My dear Sir. Please accept
my thanks (& you will certainly
have those of our readers) for
your very interesting & valuable
letter which will appear in
this week's Observer. It con-
tains a great amount of
information which will en-
courage the hearts of Chris-
tians & which I trust will
lead to more earnest prayer
on behalf of those who are
called to bear arms in de-
fence of our common country.
The information too relates
to a class of which little
is known of a vile & char-
acter among Christians generally.

As you did not expressly
authorize the publication
of your letter in full I have
omitted the initials but
published the letter entire

I will forward you several
copies

Yours very truly
W D Prime.

Dear Otho

I received your Card
on my return to New York and
was sorry not to have seen
you or Lizzie but I did not
get back as soon as I expected
and since then have been
very busy getting the Lucy
Darling ready for sea & I
should have been up to see
you. I go this evening to
Boston and shall be back
Tuesday morning and shall
sail about the 1st of May
for Nassau. I should like
much to have Charles go out
with me but think with you
it is rather late in the season
for him to enjoy the trip
or to benefit his health as

It will be very warm in
Messau when I am there

I got a letter from Sarah
yesterday she said she hoped
Whetles would come out and
visit them but thought they
would not want a teacher at
Inagua for less than a year

With much love to Lizzy
and the Children and Charles
I remain your affectionate
Cousin

Perry

As told Miss Gray I will
not be able to make that
visit to Katsapaia this trip
but I will try and spend
one night with you before
I sail
Perry

Dear Cousin Otis

I hope you will excuse me for this intrusion when I say to you I have been thinking of some time writing you and enquiring for your Brother Charles Henry who I suppose has been spending the winter with you, (but do not ^{know} certainly) and desire you to give him my respects and say to him ^{when} he returns to Maine I wish him to come and spend some time with me on his return - which would give him an opportunity of seeing and hearing whatever might be of interest to him - How is his health? I have not heard a word from your Mother or Uncle

Enigma for a long time.
These write me all you may
know of our Maine friends
I have written Laura Ann but
have had no answer - I have
had a letter recently from Maude
Jane - Fenclison Warren and
Martha Martin - also one from
Perry Lee ~~and~~ Adeline Martin
and the Sargent and Sarah -
all of the above mentioned
were well together with their
families - Perry Lee was here
to see us a week since - He
appeared carefree and en-
ergetic notwithstanding his ill
fortune - My family are all
well - Oluf remains in the
same drug store where he has
been for a long time - Bradman
with his father, Lester goes
to school - I suppose Grey
has got to be quite a boy in size
and mind for I hear you are
a Maude's Father - No doubt you
have more time to ~~spend~~ devote

for the interest of your children
than most of Parents - your little
girl I have never seen but
I hope when you visit Maine
with your family you will
take the trouble to come
and spend some time with
me - I should enjoy a visit
from you and would endeavor
to do all in my power
to make it agreeable to your-
self and wife to whom give
my best respects and kiss
the children for me (I would
like to do it better myself however)
Now to come to the point I
have moved, a short distance
from where I lived when you were
here - we have a large conven-
ient and airy house, plenty of
room to make you and all your
family comfortable without in-
convenience if you will take
the trouble to come and see us.
I will give you directions that
^{you} may have no trouble in finding
