

JOHN COLEMAN PICKARD, of the Class of 1922, son, grandson, and great-grandson of members of the Governing Boards of the College, he himself has served since 1952, first as an Overseer, and since 1961 as a Trustee. On graduation he entered the services of the E.I. DuPont deNemours Company and served it in Arlington, New Jersey, New York City, London, Niagara Falls, Los Angeles, and Wilmington for thirty-three years. Ever active in the affairs of the College, he is a past President of the Bowdoin Club of Philadelphia, a former Member-at-Large of the Alumni Council, and in 1963 the recipient of its Alumni Service Award. A generous benefactor of the College, he has given freely of his time, judgment, and imagination, as well as of his resources. He has a deep understanding of the heart of the College's operation, an understanding he has furthered by close attention to the problems entrusted to him, by wide reading, by careful preparation for meetings, and by endless hours spent on the campus itself. He is currently Chairman of the Boards' important Committee on Grounds & Buildings and is a member of the Committee on Academic Programs and Appointments. For your devotion, your understanding, and your contribution to the Bowdoin of today, we honor you today:

Honoris Causa, DOCTOR OF LAWS
