

## ADAM JAMES WALSH

Adam James Walsh, for 18 years the head football coach at Bowdoin College, you brought your personal standards of fair play, hard work, and gentlemanliness to generations of Bowdoin athletes. Sixty years ago you were the captain and AU-American center of one of the most acclaimed teams in football history, Knute Rockne's Notre Dame team that boasted Four Horsemen and Seven Mules. As a coach of both professional and college teams, you made the sport a joy for players and spectators alike.

You had a second career as a United States Marshal in the District of Maine, and your active involvement in civic and political groups in the State included two terms as a member of the Maine State House of Representatives. Today we honor you for your teaching, for your citizenship, and for those years of devotion to Bowdoin.
