Dear Sir:

By some of the records, of Maryville College, at Maryville, Blount County, Tenn., I see that you contributed a considerable sum to the endowment fund of that institution. It also appears that you made this contribution, upon the express condition, that there should be no discrimination against colored students. The Legislature of Tenn., recently passed an Act prohibiting the co-education of whites and blacks, in the same institution.

The directors of the College pretend that have set apart \$ 16,000, rather, the interest on \$16,000, for the education of such colored students, as choose to go to a third or fourth rate colored school, ^{near} ~~near~~ Rogersville, Hawkins County Tenn., and maintain that this action on their part is a full discharge of their duties to the colored race under the charter and donations made by you and others.

The colored people, ^{and Knoxville have} of Maryville, ~~have~~ resolved to assert and maintain their rights in said College, and endowment fund, in the Courts, so far as it is practicable, for them to do so. To this end they have employed me to bring the proper action and to take proper steps in their behalf.

The purpose of this letter, is to inquire whether you will allow them the use of your name, in the bringing and prosecuting of

Wm. Genl. Oliver, C. Howard, Dear Comrade

Your letter of July 22nd received the handsome picture of our
much lamented Abraham Lincoln at the head of your letter
brings to my mind old times when in 1861 he entered the
white house in Washington D.C. You remember the Pennsylvania
Reserve was camped out at Longwood one and then we
crossed the Chancellorsville and camped at Langley 5 miles from
Washington, D.C. Comrade Barthel Mather and our family
left Ireland in May 1849. I was born in July 10, 1829. County
Armagh, Co. Wickham Ireland. My father was a Doctor and
my Grandfather. He had a medical medicine in N.Y. City
they afterwards moved to Ohio. My father and my all
buried out at Laurel Hill Cemetery what I am conscious
to do is to visit my dear mother home in N. Jersey. Comrades
I can not have much longer to live. My wife I suffer with
the neuralgia in my side, in May 1866 I enlisted in Ohio Ia
in Co. A. 2. S.R. U.C. I served 4 1/2 years in the Union Army
Col. George A. Woodward was Col of our Regiment, Capt
D. H. Occum was Captain of our Company. I have now
but my self and wife Comrade I have been sick a great deal
this summer, I am a falling very fast. I am terribly broke
up, if I could get up north, I could enter my claim for my Pension
it would not be safe for me to do it here in this part of Georgia
I like a great many of our old soldiers after the war I drifted
in to Georgia and then I married here and I have been
here ever since. Comrade I am glad to see your name as
retired, I could of remained in the service after the
war and been a gentleman the balance of my life.
I enlisted in D. Co 18 Infantry and served 3 years in
California and was honorably Discharged on the
day of August 1869. I enlisted in Buffalo N.Y.

God bless me belong to the Gallant 5 Army Corps. I suppose
you remember us. Oh Dear Old Comrade if you could only
assist is just a little in coming north to Phila Pa
how happy I would be it would be the happiest time
of my life. My wife and I belong to the Methodist Church
here. I am getting so blind I can not see to read
an old bible. My Dear old wife has to read it for
us. Comrades if you could not assist us in coming
north. Could you send your me a few Dollars. that
I could buy us some medicine and some clothes
and shoes. I have a friend one Heame by name to
assist us in coming north, and I believe he will
do it. Well Dear Old Comrade, will you please to
send me for some things such a letter. I am nearly able
to sit up, while I write you these few lines. I have
a Sabre Cut on my left arm that I received at
Antietam Md, in September 1862, and wonder scars

The first part of the paper is devoted to a general
 discussion of the problem. It is shown that the
 problem is equivalent to a problem in the theory
 of functions. The second part of the paper is
 devoted to a detailed study of the problem. It
 is shown that the problem is solvable in the
 case of a certain class of functions. The third
 part of the paper is devoted to a study of the
 problem in the case of a certain class of

Dear General Howard:-

I have just received yours of 27th, inst. The manuscript has not yet come to hand but will doubtless be here to-morrow. I shall be interested in reading it, and will bear in mind your suggestions about making changes. I fear, however, that I shall not be able to take it up for at least a fortnight, for I am just on the point of going away for a short vacation. I will look it over very carefully and you will hear from me soon after my return.

You may retain Col. Dodge's book just as long as you like, for a dear friend loaned it to me and all he cares for is that it is returned to him sometime.

You speak of coming to Hartford. I shall be very glad to see you here at any time and I want you to do us the great honor of stopping at our house. Please do this. We are only a few miles, by trolley, from Dr. Twitchell's daughter, Mary, who frequently comes to see us, and it would be pleasant for you to run down and see her while here.

I am glad to know that the book is practically done and I anticipate great pleasure in reading it critically. Meantime believe me,

Very sincerely yours,

A. D. Worthington

Dear General:

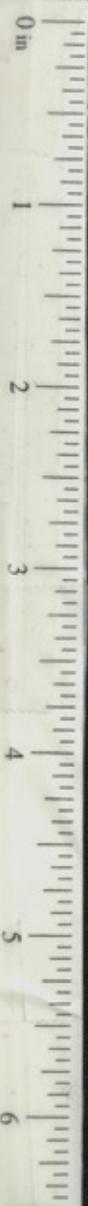

We expect to dedicate a very fine new building for our Young Men's Association, September 17--22. This is one of the finest plants of its kind in the country and has been erected at a cost of about \$100,000. On behalf of the membership, the committee in charge of arrangements and the citizens of Springfield generally, it gives me great pleasure to extend to you a most cordial invitation to be present with us during the days of dedicatory services. The people of this city are deeply interested in our movement and the Advisory Committee is composed of such men as ex-Gov. Asa S. Bushnell, Gen. J. Warren Keifer and others. It will be a personal gratification to these gentlemen if you will arrange to be present with us during as much of the time as possible but particularly on "Patriotic Day", September 20th, and for a banquet, at which we should like to have you as a guest of honor, on September 21, and "Association Day", September 22d, at which times we desire to place you on the program for addresses. I can assure you an enthusiastic welcome, magnificent audiences and a wide door of usefulness for our Lord and Master Jesus Christ.

Trusting to receive, at an early date, a favorable reply, I have the honor to be, General,

we were very glad to know

There are several places

things in better style

you than we but we are
very glad to have you

will do what we can to

make your stay pleasant.

Ella's wedding is to be the 14th and Centennial the 15th

Now when do you plan to come? How many are coming with you and how long do you plan to stay?

Would be very glad to have you stay a week if you could.

I think we can entertain five or six very nicely so when I find out how many of you there will be I can then tell how many others I can take.

We are all well. Papa is through haying and getting ready to cut his oats.

We want your family to come here with you

if you feel that we have things stylish enough but if not we shall have no ^{hard} feelings about it.
