Newport, Ky, November 1, 1898.

General O. O. Howard;

Dear Sir — In response to your circular letter in reference to Lincoln Memorial University in Cumberland Gap, Tenn, I inclose \$1.00 from the Cook-street Congregational Sunday-School, Newport, Ky., of which I am Superintendent. This is largely an offering from myself, as our school ~~or~~, rather, our church — is passing through financial difficulties, and it was deemed wise not to take up a special offering. I send this note to you in humble appreciation of your sterling Christian character and your service to your country. For some years I have watched with sincere admiration your efforts in behalf of Christ's kingdom, and feel honored in the privilege of taking a small part in the work you are doing. I only regret it is not more. Will you please credit the amount to the above Sunday-school, and send me the receipt.

I have the honor to remain,

Yours truly,

My Dear Sir:

Your very
kind and highly appreciated letter of Oct 18th
came duly to hand, for which please accept
my sincere thanks. When I wrote I did not
know your address, but sent my letter to the
War Dept knowing it would be forwarded
to you; I was deeply pained to hear of Capt
Wilkins' death, and like wise to learn
that he had not always kept up the standard
he gave us at the University. With maturer
years should have shown greater devotion
and stronger faith. It gave me very great
pleasure to know that you were pleased
to get a letter from me; many times during
the nearly quarter of a century since I came
South I have felt like writing to you,
but knew how much engrossed you
were in official duties, and how great the
demands were upon your time & did

not do so. Some times when fortune has been
kind to me by way of favors, though small,
I have felt like I wanted to ^{live} let those know
it who were kind and generous to me
in my boy hood, and struggling young
manhood,

About a year ago, I received a letter
from Gov. A. R. Shepherd, formerly Gov.
of the District of Columbia, now in
Mexico, who you will remember, was
very kind to me after my graduation
from College, and during the time I was
pursuing my law course:

Nothing can give me more pleasure
than words of commendation from
my early friends and benefactors.

I do not know that you kept track
of the share of us, Gregory O'Neal ^{and}
myself who constituted the first
College Class - the class of '72.

O'Neal died early at his home in
Charleston S.C. before he began his
life's work, and Gregory you know
taught at "Howard" until a few years
ago.

I went to Mississippi in March 1876,

returned in May and married Miss
Theresa Vogelsang, whom you may
remember; she was a student at "Keawood"
and a pupil in one of the classes I taught.
In August '75 the republicans nominated me
for District Attorney in Mississippi, In '76
I was a Delegate to the National Convention
that nominated Mr Hayes, and also presidential
elector for the State-at-large. — was also
presidential elector on the "Garfield" ticket.
In '83 was elected to the Mississippi
legislature, in which I served two years.
In 1885, after a residence of ten years
in Mississippi I came to Memphis
and began the practice of my profession;
within a few months I was appointed
Asst. Atty General of the Criminal Court and
conducted nearly all, at least 9/10 of the
prosecutions for the State for about
two years, at which time the then
Attorney General's term expired, when I
resumed my practice, which has been
most excellent ever since. In fact I

have all I can do; In '88 I lost my devoted wife, whose pure Christian life, ^{was} the main source of strength for every struggle, and whose death fixed my hope in Heaven and made me a communicant of the Church I loved so well, and served so faithfully. In 1892 I was a delegate to the Minneapolis Convention and in '96 ^{to St. Louis Halliday Convention} Alternate for the State at large from Peru; While I take some interest in politics & am now a member of the Rep. State Ex. Comm. office. I am in no sense a politician, my time and energies are devoted to my profession. In '90 I again married and now have two bright little boys aged 6 and 7 years. While I have accumulated no very great amount of "worldly goods" I am in comfortable circumstances, have a beautiful home all paid for and do not ^{owe} any thing, and have the very great satisfaction of knowing every dollar was made at the practice of my profession, my practice is worth some thing over three thousand dollars a year. I am now trying to lay up enough to educate my boys, and

Start them in life. While there is of course
prejudice here in the South, no professional
colored man need fail, with no other
obstacles than his color; I know this from
nearly 24 years observation and practical
experience. I visit Washington very frequently,
almost once in every two years, and meet
some of my old time University friends,
but there is rapidly decreasing the number;
I sincerely apologize for having intruded
so largely upon your time, but from
the tone of your letter, it would not
be distasteful to you to hear from one
whom you had so materially aided in
his early life - and who has tried to
make the most of his opportunities,
and whose efforts have not been sen-
tively without results.

Dr W. J. Simmons, has given me a
very complimentary notice in his
book entitled "Men of Mark", as did
Haley & Florida in their "Afro-American
Encyclopedia" as have some other "race books"

more of which you perhaps have seen.

Again asking your pardon for
trespassing so longly upon your time.

I am with profound respect

Very truly & Sincerely Yours

Dear General

In October 1897,
the writer while with Authors Pubg Co 93 Federal
Street Boston, took the liberty of writing you
respecting your forthcoming Autobiography; and
you were pleased to reply in your letter dated
Oct 25/897 that you had finished writing Vol 1
and were pushing another as rapidly as you could.
You, moreover, said that you desired to finish
writing the first two volumes before entering into any
agreement with anybody.

One object now in writing is to
ascertain whether you have yet made any ar-
rangements, and if so with whom, so that we may
have an opportunity of applying for the privilege
of handling the book as general agents. We are not
manufacturers as were the Authors Pubg Co. We
handle only books for the Publishers, and put them
among our canvassers, the majority of whom sold
Butler Book for A M Thayer Co when the

writer was connected with that firm. Many of
them are GAR men.

Awaiting your reply at your
convenience, We remain

Dear Sir:-

Your favor of the 28th ult. addressed to Mr. Ball is referred to me. Replying, I beg to say that it is true there has been an increase in cost in the past year. But in this form of insurance you will recognize, of course, that the cost must follow absolutely the mortality experienced; and while the present cost shows an increase from the start (which was abnormally low), the mortality is not in fact excessive.

At present your insurance is costing you at the rate of \$50.00 a thousand, whereas at your attained age the bare mortality cost, without any loading for expense or reserve, according to the Actuaries' table of mortality, which is the guide in all insurance companies, is \$51.47. You have reached an age now where the rate, which is increased from year to year (up to age 65) ceases to increase, and the only increase in your cost must come therefore from an increased mortality, the unit rate remaining unchanged.

It would, I assure you, be a matter of sincere regret if your insurance in this Company were to become burdensome or unsatisfactory.

There is no way of converting your present policy into a paid up policy. But you are at liberty, of course, to exchange your present policies for one of another form which would have a paid up value by reason of the increase in premiums; but your present policies having been carried at exact cost, there is no accumulation (aside from the meagre contribution to the Safety Fund) from which any return can be made to a retiring member.

Yours truly,

Gen. O. O. Howard,

Dear Sir:

In writing you yesterday, asking you if you would speak in the Porter church Sunday evening, Nov. 20, I perhaps ought to have added that I understand the terms on which you come, the Campello church (being without a pastor) paying you what they would give a supply, and the Y.M.C.A. meeting the rest of the expense. My invitation would bring no stated compensation, but my thought was to take an evening offering (whatever that might be) for the Y.M.C.A. If it is not

too much for you to speak three times, you  
will be helping to that farther extent the  
Y.M.C.A., to say <sup>h</sup>noting of gratifying a large
