Major Gen O.O. Howard
Commissioner Freedmens Bu.
General

I have the honor to transmit to you a communication from Capt Deitz. I would earnestly recommend Capt Deitz
to be retained in the Service and assigned to duty in the Freedmen's Bureau and made superintendent of
Freedmens affairs in the Counties of Jefferson and Berkeley with Head Qrs. at Harpers Ferry. The Captain is
well qualified for the position and there is great need of such an officer. There is a large number of freedmen in
this locality and in view of the bad animus toward them there is a pressing necessity for a Sterling man to look
after them.

I would further state that in view of the great paucity of officers in this vicinity and the amount of duty to be
performed consequent upon the many detachments into which the few troops are divided that another suitable
officer is scarcely available.

Guards have recently been ordered by me for protection of your agents at Charlestown and Martinsburg West
Va and there appears to me to be an immediate and pressing demand for the labors of an efficient Asst.
Superintendent of your Bureau.

You will please therefore to secure the appointment of Capt Deitz and send to him requisite orders and
instruction.

I have the honor to be

Sir:

I have the honor to state I have been detailed by an Order from War Dept., Freemen's Bureau, as
Superintendent of Freedmen's affairs for this station and vicinity. Said order was referred to the Adjt Genl of the
U.S.A. For the purpose of having it, if permissible, approved retaining me in service (as my Regt has been
mustered out) when relieved as Asst Com Musters, said order has not yet been received. In the meantime
orders have been issued that all Officers retained as Musterling Officers will muster out. It is respectfully asked
which I shall do in the dilemma these conflicting orders place me. shall I remain here for further orders from the
War Dept or shall I proceed to muster out?

My very dear friend, Gen. Howard!

Last week I was the happy recipient of a picture that gladdens our eyes whenever we enter our little parlor! I wrote to thank your brother for it, as Genl Fresill said he has sent it. No matter from whom it came, it is equally acceptable.

Another proof your goodness came to make us very happy last night. Mr Ryder the father of the boy about whom I wrote you some months ago, came to tell us his son was “ree”once more! His voice was husky with emotion, and his eyes overflowed many times. The boy had had a leave granted him on the 18th inst & was home five days, & when he parted from his mother he was so broken down that she said “Iky, I feel as if you would find your discharge waiting for you when you get back!” She saw a sad smile flit over his face for he had no faith, although the Army had written to Preston King two days before & Mr Nelson was going to do several things, but when Iky returned to his post he found his discharge had arrived the day after he left! He flew home wild with joy & came to see me but I was in N. York, but mamma saw him, and made a long preach to him, and he made many good promises, and went home and went to bed sick! Poor fellow it was too much for him! He was seventeen 1st July last, and a wonderful penman they tell me, and has a first rate common-school foundation for an education and “Good” is written, regarding his conduct, on his discharge. I fancy if joy don't kill the boy he will not be a carpenter all his life. I saw in the paper yesterday about the many vacancies in the Cadetships, and almost wished I had the power of placing the little hero among the candidates! His discharge speaks of the battles he had been in, thirteen I <think>. A grand number for such a little red-haired chap!

Now my dear friend, this is the seventh or eight letter I have written to you since the “Surrender of Lee” and have only been honored by one autograph letter in return & that a profoundly formal one in answer to the one about Mr Hedley. Do I deserve utter neglect? I am not quite resigned to it yet! My mother sends her warmest love, while I subscribe myself

Very very gratefully and affectionately
Your friend -

General:

I have respectfully to inform you that by an order of which the enclosed is a copy, I announced the name of the camp of my Battalion (4th U.S.Col. Arty Ky) recently stationed at this Post, to be "Camp Howard" in honor of yourself.

The camp is beautifully situated on the plateau one mile below the town near and overlooking the Ohio river. My men are working with great alacrity, and no little skill in constructing really excellent barracks from the abandoned material collected in the camp of Vol. Troops at this place.

Hoping, Sir, that you will not consider discourteous this use of your name without first asking your consent and that it will meet your approval.

I have the honor to be,
Very respectfully

General

I desire to renew to you in writing the desire I expressed to you at my interview with you here to be transferred to Florida.

In my original application for detail in the Bureau I asked to be sent to that state, and I still urgently desire it. My health is not good here, and would be much improved by the change. I intend, when mustered out of the service, to make Florida my home and by taking a plantation, show how the experiment of free labor may be made to succeed in the South. One assistant from the Invalid Corps has already reported here who can fill my place in Colonel Brown's office, and another can be obtained if required. Finally, General, if four years constant service in the field have given me any claim upon the consideration of the Government, I have that claim.
