Hartford, July 7th 1857.

To Mr Chamberlain

Dear Sir
Your letter is at hand. Our folks think
that they had not best send me to
the Metopedia until the weather is
a little warmer we will send
you some money at any place
when you can get it I have just
returned from an absen of several weeks
in the west or would have assumed
you better sooner after you get some
money to pay up to this time than
then so that they will be as usual
as possible perhaps you can use the
money you have with you at Metis
& get you at Leebie on your way
home

Yours Respect fully
Geo. B. Dyer
