Dear Sir:- Yours with en-

Col. Kniffin is on his Annual  
Leave, now at Cincinnati. -  
I took yr. letter in to the  
Commissioner. My told him that  
I wanted to write you that I know  
he had read it. He said "all right"  
My then he read it aloud. every  
word. My gave it all the emphases  
that I would have given it  
had he asked me to read it to him.

And he said to me after reading  
it "you may write Gen. Howard  
that I will give this claim  
my personal attention" I  
thanked him, and I think if  
you should also do so, it would  
help in your next request.

Should the claim be again  
rejected, I would advise an  
Appeal to the Decy- of the Interior  
They have a large force <sup>over there</sup> at work  
on these claims, with seven thousand  
claims still on file. Asst. Decy.

work for the Soldiers. God bless

Dear Gen. Howard;

Your letter received this morning and I take the immediate opportunity of answering it. I did not <sup>know</sup> there was anything unusual about my appearance to indicate that there was anything wrong. There is nothing wrong only that malaria which still seems to stick to me. Tuesday I went under completely and came out of the hospital only this morning to return again tonight. The extreme heat has only aggravated the ailing and made me feel worse. I ought to have rested some more before I returned to my labors. A few days more of the skilfull treatment I am getting up at the hospital will set me right again. I have not been able to hold any <sup>thing</sup> down my stomach and last night my fever was so high that I was given an ice bath. I am at work again this morning. Might as well be about doing something as to be lying in a ward this hot weather, then again we have to work in order to live.

Your bill was handed to the treasurer of the Comission and he promised to attend to it immediately. This was Monday afternoon. I imagine there is a little red tape there as well as in the War Dept. My ~~sweetheart~~ sweetheart has not married any one else and it wouldnt have made any difference if she had. I have two instead of one, & my sisters. They are all I can stand at present. When conditions and circumstances warrant an addition then I will give some thought <sup>to</sup> it. I once had several, but that ~~xxx~~ was in my younger days when visions seemed to pay bills. Hoping that you will hear from 3 W 23 I remain

Sincerely your friend,

William C. Howland.

Dear Mr. [Name],

Your letter received this morning and I am the immediate opportunity of answering it. I did not have any opportunity to do so before. There is nothing wrong only that the letter which still seems to refer to me, Tuesday I was under completely and came out of the hospital only this morning to return again tonight. The extreme heat has only aggravated the ailment and made me feel worse. I ought to have rested more before I returned to my labors. A few days more of the kind of treatment I am now getting at the hospital will not be with me again. I have not been able to do any of my work since I left the hospital and I am sure that I will be able to do so again in a few days.

I am given no rest at all. I am at work again this morning. Things are well and I am not doing anything as to be taken in a word this hot weather, then again we have to wait in order to live.

Your wife was taken to the treatment of the Commission and he proposed to attend to it immediately. This was Monday afternoon. I thought there was a likelihood of her being as well as the rest of the Commission and she was not mentioned any one else and it would have been very different if she had. I have the feeling of being very happy. They are all very well and I am glad to hear that. I am glad to hear that they are all very well and I am glad to hear that they are all very well.

I am glad to hear that they are all very well and I am glad to hear that they are all very well.

Sincerely yours,

If in this vicinity this Fall or Winter and in position to offer us better terms let me know and I will see if I cannot get one of our church societies to take hold of the lecture. We are building & repairing our church and I think some one might take hold with a view to raising their subscription. Dear Comrade:-

Your letter of Aug. 27th is at hand. I have been down to Cincinnati to attend the reunion of the G.A.R/ and this time I did not see you there nor did I hear of you there. As you will probably notice in the papers this morning Colonel Sexton a Chicago man was elected national commander and I am very glad of it because comrade Sexton is fine man and competent.

Now in reply to your letter-that story that you have heard that we had lost our suit the judge having decided against us is not true. The case has not been heard yet. I have been bothered in the pleadings and I am going to start the suit over again next week and have the case before a new judge: it is true that Judge Brentano made some very wild rulings and I took a change of venue to judge Ball who refused to set aside the rulings of Judge Brentano-not because they were right or wrong-but because Judge Brentano was a <sup>c</sup>ordinate judge with him and informed me that the only relief I could get would be to take an appeal to the Appellate Court which would cost me more money and time to have Judge Brentano's rulings set aside than it would for me to dismiss

the suit and commence over again.

I have talked the matter over with Bishop Hartzell and I have explained this to him and we have decided to start over again. There will be no expense to you because you paid the expenses in the preceeding suit where Bishop Hartzell was made a co-complainant and I may as well explain to you here as any where that in working on this matter I have been obliged to amend the bill of complaint from time to time as I found additional property and ~~now~~ this time having found all that I have any hopes of finding and having found enough to satisfy both of you at once I intend to make one clean cut case. I have however to say that I have no further use for Judge Brentano. His rulings were extraordinary and I shan't try this case before him if I can help myself but remember as to being beaten in the case, that is not true. I am feeling considerably better and I think next time you come I shall be able to walk with you without jogging into you. Dear Father,

Your last letter was rec'd with ticket enclosed but Alice left it for me to answer & I neglected it as the letter was turned over to her & left at the house. She planned to ~~leave~~ start Monday Sept 12, but not being ready has put it off until next week.

Receiving the tickets & planning to go has done her almost as much good as I had hoped the trip would do for her. Alden is now well. Although he was quite sick & for a long time we did not need to call in a doctor or spend two dollars for medicine since leaving Newark (thanks to Lola's being a trained nurse and Alice's patient indefatigability).

All are now well here & we are living in two rooms. As soon as we can we shall rent a house here at less than \$15 per month and then be more comfortable. Hoping all are well at home & you are better than when we last heard from you all join in sending love y<sup>r</sup> affec<sup>n</sup> son.

Kind Sir

I received your kind letter today & am so thankful to you for an <sup>answer</sup> I wrote to Harvey Mann M. L. at Key West Florida to see you if possible I am so anxious to know of my father or his people, H. Mann, was Sergeant to General Custer on Sick leave at time of the Massacre & he knew something but being a son of my Grandmother's Brother I hated to ask, but I have done it now & I wish if you feel interested in me enough you would ask him, also ask my Grandmother, she I think or rather, know, knows all I wish to know, her folks are Massachusetts people her name was Elisabeth Mann B Millbury Mass - her mother was a

Parker direct descendant of General  
Joseph M. Parker of the Revolution  
his life & the mention of his descendants  
and history finished some 3 or 4  
years ago by Harry Mann nephew of  
Mr. Mann, but my folks Howard's are  
who I wish to know I have known my  
mother folks all my life & my father  
was never mentioned to me until  
some 10 or 12 years ago I was with my  
Grandma & a desperate man was killed  
in St. Joseph, Mo, one Jess James under  
the alias of Thomas M. Howard then  
my Grandma said that was my father's  
name & I have inquired so often &  
she never tells me anything, now  
she owes me a letter over 1 month  
just because I asked her to tell me  
all I am desperate & will never write  
unless she explains what I crave to know  
She is 78 years old, well preserved highly  
educated, well read & all that, but she

does love money & when I & my  
poor Brother were Orphan Children  
she was Accused by notors of getting  
portions & keeping them for her  
Self & Son, who was but 1 year older than  
me, I was 33 July 12 - passed. My Ma & father  
were married at Latoka, Indiana Aug. 1863 -  
where he attended Military School & his  
folks were Scotch decent & lived in  
Indiana. My Mother was a daughter of  
one of the Best men in Ohio, Chas Starnett  
Cidney, Ohio, her Guardian was Samuel  
Mc Gullough Cidney Ohio, you need not  
be ashamed to help me, I have nothing  
in my life or family to be ashamed  
of, unless the matter of the Pension  
I mentioned & that I & all think  
is what keeps my Gramma silent, but  
no one would ever know it, I have enough  
my husband is good & kind & has been  
in his present employers pay 8 years.  
I am satisfied I only want to satisfy

my life's Cravings, I have 2 children  
a boy 16 - & a girl 3 years so you see I  
do not murmur, my brother is dead  
4 years this Oct, he thought as I used  
that we were Orphans & he used  
to say, why don't you make grandma  
straighten this for you, but I cannot  
so excuse this once more & try for

My dear Mr. Evans:  
I have the honor to acknowledge the receipt of your letter of the 10th inst. in relation to the purchase of the land in the vicinity of the Gap, Tenn. I am sorry to hear that you are unable to purchase the land at the price you offered. I am, however, glad to hear that you are still interested in the land. I am sure that you will be able to purchase the land at a reasonable price in the future. I am, therefore, sending you this letter to let you know that I am still interested in the land and that I am willing to purchase it at a reasonable price. attending the school. The bills are all legitimate and have been approved by the executive committee. A few new bills have been made in preparing the buildings for the opening of the school, &c. &c. As to funds to pay these bills I would state that we have received about \$75<sup>00</sup> for some fat cows, and \$125<sup>00</sup> from you; nothing from Mr. Myers. So under these circumstances I have paid out as little money as possible, paying part of some of the bills due the merchants, and small amounts to each of the boys who worked on the farm, and who were compelled to have a little money to purchase clothing, provisions, books &c.; I still have about \$100<sup>00</sup> on hand. The meeting demands that ~~are~~ ~~must~~ necessarily will have to be paid. We now have a corps of teachers at work and in three weeks from today a month's salary will be due them. We will do the best we can, trusting that the good Lord will open the coffers of those who are abundantly able to help us and that funds will come in to meet all our obligations.

In regard to that queer mortgage on the farm.

I will request Mr. Kehe to tell you all about it as I am not familiar with the whole transactions. The deal was made by Mr. Myers and Mr. Kehe, individually, the deed having been made to them, and they executing a mortgage, as I understand it, to the Columbia Finance & Trust Co of Louisville Ky.

Mr. Myers & Mrs. Kehe, I understand, have executed a deed of the property to the Lincoln M. U.; which is held in escrow, by the Bank of Cumberland Gap; and is to be delivered whenever the present mortgage is paid, or, they personally released. I think Mr. Kehe will tell you all about it.

I will try to collect some literature, about Cumberland Gap, &c. and will forward it to you.
