General O. O. Howard,

My dear General:-

I had a long interview with Mr. Blanchard today in regard to your matter. I have heard nothing in reply to the letter I sent to the gentlemen on the other side. Mr. Blanchard will watch out for any opportunity he can get to make an opening with them, but I cannot possibly go farther than I have, because I cannot invite them to present a claim against us which I do not consider exists. I think we would better wait until the expiration of the thirty days, and then let me serve on them a notice that, not having heard from them, and in conformity with the notice of Jan. 4th sent by you, we hereby notify them of the absolute termination of the relations. If Mr. Blanchard can in any way open the negotiations, he will do so, but my idea is that we should consider the incident closed with the 30th of January and take it for granted that we are wholly done with them, and if they have got any complaint to make, let them make it; or if they have any attack to make, we shall have to meet them.

Don't let this matter disturb you, as I do not think it is very serious. I would, however, hold back on my Carnegie paper for a little while.

Yours very sincerely,

Edgall Nelson

I have just left Mr. Achorn.
We agree it is better to let the limit
of time run out that you wrote Sanforth.
You would give him to close up any
subscriptions he may have started,
before your letter reached him
abrogating your contract with him.

In the mean time San-
forth or Miller may call on me
or call me up. Nothing can be
done, as he has not replied to
Achorn's letter, until the time runs
out in a week or ten days. Mrs. N.
Bunnaf seems quite feeble but joins in
remembrance to you & yours. Truly, S. Blanchard

Dear Genl. Howard

Your letter came too late
for an additional number of
circulars without considerable
extra cost. When I ordered 300.
I had in mind that we would
soon be doing our own printing
at the Cap. and would then
very likely want a new circular
etc. Col. Adams thinks the circular
is just right and very neat.

It was done quickly, which
probably added something to the
cost. I have just mailed you
~~one~~ hundred. Theodore L. DeVine
would probably print 1000. for
12 for nothing but they are
so busy they could not do it. 297

I went over to Brooklyn

He promised it yesterday, but is

It is hard to accomplish
much here in N.Y. Every day the

leave in a day or two for Ct.

later. Col. Adams is in good spirit
and seems much pleased with the

My dear General:- Next Sunday will probably
be my last as pastor of Camp Memorial Church.
I have been here some months over five years -
God alone knows what my poor efforts have
accomplished in that time. I have tried to do all
I could and as well as I knew how. Some of
the results of my labors I have been permitted to
see. I know that my labors have borne some
precious fruit. Since Christmas I
have been sick. Three physicians who have
examined my case advise me to leave and
leave at once. All agree that I have to be
very careful. They say I have Bright's disease
of the kidneys - but only as yet in the acute
stage and if I am careful I may come
out all safe. Wish this were the usual
sympathetic troubles.

Last Sunday I told the Prudential
Committee that I must leave at once - and
said - The best way would be to give me
an indefinite leave of absence and as soon
as they found a man to take up the work, they

should consider my absence permanent and to
 call the man - This was done - So after
 next Sunday they will be without a pastor.
 What I shall do I cannot say - Mr. Ballard
 & Dr. Kootz advise me to spend some weeks at
 Buffalo Sethia Springs Va. - Last November
 I had a call to a Christian Alliance Church
 at Durham N.C. - but declined it. I have
 no place in view but I believe that our
 Heavenly Father has still work for me
 somewhere and in some way will guide me
 to it - I am in His hands, and I feel
 the comfort and content which one has in
 Enfolded in the Everlasting Arms -

At Camp - all is well but the
 finances - the great trouble that comes
 from the necessity of choring up and
 building the foundation of the South wall
 has not yet passed - we still need about
 \$200 - to clear us of debt - The roof
 needed repairing and painting - The chimney
 had to be heightened 52 feet - New gutters
 and leader pipes had to be put in, so
 that on November 9th - 99 we faced

a debt of 538 dollars - To day it will take \$200 to clear us - Our Brethren are somewhat discouraged because of this and the difficulty experienced in getting help - They now contemplate reducing expenses as far as possible beginning with the Pastors Salary - When I leave I do not know what will be done with some of the institutional work - such as the gymnasium &c. It takes \$200 away also.

On the adjoining lot on the south of us there is now a large tenement, where the Palm Garden used to be - To the north next spring - where the frame houses are there will be built the same kind of houses only much larger - This will again affect our Church building and we will again be compelled to protect our wall - The Jews have been trying to purchase the building - They have offered \$22,500 for it. They want it for a Synagogue - If the property is sold for any other purpose we could not get more than \$15,000 or at the most \$16,000 for it - The lot is too

narrow, measuring only 20 ft 3 in -

I hope you are enjoying good health this winter and feel strong & vigorous - that our dear heavenly Father is blessing you I am sure - For He blesses all of His with His love - I have been anxious to see you when you were in N.Y. but never could connect with you -

If I get away from N.Y. in a week or so - I shall go to Mayo Landing N.J. - for a short while - May I not have some word from you before I go - I shall leave here by Monday 29th if my plans do not this carry -

With my warmest love,

Yours sincerely

Dear Father:-

I have learned that Mr. Wm. H. Miller has had a card printed on which his name is in the center and to the left and lower corner, "Private Secretary of Major General O. O. Howard", possibly there is some business on the card also, but I am not sure. I think he should not have this card nor use it in any way. On or about the first of February you must quietly, pleasantly but firmly, instruct him not to use your name in any way, shape or manner in connection with any work with which he may be connected for himself or others and to cease having it on the door of his office and to destroy any cards on which your name appears. This is not only due to yourself, but especially due to the many gentlemen of standing whom he has and will be approaching for money to have their pictures, names, history, etc. published to their advantage. Many of these gentlemen as I know from experience, feel that they must pay so as not to offend what appears to be the newspapers, but which of course, you and I understand, is not.

I write plainly because it is a matter which will soon need plain attention.

All are well at my home.

Dear Gen:

I fear from your last letter that you misunderstood the matter of the raise in Miss. Peat's salary. Perhaps Mr. Fairchild gave you the idea that Mr. Eager and myself were finding fault.

The reports at the last Director's meeting included this and it seemed to be a surprise to all but Mr. Patterson who thought Mr. Adams was to pay the extra amount. Mr. Eager said he had the contract with Miss Peat etc. I can see now that the matter must have been talked over in May last. There was no complaining but the remark was made that raising the salary of a teacher without notice seemed a strange thing to do, and they supposed Mr. Adams was the only party concerned. If you did it as Gen. Manager, it is a different thing and especially if

the matter was broached then as it
evidently was, it is something which
does not concern me and I only
hinted thro. Mr. Fairchild that I
might be pleading for a change of
Salary etc.

I wish you were here watching
the growth of the work. The students
are praying for the school now,
and I think we must succeed.

I saw Mr. Myers last night.
He is looking badly. I do not think
as some do that he will not live
long. He is strong, but his in-
harmonious way of living is telling
on him. I hold, in my own mind,
Dr. Lansing responsible for his
present state. I left him quite
happy last night. I think these
matters will all work out right
soon. We are fixing up a room for
you when you come. All moves
pleasantly and I can assure you
that we gain ground constantly.

I hope it will not be long, now,
before our paper can get out.

Will you please write a testimonial of Bertha's moral character to The Margaret Louisa Home, sending same to me, as I may want to use it for her to go with me there when she is here on account of the illness at the house? I do not know that I shall go down there but Mr. Wren is very ill and you know he is next door to me so I think perhaps it would be better for me to make the change. Everything is so clean and lovely at the Margaret Louisa.

Please tell Mr. Harry if my #7 does not work perfectly to send it to the factory before you leave Vermont and have it put in thorough repair before Bertha gets home again. When he sends it

I wish he would tell them that the machine has been out of repair for some time and I intended to send it down to have it repaired but the agent repeatedly promised to fix it himself. He will of course sign my name to it, as nobody else is supposed to use a school machine. I would write to them myself and so save him the trouble if he would let me know when he sends it.

I trust you are all quite well.

Dear Father:

I am very much interested in ~~the~~ old soldier, Atkinson, whose sister wrote you a letter from Mt. Holly. He wants to get into the Soldiers Home in California. He was wounded in the Battle of Chancellorsville. He is working for me this week distributing ~~blotter~~ & Calendars to some of my prospective customers. I find him a faithful, sincere man. ^{He is} suffering from pleurisy & needs a change in the weather. I called on Gen. Sewell with him & stated the case. Gen. S. is chairman of the Board of something & explained how the man would have to go to some near-by home until the board meets, next spring, & then if the matter were brought up before the Board they would recommend his transfer to the California home, & he to pay his own transportation. But as this ~~could~~ not benefit Mr. Atkinson as his present need requires Gen. Sewell suggested that I write an application direct to the "Governor of the Soldiers Home at Santa

Sewell] if nec. & if possible, enclose
a letter from you endorsing the request.

Enclosed is the letter I propose to

Dear General,

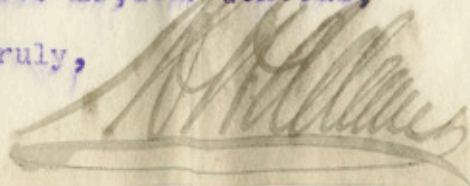

yours of the 25th inst. at hand and contents noted. I have deposited your cheque for \$1,500. I will now pay a visit to C. P. Huntington, and see if I can't get the \$1,000, after which I will have the second mortgage forwarded to some bank here in New York and paid off. I have had an interview with E. C. Converse, and he has promised me to set a time within the next few days when I can talk over the matter of the Lincoln University with him. I have no doubt that I can get a contribution from him, to what extent, I can't now say, but something.

I enclose herewith the Laragy letters and also letter from Mr. Eager. If he carries out the spirit manifested in this letter, he certainly will prove a good help in the development of the Lincoln University.

Mrs. Adams desires me to thank you most cordially for the very fine photograph which you forwarded to her. I want you to give me your autograph on the bottom of this photograph, after which I will have it framed. Please make my regards, in which Mrs. Adams joins me, to your wife and Miss Bessie. My Dear sir:-

I am just in receipt of your telegram saying that you would meet General Gordon in Washington next Wednesday, or else would write ^{him} ~~me~~ there. I very sincerely hope that it will be possible for you to attend in person, for we all recognize what your presence would mean before the Congressional committee. The members of Congress appreciate your interest in matters of this character, and your opinion will go very far toward controlling their actions.

While it is true, possibly, that matters of this character have very little relation to economic arguments, it is true, nevertheless, that we have been able, in a quiet way, to secure options on this property at a very low rate. These options expire within the next few months, and unless we put the matter through at this Session of Congress it will be impossible to secure options again at anything like the present figures. We worked on the matter some twelve months, securing options before anything was said regarding the park. This was done to enable us to arrange the matter on a low basis. The property, lying so near the City and practically on the principal driveway, is valuable, and its intrinsic value is really more than the average price of the options, - \$122.00 per acre.

It is true that quite a number of military parks have

have already been established on battlegrounds, but strange to say none of these commemorate the great Campaign of Sherman and Johnston. This Campaign, desperately waged through the summer of 1864, and extending through the following Winter, has not been commemorated by the establishment of a park on any of its battlefields.

on account of the desperate battles fought in this immediate vicinity and the wide advertisement resulting therefrom, I feel safe in saying that more Veterans feel interested in the Atlanta battlefields than in any locality covered by the western Army. Even in their unmarked condition thousands of Veterans come here annually to visit these battlefields; and I believe it would be safe to assume that more people would visit a National Military Park established on these battlefields than would go to any other locality in the same length of time. As General Stanley puts it, in a communication just received from him, - "Every one who travels from home will sooner or later visit Atlanta, because it is a point of great interest; and I believe that a National Military Park established there would be more frequently visited than any of the parks heretofore established."

We learn from Washington that everything seems favorable for the passage of the bill; but we have refrained from making special efforts until the matter could be properly and forcibly presented to the committee on military affairs, to which the bill introduced last month has been referred. We are especially
