

Augusta Me. July 1 1852

My dear Howard -

I promised to let you know when I came to Augusta so that we might arrange a meeting - I came today and now why cant you come out to Hollowell Saturday and stay over Sunday and two or three days - then you know you can come up here or I can run down to Hollowell any time - You will find me, in Augusta, at the Rev Alex Burgess' house - So whose care please direct a letter to me immediately, provided, that is, that you cant come yourself on Saturday - But see you I must soon if I have to come out to Leeds for that purpose - I want you however to come here, as my sister who is spending a week here with me wishes to see you very much - At all events write immediately on the receipt of this telling me when and where we can see each other - and for the present - adios -

Yours very truly
