Grand Forks, North Dakota

Gentlemen:

Will you please send me clippings of the accounts in your papers of V. Stefansson's lectures announcing that he has planned to leave on an expedition next spring to locate an undiscovered continent in the North. As a scientist detailed to do research and exploration in the northern part of the Arctic Archipelago next year, I am eager to know more of Mr. Stefansson's plans.

Thanking you in anticipation of your attention to my request, I remain

Very truly yours
