Dear General.

While our brave and gallant  
boys are at the front, preserving with  
their traditional valor the glory and  
integrity of our country, we, on behalf  
of the members of the First Congre-  
gational Church, of Decatur Illinois,  
Rev W. C. Miller, S. S. Pastor, note with  
much satisfaction, that you and others  
are there also, to carry the precious  
word of our blessed Master, to the  
boys in blue, that they may receive  
from your hands that consolation  
so dear to the human heart when

confronted by the dangers ever  
attending a soldier's life.

This Church sends you greet-  
ings, accompanied with their  
devout prayers, for the eminent  
success of your Christian labors.

Dear General:-

I am a candidate for a position in the Congressional Library in Washington under the Hon. John Russell Young, Librarian.

Before you leave for the Seat of War, I beg you will find time to address Mr. Young a strong and earnest letter in support of my application.

Judge Fuller, Senator Frye, Jos. H. Manley, and the Representative in Congress from my District and many other influential names have already been secured, but there is none of them who knows me better than you do from boyhood to the present time, and the hearty endorsement of none of them would be more acceptable to me or more highly appreciated than the endorsement which I feel that you can and will cordially give me.

I have tried to keep some track of you, and when I have found you out, you are earnestly engaged, as always, in some noble and Christian work; never more of importance, let me add, than the work of cheering encouragement and wise advice which you are to-day giving to the young soldiers of our country who are to leave its shores in its defence.

Mrs. Drew desires specially to be remembered, and all send their sincere wishes for your success in all that you undertake.

As ever,

Yours gratefully,

M. P. Drew

My Dear General Howard,

I want to thank you heartily for your excellent letter to young men. It will help very many although it is not just what I wanted. What I wanted especially was that you would write to the young men at home who did not go into the army but who should help by contributions, prayer, and expressions of brotherly sympathy in this work, which we are attempting to do for them. Your work here in the city was greatly blessed and I trust we shall see much good coming from it.

Your addresses were of great help to the men and a great help to us in our plans and arrangements, and we hope we may again have the pleasure of welcoming you among us. We have several times received information of the kind remarks you have made of us in other cities, and our hearts were touched by your kindness.

I am now, as I supposed you understood, Chaplain of the Second Alabama Volunteer Infantry. I am hoping that my regular work will not interfere with the Association work. Wherever I am, I mean to give the Association my best services.

Dear General:

Dr. Leland writes that he will be here in a few days to see me. If possible, I shall help him to put his friend's proposition into form. I shall urge him to submit a written offer of \$100,000 when we pay our present debt and raise such additional amount as he may think necessary to insure the permanency of the institution. With requirements specifically expressed, we can arouse an interest in the work sufficient to make progress.

Dr. Pearsons told me this morning that Berea will not close its account on July 1: but that Pomona, Mt. Holyoke, Whitman, Beloit, and Pacific University will all close their accounts next Wednesday.

Dear Sir:-

We are glad to notice that you are booked for a lecture on August 2nd., 2:15 P. M. at our Chautauqua here in town. We thought that perhaps you would be willing to repeat your lecture at 4 o'clock of that afternoon or possibly the next forenoon, (which time however, would not be so convenient for us) for the benefit of our fourteen hundred boys. The only way in which we can have them get some of the uplift and inspiration of our Chautauqua, seems to be to have some of the best lectures repeated.

I can assure you of a most appreciative audience, as seventy-five per cent of them are young men of mature minds and many of them of literary culture.

Such an arrangement it it could be entered into by you and the other speakers of our programme, with whom I am in correspondence, in reference to the matter, we are confident would prove of untold good.

You will be kindly entertained at the residence of our Superintendent for such time as you may feel inclined to visit here or look through the Institution.

My Dear Brother:-

The Sunday School workers of Michigan remember well your meeting with them in Grand Rapids, and there is a very strong desire for you to be with us if possible, this year.

The Executive Committee would like you to present the subject: "What can the Sunday School workers of Michigan do for the Soldiers in the army fighting for their country." Or, "As Sunday School workers what is our duty to our soldiers." It has seemed to me that through the Home Department, the S. S. could do a great work for our soldiers. We could furnish them with reading matter, with the lessons, receive reports from them, and I think we should take immediate action as a body, to help in the work.

In conference with our Executive Committee, we feel if it is possible, we would like you to give the opening address of the convention on the evening of Nov. 15th., East Saginaw. We are positive we can fill any building there, and the have one that will accomodate a very large audience, full as large as we had in Grand Rapids. We would arrange

Dear Sir -

Will you kindly let me know if you intend paying the note due the first of August, at maturity? I should greatly prefer that you keep it another year, on account of the uncertain state of affairs, but if you feel that you must pay it, I should like to know as soon as possible. I expect to be in Burlington the first week in August.
