more than we need to cancel our present debt. He has given Berea until Jan. 1. He says they must raise their amount by that date or quit. If we could make a payment of \$2,000 at Louisville, I think they would wait longer for the balance.

Very truly yours,

Ogus Kehr

Dear General:

I have received from you Mr. S. P. Beland's letter of the 14th. This is more explicit than anything that we have yet had in writing. Mr. Beland expects to be here in a few days, and he says he will see me then.

Now would it be to say to the letter which I am returning you for you that we are promised a larger donation for endowment when the present debt on the land is paid.

People are more likely to give. If they see evidence of success and see that their donations will be handled by competent persons. This is shown by the success that the schools have which receive offers from Mr. Beland. Five closed their accounts with him last week.

There is a prediction regarding Mr. Beland that shortly after the next, he will be ready to give us about \$50,000.00 - \$75,000.00.

But we get the Beland donation. You will remember that he told you that he wished that some one else would deal with us; that if that were the case, he would be glad to give an unconditional donation. He has several times told me nearly the same. It we can push along until he comes from here, I am confident he will give us more than we need to cancel our present debt. He has given never until Jan. 1. He says they must raise this amount by that date or quit. If we could make a payment of \$1,000 at Louisville, I think they would not forget to the balance.
