

Miss Chamberlin

Permit me to apologise for my
neglect, or inattention for not calling on you this
time around. My breast is full with your
charms & my heart beats quick at the thought
of having an acquaintance with so amiable a person
I long to bring you presents that I may have
told of and hope to convince ^{you} that I love you
I will just mention that I received your letter the 19
of Sept & you may better judge then I express
the pleasure I had in reading the contents
I just mentioned this last my my letter of
date miscaid. I will call very soon for when
my mind is I wish to be also I will just scribble
on the cause of my not being here the 9th of
this month which was caused by my having my
coat, on Monday Tuesday being very wet
reveler it ~~was~~ impossible for me to get
it taken care of to fulfill my promise

My health is tolerable & my
mind constantly with you
