to ask you to come so far especially

Dear Gen. Howard:

Your message surprises me, for after the other confusion over Illinois Univ. date, I hardly thought you would change it again without notifying me. I have written them it is alright, the 28th. and am now trying to change other bookings to suit. I fear all will cancel, even Redfield. Will try and put that in for the 26th. I had promised them the 16th. and they had arranged everything. Of course, I know you mean to please all, but there is a business side, and after turning the work over to me, I should have been notified. I have spent about six dollars to-day trying to straighten the trouble the change has made me. Let me hear from you here. Believe me

My dear General:-

I received your telegram Saturday, and all interested here have agreed upon Wednesday, March 28, as the date of your visit. I am very glad you could convenience us by coming at that time.

I assume that you will come from Chicago. You can leave Chicago at 5:30 in the evening and reach here at 8:50, or you can leave there at 8:30 in the morning and reach here at 11:45. I will be glad indeed if you can come down the night before, but in any event do not come later than the train leaving Chicago at 8:30 in the morning of your visit. I will meet you at the train and try and take good care of you. If you should be accompanied by a secretary or any other person it would be all right.

I think you will be interested in looking over a western State University. I am particularly interested, as I have written you before, to make your visit of special interest to our young people. We shall be glad to have you inspect our military battalion, and say something upon military or civil war matters at our University Convocation in the afternoon. Your lecture before the literary societies will occur in the evening. My home is upon the campus, so you will

Dear General Howard :-

I am glad you are making a study of this historical question in connection with our Civil War, for the great actors in it are the ones to give the facts in the case and weed out the errors. I believe our two histories are pretty nearly right, but you and your able friends can doubtless give us valuable information.

Very truly yours,

Edwin Ginn.
