

THOMAS CURTIS VAN CLEVE, Thomas Brackett Reed Professor of History and Political Science; the last active member of the faculty appointed by President Hyde; a native Missourian; graduate of the Universities of Missouri and Wisconsin, an historian in the broad sense, albeit a medievalist of no little note; devoted to Bowdoin throughout his long and illustrious career; his army service in two wars completed with rank of colonel proves him far more than an ivory-towered scholar. The College is delighted to honor him who has so long honored it.

Honoris Causa, DOCTOR OF LETTERS
